The hot weather months are an anxious time for all mothers, but particularly for young mothers. They are the most fatal time of the year for babies and young children, because of the great prevalence of stomach and bowel troubles. These come almost without warping and often before the mother realizes that there is danger the little one may

Debt to Christianity.

The death occurred of Miss Eliza-beth Viola Cosgrove, youngest daugh-ter of the late Jas. Cosgrove and Ellen Quinn, in the twentieth year of her age after a lingering illness at the Montreal General Hospital. She was born in the parish of St. Anicet at which place the burial took place after a solemn requiem mass 'cele-brated by the parish priest, Rev. Father Neveu. She leaves to mourn, their loss her sister Miss Clara Cos-grove and many relatives. The marvellous development of our modern civilization is due, no doubt. modern civilization is due, no doubt, largely to Christianity, but to Chris-tianity of the theological type. The apostles of the nations, like Paul be-fore Festus, dared to talk of judg-ment and justice and the world to come. They did not wink at the doctrine of the Resurrection. They did not overmuch emphasize the li-tereut of energy and the construction.

the not overmuch emphasize the li-terary beauty of the Gospels, but they did impart to their listeners a definite conception of the figure of Christ as the Son of God and the Judge of men, and when they had to enforce their teachings they found no better the second s Judge of their, and they found no enforce their teachings they found no better armoury than the Gospels. What any man in times gone by who has wrought well for civiliza-tion and for Christianity-were he Patrick among the Gaels, or Remi-gius among the Franks or Augustine among the Franks or Boniface among the Frisians, what any of these, or no matter who else, would
