THE Undersigned, Proprietor and Publisher of Descriptive Maps of the Populous and Wealthy Counties of Norfolk, Oxford, Devon, Hants, York, and Ontario, all of which have been favorably noticed by the City and County Press, proposes to publish, drawn to a large Scale as 6 miles to 1 inch, TOPOGRAPHICAL, STATISTICAL, AND ILLUSTRATED

Map of Upper Canada, Exhibiting the Great Lakes, Harbors, and Ports; Canals, Rivers, and Principal Mill Streams; the Railways, Railway Stations, and Stage Routes in connection, the Post Offices, Money Order Offices, and Telegraph Stations, as shown on the Map prepared by order of the Post Master General, by John Devoe, Esq., Post Office Inspector; the general Boundaries, the new District of Algoma, Counties, Townships, County Towns, and most direct Roads connecting them; the Population of each City, Town, Township, and Incorporated Village in the Province; and other important and appropriate information, compiled from the census and statistical returns of the present year.

By well executed Views of the Cities of Ottawa, Kingston, Toronto, Hamilton, and London; a View of the Falls of Niagara; and a View of the Niagara Suspension Bridge, accompanied by a description of it, with a view of the Queen's Bridge and Brock's Monument. Also views of Provincial Buildings, the new Houses of Parliament, the Normal School, and the Lunatic Asylum, Osgoode Hall, Trinity College, and the Toronto University, the first and by competent Judges to be the finest building of its class in America.

IF ENCOURAGED. To accomplish this important work, the map (now) including a border formed by a table, at least 6 feet from East to West, by 4 to 4 1/2 feet from North to South) will be completed there, in four one and a half to three years.

IN ANTICIPATION. Of a general patronage, the price has been permanently fixed at \$5.50, payable (only) on delivery of the map in good order and condition, but no money collected, until the map is delivered. Put up for the pocket at \$5.50 to \$6.00.

GEO. C. TREMAINE, Publisher, Toronto, January, 1861. THE BEST MAP WILL WIN!

The Undersigned proposes also to publish an Edition of the above map without the engravings or tables, with that part of the Province east of Frontenac and Renfrew, placed in the south-east portion of the sheet.

It will be engraved (not lithographed) on Stone, well printed, colored, put on brass, varnished and mounted, and will be furnished to subscribers, for \$5.00, payable on delivery of the map in good order and condition. Put up for the pocket at \$4.50.

ORDERS SOLICITED. With the distinct understanding that if this does not turn out to be a more valuable map than any other published, it does not give any Six Dollar "Compass-Plat" Map (See title of the 5th of February), advertised or offered by those parties from the United States, Thackeray, Brother & Co., then the Subscribers shall not be bound to expect in the map delivered.

GEO. C. TREMAINE, Publisher, Toronto, April 12th, 1861.

"THE LEADER," The "Patriot" and "News of the Week."

The favor with which the "Leader" has been received by the public may be judged by the fact that since its commencement, in July 1852, it has steadily increased its circulation until, in its various editions, it has several thousand more subscribers than any other paper in Canada. Every exertion is being used to make it more and more indispensable for every family in the Province.

THE DAILY LEADER. Published every morning, in time for the early train, at 58 per annum, in advance. It is a large sheet, and contains the earliest and most reliable intelligence that can be obtained from every part of the world.

THE SEMI-WEEKLY LEADER. Published on Tuesdays and Fridays, at \$3 a year, in advance. It contains all the leading matter of the "Daily Leader"; and for parties who do not reside near enough to a Post-office to call every day, this paper will supply them with all the intelligence they could receive from a Daily.

THE WEEKLY LEADER. Published every Friday, and the "Patriot" and the "News of the Week" are published every Wednesday, at the rate of \$1 in advance. These papers are printed on a large sheet, and contain the most important and reliable reading matter of the "Daily Leader." Market reports are particularly attended to in them. These are the cheapest papers in the Province.

One dollar a year is added to each edition when not paid in advance.

TO ADVERTISERS. The terms circulation of "The Leader" makes it the very best medium of publishing notices of any kind.

Rates.—For Daily—4 pence a line, for first insertion, and 1 penny each subsequent insertion.—For Weekly—6 pence a line for each insertion.

Toronto, Jan. 23rd, 1861.

NOTICE. IMPORTANT TO BUILDERS. JAMES GOBBEY, Plain and Ornamental Plasterer, will execute any orders in the above line on the shortest notice and the most reasonable terms. Orders received at the Arthur P. O., Arthur, 20th January, 1862. 50-ly.

