

G.G.G. BINDER TWINE

Full 550 feet to every pound--the smooth even cord that works best in your binder. This length gives you 10 per cent more value than 500 foot twine.

This is not a job lot picked up for emergency sale. It's the genuine G.G.G. brand--part of our regular order, made specially for us by one of America's biggest twine manufacturers and guaranteed to be equal to any 550 foot twine on the market.
