On Sept. 4th, an auction sale of 45 head of Aberdeen-Angus cattle from the herd of Mr. W. S. Ferguson, of Kinlochry, Coupar-Angus, Scotland, resulted in good prices being obtained, the whole number averaging £24 6s. 3d., the highest price being 53 guineas for Mistress Nellie.

J. R. JOHNSON'S CLYDESDALE SALE.

On Thursday, October 25th, as advertised in this paper, Mr. J. R. Johnson, of Springford, Ont., will offer at auction, at the Royal Hotel stables, in the city of Woodstock, 21 imported mares and fillies, carefully selected by himself from leading studs in Scotland, their lines of breeding showing them closely related to the best sires of the breed in the Old Land. Four of these are three-year-olds, thirteen two-year-olds, one five-year-old, and three yearlings. Inspection of this importation is invited, as Mr. Johnson is confident they will satisfy those looking for first-class individuals. The place of sale is convenient of access and for shipping. The date is after most of the fairs are over, and the outlook for a good demand for the best class of heavy horses never was better. All interested will do well to send for the catalogue and plan to attend the sale, which promises to be one of the most interesting ever held in Ontario.

WAS THE WINNIPEG INDUSTRIAL A SUCCESS?

It is rather remarkable that this question should be asked, but for the sake of those unable to visit the fair, or who were doubtful as to whether there would be improvement over previous years, we have no hesitation in saying that it was successful.

Success is too frequently measured nowadays by the standard of financial success, and while, as already hinted at, that is not a true standard, yet, even by it, the 1906 Industrial was more successful than in previous years. The office expenses were reduced two hundred dollars; and while the 1905 show started with a surplus of thirty-five hundred and finished with a deficit of seventy-five hundred, a total loss of eleven thousand dollars, the show of 1906, under new management, made a profit of six thousand two hundred, or, in point of fact, beat the 1905 fair by over seventeen thousand dollars. The show can yet be improved. We do not believe that the management claims to be perfect, but there is a good lesson to be learned from the change which other shows might profit by.

Imprimis, the show was clean, and, for the first time, showed a surplus by earnings. Next, the prizewinners were able to get their money before leaving the grounds. While the attractions cost \$23,000 in Winnipeg in 1905, the Minnesota State Fair, a bigger show, got off for three thousand less. Other years, the exhibition management ran after the race-horse men—practically gave them free entry to the races—charging only the winners the customary five per cent., whereas this year all paid five per cent., and the winners five per cent. extra, and we believe such a course right, and that it ensured better races. The success of the fair, then, means larger and better prizes for exhibitors, better entertainment for visitors and a better brand of music. Under the present management, continued improvement can be expected despite even the attempts to vilify by some few local papers, whose editors have openly expressed themselves as being anxious to down the present management, because a few timely economies were introduced. A proper sense of decency and patriotism ought to tell such misguided chaps that a clean, successful fair is better for the country than the reverse. Fortunately, the bulk of our local confreres are above such tactics, and stand for the best traditions of the fourth estate.—[Farmer's Advocate, Winnipeg.]
