Impoverished Soil

Impoverished soil, like impoverished blood, needs a proper fertilizer. A chemist by analyzing the soil can tell you what fertilizer to use for different products.

If your blood is impoverished your doctor will tell you what you need to fertilize it and give it the rich, red corpuscles that are lacking in it. It may be you need a tonic, but more likely you need a concentrated fat food, and fat is the element lacking in your system.

There is no fat food that is so easily digested and assimilated as

Scott's Emulsion of Cod Liver Oil

It will nourish and strengthen the body when milk and cream fail to do it. Scott's Emulsion is always the same; always palatable and always beneficial where the body is wasting from any cause, either in children or adults.

We will send you a sample free.

Atlantic Standard Time is one hour earlier than Eastern Standard Time.

24 hour notation, 24 o'clock is midnight.

OBITUARY

Brief reference was made in our columns last week to the sudden death of Miss Cassie Duff. As stated she had been ill for some months.

At her death she was considered critical but she was improving so much that it was felt she had seen the worst of her trouble, and it was fully expected she would be able to resume her duties as teacher after the Xmas holidays. On Tuesday, (12th instant) she was out a good deal, but did not feel quite as well as she had been for some days previously.

After supper she took a bad turn and at 12:30 passed from time to eternity. Her sister Lida, who was a nurse at the Victoria General Hospital, Halifax, and her brother John R., of the office staff of the Dominion Iron & Steel Co., were sent for and got home Wednesday.

Deceased was a young lady of more than ordinary intelligence, a splendid teacher, and a general favorite with all who knew her. She was conscientious in the discharge of her duties, and displayed that kindness to and interest in her scholars which won her regard and the esteem of her parents as well. Miss Duff will be missed greatly in Crystal Fountain Rebeah Lodge of which she had been a prominent and enthusiastic member.

The funeral took place on Friday afternoon to Auburn Cemetery. Services were conducted in Carmel Church by the pastor, Rev. Robert Cumming, assisted by Rev. W. W. McNair, and the large attendance of mourners from Westville and neighboring towns testified eloquently to the high regard in which deceased was held, and how keenly her friends felt her sad call.

Her pupils of 1904 and 1905 walked in procession ahead of the hearse, accompanied by the Westville teachers, and the members of the Rebeah Lodge, formed in line, clothed in mourning regalia, laid the body in the coffin, and the funeral cortege wended its way to the cemetery where all that was mortal was gently placed at the side of her father, who predeceased her some two years ago. The death of Miss Duff at the early age of 27 years, just at the time when life is the sweetest, is one of the saddest dispensations we have heard of but those who survive mourn not for her who have no hope, and they submit resignedly to the Divine Will. The floral offerings were beautiful and consisted of gates ajar, from the family; broken circle, from Westville School Teachers; anchor, from Librarians of Campbellton School; cross, from pupils of 1904; star also from pupils of 1905; wreath from teachers and pupils from primary and advanced grades, New Glasgow, and cut flowers from George Sutherland and family of Marjory Hope; Mrs. J. W. and Miss Chris Sutherland, New Glasgow; Mr. and Mrs. John M. McLeod, Charlottetown, and pupils of 1905 - Westville Free Lance Dec 22nd.

The deceased is a niece of Mr. Geo. Duff, Tide Head.

XMAS PRESENTATION

A very pleasant surprise was tendered Mr. R. O'Leary Richibucto's enterprising merchant on Xmas Eve. After presenting each of his clerks with a piece of gold and a turkey, the staff filed into Mr. O'Leary's office, and presented him with a handsome pair of Otter Gauntlets, and the following address which was read by Mr. McInerney.

Dear Mr. O'Leary:—It is with mingled feelings of respect and appreciation that we, at this joyous season of the year, come to present our greetings and best wishes for you and yours. We feel it a duty incumbent upon us to show in some small manner the regard we entertain for you in the respective positions in which we stand of Employer and Employees.

It is hardly necessary for us to assure you that we appreciate any acts of kindness that you may have seen fit to bestow upon us as individuals or as a body of your employees, at different times.

We note with feelings of pride the rapid stride toward prosperity which your business, under your able and efficient management has taken in recent years.

It reflects credit on the management, and, if we may be pardoned for the presumption, it is no discredit to your humble servants.

