## TO THE FISHERMEN:--

**"THE COAKER" Motor Engine is the favorite Engine with the Fishermen.**  
**A Motor Engine made for the Union Trading Company by the largest Motor Engine Manufacturers in America.**

THE FAMOUS 6 H.P. COAKER ENGINE.

THE "COAKER" 4 cycle can be operated on half the oil consumed by a 2 cycle engine. This Engine's power is equal to double the power of some 2 cycle engines. It is made for the fishermen's use and expressly for Trap Skiffs and large size Fishing BULLIES. It is sold to Union members at wholesale prices, all commission and middlemen's profits being cut out. We have them on exhibition at our wharf premises; we carry parts and fittings in stock. We guarantee the Engine. Write for particulars and terms, applying to Chairman of F.P.U. Councils concerning this Engine. We confidently recommend the Engine, as being of the very best make and material, of being exactly what is needed for the fishermen's use and **GUARANTEED TO GIVE SATISFACTION.**

It is above all durable, simple and capable of doing heavy work, it is not a toy engine. The Engine starts on gasoline, and when started operates on kerosene oil. The very latest improvements on Motor Engines will be found on the "COAKER." The man who buys a "COAKER" Engine from us saves \$50.00 on a 6 H.P., \$80.00 on a 8 H.P. and \$40.00 on a 4 H.P. Engine. We have the 4, 6 and 8 H.P. Engines on exhibition at our premises. We also sell 12, 16 and 24 H.P. "COAKER" Engines; all 4 cycle make. Send along your orders for spring delivery. For full particulars, prices, etc., apply to

**Fishermen's Union Trading Co., Ltd.**
