ventions in Styles of Human Hair
Coverings, Wigs, Bangs, Switches,
etc., and inspect his new patent struc-
ture.

THE ABSENT-MINDED BEGGAR

A gallant member of the 24th Regimental Band stood on the platform waiting for the train. Soon a couple of Chatham's noted beautiful maidens appeared on the scene and the gallant was soon engrossed in conversation. The conversation was so interesting that the conductor had called "all aboard" and the train had started for Erieau before the brave lover knew it. He caught the train. He arrived at the Eau.

"Where's my horn?" he asked of a fellow bandman. "How should I know?" was the rejoinder. And then the gallant remembered he had left it on the platform at the railway station at Chatham.

An evening's observation tended to prove that horns might be forgotten on purpose.

ORANGEMEN ON PARADE

The Local Lodge Attends Divine
Worship at the Baptist
Church.

A Splendid Service by the Rev. J. J.
Hoss From the Text "Touch no
Unclean Thing."

The Orangemen, about one hundred
in number, attended divine service at
the William St. Baptist Church yester-
day morning. The procession,
which was formed at the lodge room
over Gordon's store, was headed by
the 24th Regimental Band 25 strong.

Rev. J. J. Hoss occupied the pulpit
and preached an excellent sermon. His
text was "Touch no unclean thing,"
and his subject was "Biblical Puritan-
ism."

Before his sermon he spoke a few
words of welcome to the assembled
order on behalf of the members and
officers of the church.

"I may consider myself honored,"
said he, "as this is the second time
since I came to Chatham that I have
been requested to speak to the Or-
angemen. I have made a study of the
laws and rules of the Orangemen, and
I find that your principles are of the
best. William of Orange, the founder
of the order, was a great Bible stu-
dent, and one of the things which
prompted his principles was puritan-
ism."

In concluding his sermon he said:
"The date of your annual celebration
is drawing near at hand, and I hope
that those who are inclined to be in
the majority with those who get
drunk will remember my text, this
morning and touch no unclean thing."
The music by the choir was excep-
tionally good. Special mention should
be made of the quartette. The music
was as follows:-

Anthem, "Why Sinks my Soul De-
pendent," Danks-Choir.

Quartette, "When I See the Blood
I will Pass By"—Mrs. James, Miss M.
Oldershaw, and Messrs. Reeve and
Side.

John Oldershaw, of Loyal Orange
Lodge, No. 1041, acted as master of
ceremonies.

DISAGREE

The Reports of the C. P. R. Company
and the Striking Trackmen Cen-
tury—Both Sides of the Story.

Toronto, July 6.—Highly encourag-
ing reports were received to-day by
Chairman Wilkinson of the local com-
mittee of the Canadian Pacific Rail-
way striking trackmen, on the situa-
tion of the struggle. The latest re-
ports received by Mr. Wilkinson state
that from Toronto to Montreal not one
man has returned to work, and that
the strikers are standing together.
From Toronto to the west the men
admit that a number have gone back,
but their action in returning has not
injured the cause. Several of the
strikers claim to have been called
upon and asked to go back by repre-
sentatives of the company, but would
not. The strikers in Toronto are hold-
ing out to a man, and declare that
they are out to win now as much as
they were when the strike commenced.
On the other hand, Superintendent
Timmerman, of the Canadian Pacific,
said to-day that with one or two
exceptions all the old hands of the
striking trackmen on the section north
from Toronto to Owen Sound, and west
to Detroit, are back to work again,
and that so far as these two sections
of the system are concerned, he re-
gards the strike as all over.

C. P. R. DESPATCHES.

Toronto, July 6.—The strikers' com-
mittee here authorized one of their
members, a section foreman, to re-
turn to work to save his position, as
the Canadian Pacific was about to fill
it, and all other sections of this
neighborhood had been fully manned.