It is our heartfelt wish that the star of prosperity may continue to shine on your endeavors, but for the creditable manner in which they had conducted themselves in the past, expressing great pleasure at the general good feeling and hope for the continuance of their best endeavors for the coming year. Wishing them all a Merry Xmas and a Happy New Year.

We publish simple, straight testimonials, not press agents' interviews, from well known people.

From all over America they testify to the merits of MINARD'S LINIMENT the best of Household Remedies.

MINARD'S LINIMENT CO., LIMITED.

CLIFTON NOTES

We are having lovely weather and the roads are very good.
Christmas passed very quietly Santa gave us all a call.

MILK

The interior of a cow's udder contains a marvelous collection of blood veins, milk tubes, etc.
As far as known the milk secretion is largely dependent on the amount of blood passing through the udder.
If the blood circulation, the digestion and assimilation of food are good she will show a higher milk secretion than otherwise; as in a boiler, the better the condition it is in the more steam can be generated.

Clydesdale Stock Food

will stimulate the organs of circulation and digestion, because it makes the food "easy," increasing the digestive juices that dissolve the food, and this means more milk and at a profit.

For cows at "Calving," there is nothing better as it tones and regulates the system, helping her to "cheer" better, and, lessening the usual danger.

Can stop feeding without harmful effects as there is nothing injurious in it. Human beings can take it with benefit. We take it every day.

Try Heracles Foodstuff

Try Carboline Antiseptic for clean stables

CLYDESDALE STOCK FOOD CO., LIMITED, Toronto

FOR SALE BY

A. G. ADAMS, Campbellton.

The Progressive Merchant

Of course he does. He knows they are right. He's level headed. Where Hewson woolen mills products are for sale you are pretty sure to find other things good too. The merchant knows.

Our Princess Brand of Flour is the best on the market.

Stoves, Groceries and Provisions.

Buyers of all kinds of Furs.

Campbellton, = = N. B.

The Misses Reouff are home

spending their Christmas vacation. Invitations are out for the marriage of Mr. John Sealey to Miss Gertrude Rosengren Wednesday Dec 28th.

It is with much sympathy that we note the death of Miss Anna McKenzie which took place Dec. 20th after a lingering illness of over a year. Deceased was only seventeen.

Miss Annie McLean has went to her home in Charlottetown to spend her vacation.

Mr. and Mrs. Wm. Symiest of New Castle attended the funeral of their niece Miss McKenzie Sunday Dec 24th.

Miss Bell Eddy who was teaching in Tabusintac returned Friday on the Caraque.

It is rumored that one of our young ladies intend to leave us and go out West; we wish her every success.

With best wishes for a happy New Year I will lay aside my pen.

What Causes Snoring

When asleep people that snore breathe through the mouth instead of the nostrils which are choked with catarrh. Just use "Catarrhazone" before retiring and you'll quickly cure the snoring habit. By destroying the cause of catarrh and healing the membranes, Catarrhazone makes a complete cure in every case; it cleans the nostrils, stops the discharge and prevents drooping in the throat in a few minutes. Nothing so pleasant or certain to cure snoring, catarrh or colds as Catarrhazone—that's worth remembering.

JANEVILLE

We are having a spell of fine weather now which is a great help to those in the woods the roads; are very good now.

Most of the men from the lumber woods went to their homes for Xmas. Mr. Wm. Daley and Miss Eva Scott were in Bathurst on Monday.

Mr. Wm. Sullivan was in Janeville recently.

Miss Maggie Morrison spent Wednesday in Salmon Beach.

A few of the young folks gathered at the home of Mrs. Ed Dempsey on Monday evening and enjoyed themselves in dancing and playing games.

Lunch was served at ten o'clock and all returned to their homes well pleased with their evening's amusement.

Mrs. Arthur Caie and son Clyde drove to Bathurst on Saturday.

Mr. and Mrs. Wm. Ellis of Salmon Beach spent Christmas in Janeville.

Miss Gladys Caie was in town on Saturday last.

With best wishes to the Editor and readers of Events for a happy New Year.

