## SUFFRAGETTES

### Get Into the Kew Horticultural Gardens and Destroyed Many Valuable Plants and Hot Houses.

(Courier Leased Wire).  
LONDON, Feb. 8.—Militant suffragettes destroyed many valuable plants and other damage in the hot houses of the Kew Horticultural gardens during the early hours of this morning when they developed another part of their plan of campaign to force the British Government to give the parliamentary vote to women.

It is believed a number of women hid themselves in the gardens overnight for this morning long before the day staff came on duty it was found that a large number of rare orchids had been uprooted and scattered in all directions. Thirty panes of glass in the orchid house had been broken and the total damage is estimated at from \$4,000 to \$5,000. When the nightwatchmen had made their rounds at 1 o'clock in the morning everything was still in good order and the women must have laid their plans well before-hand in order to find hiding places, where they could be in security. No trace of them has since been found.

The window smashing raids also continue in London. Two immense windows in an establishment in Oxford street, which has heretofore been immune because of the proprietor's contributions to the women's funds were broken during the night. The postal authorities to-day issued a notice that there would be delay on all telegrams despatched from the south to the north of England as the result of the cutting of telegraph wires in the provinces by the suffragettes yesterday.

## "CSACARETS" FOR A SICK, SOUR STOMACH

GENTLY CLEANSE AND REGULATE YOUR STOMACH, LIVER AND BOWELS WHILE YOU SLEEP.

That awful sourness, belching of acid and food gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, feeling of fullness, dizziness and sick headache, means a disordered stomach which cannot be regulated until you remove the cause. Try Cascarets; they immediately cleanse and regulate the stomach, remove the food undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the intestines and bowels. Then your stomach trouble is ended. A Cascarte tonight will straighten you out by morning—a toe, box from any drug store will keep your stomach sweet, liver and bowels regular for months. Don't forget the children—their little insides need a good, gentle cleansing, too.

**LAURIER'S FUTILE SCHEME**  
The futility of the Laurier scheme as outlined in the Navy Act of 1911 has been vividly demonstrated by the prepared by the Naval Service department, which show that the cost of outfitting the ships was out of all proportion to the benefits received, and that the recruiting of Canadians was a costly one, especially when the recruiting of Canadians was concerned there was little result.  
The experiment of the Government in the navy quest has been a costly one, especially when the recruiting of Canadians was concerned there was little result. The experiment of the Government in the navy quest has been a costly one, especially when the recruiting of Canadians was concerned there was little result.

The total amount up to date on the naval service, estimated what will be spent this year \$4,273,473. Save for the cap a few foreign fishing craft in Columbia waters, that were within the three mile limit, has received little or no return this expenditure.  
In the present naval department Laurier should man the ships contributed to England, tried to score against the Government on that account. But the number of Canadians who have on the side of the Act contrasts what sharply with the Laurier's case in recruiting young men for the naval service.

A representative from the time provinces in the person, Hon. William Pugsley, state many thousands of Canadian serving in the United States because there was no opportunity to do so in their own country. Official figures prepared by the Canadian Naval Service Department another tale. Taking the figures from the provinces they show the 10 Canadian enlistings under the act; Nova Scotia 162, Brunswick 5, Prince Edward 19, Quebec 14, Ontario 113, 1901, Saskatchewan 2, Alberta 1, British Columbia 32. The 10 to December 15th, has been 100 officers and men. During the period 64 English officers, a men have been employed on ships.

**THE BRITISH MILITARY SUFFRAGETTES**  
Women are supposed to be of consideration and tend to be in the main, but together.  
What man, for instance, is around with the skin of a dead animal, or carry a row of things on a muff, or stuff his feathers, often plucked from with much cruelty.  
That brings to mind the story of the boy who was seen by a sionate woman when he was a bird's nest.  
To him she exclaimed, "Oh naughty little boy! Just think poor mother's feelings who comes back!" To which the personage made answer, "you've got the mummy in your hand." And perhaps there could be a better illustration than this of the perplexing feminine disposition.

In the Old Land the military suffragettes are giving a constant tradition of the future and tendencies of certain women they think they have a which is paramount to property interests and individual rights. At this distance, it looks as should be treated just as men be under like circumstances.

If they do want equality in the matter of voting, they expect equal treatment with the matter of punishment for wrong-doing.