Montreal, Q., July 7.—The third
week of the strike of the Canadian
Pacific trackmen has ended with re-
sults very much in line with the com-
pany's expectations. The Ontario and At-
lantic divisions have practically a full
force of trackmen at work, with flying
gangs here and there. On the other di-
visions the company has considerable
gains during the last week. The bro-
therhood rules do not permit of any
calls on the funds of the union during
the first two weeks of a strike, as 99
per cent of all strikes are settled
within that time, but after that the
strike allowance usually begins. The
third week being up, several applica-
tions for strike pay were made on Sat-
urday afternoon by striking foremen,
but without results. It was given out
before the strike began that the
trackmen's association in the United
States had a reserve fund of \$350,000,
which would be available for the
striking men on the Canadian Pacific
and Maine Central, but in reply to the
applications for strike pay Mr. Wilson
and the Montreal committee either re-
turned the answers or made no an-
swer at all. The members of the com-
mittee are drawing five dollars a
day and Mr. Wilson has a comfortable
salary, but the strikers, especially
those who families, think it hard that
they should get nothing, and many,
if not most of them, feel that it would
have been better if they had accepted
the \$100,000 advance the C. P. R. Co.
has made and remained at work.

The article on the Maine Central has been
called off, although the strikers get
absolutely nothing beyond the advance
which the management put into effect
before the strike was ordered, and Mr.
Wilson is being urged on all sides to
terminate the strike on the Canadian
Pacific and let the men resume work
at the advance made by the company
before he precipitated it.

A WELCOME VISITOR.

We were introduced at The Planet
office, by the proprietor, to Mr. Wm.
Beer, who is a friend of Mr. Suther-
land, of the Sutherland-Lynes Co.
of Chatham.

Mr. Beer is a good type of a cul-
tured Englishman and is now resi-
dent in New Orleans, where he occu-
pies the important position of Librarian
of the Harvard Memorial Library
and also of the Fisk Free and Public
Library. He gave us some curious
facts connected with his official ex-
periences, among the rest, how he was
able to direct a statesman having an
extensive library of his own, where to
find certain documents. Needless to
say, Mr. Beer is a keen book-punter.
He says the climate of New Orleans is
mild and that a man may be
healthy there if he lives properly, he
himself seeming in the best of health.
He has several friends among the as-
tronomers, especially one with the
suggestive name of "See." We talked
about mutual friends, among the rest
our old schoolmate, Sir W. Herschel,
formerly Judge in India and the real
inventor, we believe, of the method of
identifying prisoners by prints of
thumbmarks.—Market Guide.

MIDNIGHT MARAUDERS

Steal a Whole Colony of Bees
From A. E. Fields, of
Harwich.

A Neighbor Says he Would Sooner
Have Carried off a Nest of
Rattlesnakes.

A. E. Fields, Up the Creek, Harwich,
is lamenting the loss of a whole col-
ony of bees. Last night some parties
entered Mr. Fields' orchard, and lifted
all his bee hives—bees and all. This
morning he was amazed to find all
his honey-makers had disappeared,
and, on examination, he found that the
hives had been stolen by two men
whose tracks were quite apparent
around where the homes of the bees
had been. The theft is a surprise to
everyone and one of Mr. Fields' neigh-
bors said that he would sooner have
undertaken to steal a nest of rattles-
nakes than the bees.

her daughter, Mrs. Wm. Rudd, Hughes
street.

Deafness Cannot be Cured
by local applications, as they cannot
reach the diseased portion of the ear.
There is only one way to cure deaf-
ness, and that is by constitutional
remedies. Deafness is caused by an
inflamed condition of the mucous
lining of the Eustachian Tube. When
this tube gets inflamed, you have a
rumbling sound, or imperfect hear-
ing, and when it is entirely closed
deafness is the result, and unless the
inflammation can be taken out and
this tube restored to its normal condi-
tion, hearing will be destroyed for-
ever; nine cases out of ten are caused
by catarrh, which is nothing but an
inflamed condition of the mucous sur-
faces.

We will give One Hundred Dollars
for any case of deafness (caused by cat-
arrh) that can not be cured by Hall's
Catarrh Cure. Send for circulars,
free.