EXCELSIOR!! Special Notice to our Readers. WHEN (just twelve months since, Mr. Stratton succeeded Mr. Luth in the proprietorship of the "Fergus Dispensary," and announced his intention of opening in Fergus a Drug Store which should rival the Grandest Drug Establishments of Western Canada—which the first-class Drug Houses of Toronto and Hamilton might equal, but could not surpass—there were not wanting those who received the statement with some amount of incredulity, while others, again, doubted how far the experiment, if carried out, would be successful.

A year has passed, and these promises have been redeemed. Fergus now possesses a Drug Store on which, in every respect, there is no equal in the Province. From the most important article down to the most minute item, nothing is absent, nothing is wanting. Every Drug, Medicine, or Chemical which Science has made known as a remedy for man or beast may there be found. All the other departments of the business are proportionably complete; while in the General Department it is admitted by all that H. Stratton has done more to break up the monopoly in Stone Goods, and to reduce the price of Groceries, Stationery, Oil, Colours, and the like, than any other individual in the Town.

In announcing the removal of the Fergus Dispensary to more extensive and commodious premises in the Province of Water Block, (near the Post Office) it is the grateful duty of the Proprietor to tender his sincere and hearty thanks for the encouragement he has met with, and the liberal patronage he has received, during the past year. He offers his most cordial and sincere assurances that his whole time, his most careful attention, shall be still devoted to the service of his patrons; his sole aim and object shall be their advantage and their approval. Now that he has removed to his present extensive premises, his stock and general arrangements are now a portionally increased scale, and he ventures very respectfully to assure a proportionally increased support, promising that those who have not hitherto called, shall in no respect have occasion to regret their choice. A first-class Dispensary, in any town is like a first-class Hotel, at once a symptom and an earnest of the progress and prosperity of the place. It is, therefore, nearly to be hoped, now that the residents of Fergus, Elora, and the surrounding districts have an opportunity of supporting an enterprise and investing their money in a branch which they will preserve the advantage of carrying on their support to distant and rival towns. As in those who, from a kindly and generous spirit to Guelph or other places, all that can be said is that they will simply waste their time, trouble, and money. H. Stratton does not solicit patronage in any branch in which he is unable to offer advantages equal to any of the Guelph merchants.

FEATURES PECULIAR TO THIS IS. 1. FARM MANAGER. A very highly qualified and experienced physician, who may be consulted FREE every Saturday morning, from 11 to 1 o'clock. (Also at all other times on moderate terms.)

2. DISTRICT DISPENSARY. The formation of a separate department for the preparation of medical prescriptions and receipts, under the personal superintendence of the proprietor, affords a guarantee of greater accuracy and security in this important department than can possibly be obtained in those establishments where a department requiring so much care and individual attention is mixed up with the general business, and but too often conducted by persons whose education in chemistry and pharmacy has been of the most imperfect description.

3. PERFECT COMPLETENESS—in every branch. Too much importance can scarcely be attached to this consideration, in an establishment like the Fergus Dispensary, where may be found an abundance of every Drug, Medicine, and Chemical recognized by the Medical Faculty, as well as the most perfect and reliable of the most often dangerous substances, which are prepared at inferior establishments, where, from the comparatively small numbers of prescriptions sent to them, it is not possible that one prescription in a dozen can be prepared with perfect accuracy. Fergus Dispensary, July, 1862.

From the success attending his efforts to Establish a Large Trade in Fergus, he is now enabled to purchase in such quantities from the Manufacturers that the Retail Price at the Fergus Boot and Shoe Store this year is in no one Article more—and in many less than the usual Wholesale Price. Look at this—

Men's Fine Calf Boots, warranted, \$3.25 per pair. Men's Double Soled Calf Boots, warranted, \$1.25 " Men's Fine Calf Gaiters, warranted, \$2.25 " Ladies Fine Fannella Gaiters, \$1.00 warranted. Kid " " " " \$1.00 warranted. Fannella Elastic Gaiters, \$1.00 warranted.

Space won't allow of an extended list, but please observe, if you pay more than those prices for your Boots, you throw away so much Cash—and mark, I repair all unreasonable failures Free of Charge.

Do not be deceived by all Opposition.—Notwithstanding, I am bound to keep The Fergus Boot and Shoe Store what it is now, viz.—The Largest, the Cheapest, and the Best Boot and Shoe Establishment in the County of Wellington. Every Person know the Address—
