Allen's Lung Balsam! Is the great modern remedy for Coughs, Colds, Consumption, Asthma Croup and Bronchitis. It is recommended by Physicians everywhere, who are equainted with its great usefulness.

Dr. A. L. SCOVILL, of Cilcinnatti, Ohio, says:

"I have witne sed its effects on the young and the old, and I can truly say that it is by far the best expectorant remedy with which I am acquainted. For Coughs, and all the early stages of Lang complaints, I believe it to be a certain cure: and if every family would keep it by them, ready to administer upon the first appearance of disease about the Lungs, there would be few cases of fatal sonsumption. It causes the phlegm and master to sic with tion. It causes the phlegm and matter to rise without irritating those delicate organs (the lungs.) and without producing constipation of the bowels. It also gives strength to the system, stopa the night-sweats, and change: all the morbid sections to a healthy state.

We will here quote word for word from letters recently received, simply ad ing our ts stimony to the rest in saying, that when this plant is properly prepared, we know that it POSITIVELY CURES CONSUMPTION, and will break up a fresh cold in treastrant form hours.