Men's Straw Hat Styles

The hatters have done well this season; brought
out many nifty and becoming styles; and we have done
our part in selecting and assorting them for you. From
boys' up to elderly men's hats there is no gap in the
range and variety. You may pick a straw hat here
with the same satisfaction a robin feels in selecting his
particular cherry from a whole ripe tree.

Boys' straws begin with three sailor styles at a
quarter, a plain, fine, well bleached braid, with polka
dot band, and two mixed braids. These are good and
we have better at various prices up to 75c.

The stock is pretty strong in hats for youth's and
very young men. Same styles as for older folks—with
a little difference—and about any quality a young fel-
low wants to pay for.

For old and elderly gentlemen, there's a special
Manilla hat, comfortably wide in the brim, costs \$1.25.

Customers frankly appreciate our low priced straw
sailors. There's one style in good light bleach with
polka dot band and canvas sweatband that looks like a
mistake at 35c, but that's the price. You see we bought
from the maker, and in large lots. You'll notice a nat-
ty mixed straw in the 50c stock,—a lattice braid in blue
and white with blue band.

At 75c begin the fashionable rough straws, with
plain or figured bands and double brims. Canton straws
range from a popular hat at \$1.25 to a finest sort at
\$2.00.

CENSUS OF MANUFACTURES.

David Carlyle, special agent for the
census of manufactures for Toronto,
has sent schedules to each of the
manufacturers, with a request that
they be promptly filled in and re-
turned.

The form covers the ground pretty
thoroughly, there being 62 questions
in all, and has the endorsement of the
Canadian Manufacturers' Associa-
tion. The questions deal with the
name of the firm, location, year
established, values of real estate,
plant and working capital, persons
employed, and ages and wages of
each, piece-workers, aggregate work-
ing days in year, expenses, materials
used, goods manufactured, and power
owned.

An establishment to be enumerat-
ed as a factory must employ five per-
sons. Cheese and butter factories
will be enumerated under a special
form.

AN INNOVATION

The Rev. R. Sims and the Rev. J. J.
Ross Inaugurate Sunday Service
on the Park.

Rev. J. J. Ross, pastor of the Wil-
liam Street Baptist church, and Rev.
Robert Sims, pastor of Holy Trinity
conducted an open air service on Te-
cumseh park last evening, commenc-
ing at half past eight o'clock.

These meetings will be held every
Sunday evening during the summer
months and are for the benefit of
those who will not go to church, but
who will go over to the park, and lis-
ten to a sermon.

Notwithstanding the severe weather,
fully 300 people attended the meeting
last evening.

Rev. J. J. Ross made a few opening
remarks in which he explained the
object of the meetings. He mentioned
a number of prominent preachers who
had done a great deal of good through
holding open air services. He men-
tioned one man who had converted
1,000 people by reading one verse of
scripture. While he was not anticipat-
ing such large results he hoped that
the meetings would not be alto-
gether fruitless.

Rev. Robert Sims then gave a very
eloquent and practical sermon.

The musical part of the service was
under the direction of Prof. R. J. For-
sythe, the leader of the Christ Church
choir, assisted by Dr. Russell and War-
ren Martin. Deacon Best and William
Sharp also assisted in the service.

The meeting was closed by prayer
led by Warren Martin.

PAN-AMERICAN EXPOSITION.

The Problem of Caring For Those
Who Visit Buffalo This
Summer, Solved.

It has been published broadcast that
Buffalo lacks accommodation for
guests visiting the Pan-American Ex-
position. The statement is utterly
without foundation. It has been a
point of honor with Buffalo, that all
guests shall be accommodated prop-
erly and reasonably. For example, Dr.
Pierce's Free Bureau of Information,
has registered accommodations for
one hundred thousand guests, in the
most desirable homes and best loca-
tions in the city of Buffalo. Every
room offered to guests has been in-
spected. Many rooms have been re-
jected by the Bureau because of loca-
tion or some other unsatisfactory
feature. The rooms offered by Dr.
Pierce include the choicest rooms ob-
tainable in Buffalo.