The Grip

"Before we can sympathize with others we must have suffered ourselves. No one can truly sympathize with another on an attack of the grip, unless he has had the actual experience. There is probably no disease that causes so much physical and mental agony, or which so successfully defies medical aid. All danger from the grip however may be avoided by the prompt use of Chamberlain's Cough Remedy. Among the tens of thousands who have used this remedy not one case has ever been reported that resulted in pneumonia or that has not recovered. For sale by all druggists.

SELWOOD

A painful accident occurred at the home of John Bartlett on Saturday night, when their infant child Beatrice had the misfortune to fall from a chair thereby breaking her arm. Dr. Disbrow was summoned and attended to the injured child. The child is reported to be doing nicely.

Mrs. George Sillass entertained a number of friends Xmas Eve at "Whist" an enjoyable time was spent.

William McIlwraith of Balmoral spent Christmas in Selwood visiting friends.

H. A. Wallington of Donkinton is the guest of F. Roberts.

Christmas day was thoroughly enjoyed in the village; a number of our young people drove to Dalhousie and judging by appearance they enjoyed themselves heartily.

Miss Nellie Roberts is at present the guest of Miss Martha McIlwraith of Balmoral.

Mr. Joseph Sillass, who has returned from College was visiting his sister Mrs. J. Bartlett this week.

Miss V. Frenette has left on her holidays.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State of Ohio, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

FRANK J. CHENEY.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1886.

(Seal) A. W. GLEASON, NOTARY PUBLIC.

Hall's Catarrh Cure is taken internally and acts directly on the blood and mucous surfaces of the system. Send for testimonials free.

Sold by all Druggists, 75c.

Take Hall's Family Pills for constipation.

THIS PRETTY CANADIENNE

Saved From Terrible Kidney Disease By "Fruit-a-tives."

MASSON, P.Q., Nov. 16th, 1904.
"I have much pleasure in reporting to you the great benefit I have received from taking 'Fruit-a-tives'—and I feel that I cannot say too much in favor of a medicine which has done me so much good. I was a martyr to that distressing complaint, chronic constipation accompanied with severe headaches, backache, sick stomach and all the symptoms of dyspepsia. I had also a dreadful complexion, sallow in the extreme and black under the eyes. I had every symptom of kidney irritation and I had been told by physicians that my kidneys were affected. I consulted a number of physicians and took various remedies but received very little benefit. Last May I was advised to try 'Fruit-a-tives' and when I began to take them I had little faith of getting anything to give me permanent relief, but after I had taken half a box of 'Fruit-a-tives' I began to feel better and before I had finished one box the constipation was relieved, the headaches left me, the pain in my back was better and I could sleep as soundly as when I was child. Also, my complexion began to clear up again, all the sallowness disappeared and the black circles under my eyes went away. The pain in the back gradually left me and all signs of kidney disease disappeared by the first of August after I had taken three boxes. Since then I have continued to improve and now I have none of my old symptoms and my appetite is good, digestion splendid and my complexion as clear as when I was a young girl. Also the constipation from which I had suffered so long has been entirely cured and it is not necessary for me to take the 'Fruit-a-tives' now as I am quite well in every way. I took no medicine but 'Fruit-a-tives' but I followed faithfully the directions as to diet etc., given in the pamphlet which accompanies each box of 'Fruit-a-tives.' (Sgd.) FLORENCE JAMISON.

Every part of the body is constantly decaying and being renewed. The dead cells, or tissue waste, should be removed by the skin, kidneys and bowels. When these organs do not act regularly, this poisonous matter stays in the system—it is taken up by the blood—carried to heart, liver, stomach, brain and nerves all over the body—and poisons everything it touches.

"Fruit-a-tives" keep each organ clean and healthy. "Fruit-a-tives" act on the skin, stimulating the millions of minute glands and opening the pores so the waste can escape. They act on the liver sending more bile into the bowels and making the bowels move regularly and naturally every day. They act on the kidneys, strengthening and invigorating these organs and curing all kidney disorders.

At all druggists or sent postpaid on receipt of price—50c. a box or 6 boxes for \$2.50.

WINCHESTER

"Leader" and "Repeater"

SMOKELESS POWDER SHELLS

Carefully inspected shells, the best combinations of powder, shot and wadding, loaded by machines which give invariable results are responsible for the superiority of Winchester "Leader" and "Repeater" Factory Loaded Smokeless Powder Shells.
