ONE REGISTRATION FOR DOCTORS

A special committee of the Commons composed wholly of medical men, has approved the bill to amend the dominion medical act in such a manner as to provide for only one registration and a single council.

Henceforth a physician who passes the examination of the council will be qualified to practice anywhere in Canada.

BANKRUPTCY EXAMINATION

In the examination of the affairs of **Manly Baxter** it was discovered that a number of claims filed against the estate were incorrect, necessitating the calling in of new claims. It also transpires that some debts were due the estate unknown to the assignee. This means that there will be a little more than was thought at first for the benefit of the creditors. — Graphic.

SEALED TENDERS

addressed to the undersigned, and endorsed "Tender for Extension to Wharf, Approach and Dredging, Richibucto, will be received at this office until 4.00 P. M., on Tuesday, March 28, 1911, for the construction of an Extension to Public Wharf, an Approach and Dredging at Richibucto, Kent County, N. B. Plans, specification and form of contract can be seen and forms of tender obtained at this Department, at the offices of E. T. P. Shewen, Esq., District Engineer, St. John, N. B., Geoffrey Stead, Esq., District Engineer, Chatham, N. B., and on application to the Postmaster at Richibucto, N. B. Persons tendering are notified that tenders will not be considered unless made on the printed forms supplied, and signed with their actual signatures, stating their occupations and places of residence. In the case of firms, the actual signature, the nature of the occupation and place of residence of each member of the firm must be given.

Each tender must be accompanied by an accepted cheque on a chartered bank, payable to the order of the Honourable the Minister of Public Works, equal to ten per cent (10 p. c.) of the amount of the tender, including dredging, which will be forfeited if the person tendering declines to enter into a contract when called upon to do so, or fail to complete the work contracted for. If the tender is not accepted the cheque will be returned. The Department does not bind itself to accept the lowest or any tender.

I. C. R. MAY BURN OIL ON ITS LINES

Officials Thinking Over Use of it Fuel for Locomotives.

It may be only a question of short time before the locomotives of the I. C. R. are fired with oil fuel. The recently developed wells of Albert County are yielding abundantly of both oil and gas, and already preparations are under way to supply natural gas to Moncton houses for light and heat and to manufacturers and others for power purposes. A large flow of oil is expected after new wells are opened and the operators are very hopeful over the outlook.

The crude petroleum so far obtained possesses in its natural state all of the qualities required for high class fuel, giving a bright flame and generating a tremendous heat. So full of promise are the operations in Albert County that the attention of the I. C. R. officials has been given to speculating what the probable results might be and whether or not they will soon justify the railway in substituting crude oil for coal as a producer of motive power.

The advantages of oil fuel are obvious as by its use greater speed could be obtained, as well as greater cleanliness and comfort of travel.

It is claimed also that the use of oil as fuel would be a measure of economy that would be an important factor in its favor.
