427th Day of the War

Latest From the Front.

Messages Received Previous to 9 A.M.

OFFICIAL.

LONDON, Oct. 4. The Governor, Newfoundland: General French reports that the British counter attack on Friday night secured the objective, viz, the capture of two German trenches. The French Government reports some progress at Arras, also in Champagne where a considerable part of the enemy's salient, north of Jemal was captured. In Russia, German attacks near Drinsk were repulsed. The Germans were also repulsed in Vileika district. A Russian ultimatum has been sent to Bulgaria.

BONAR LAW.

FRENCH CONTINUE TO MAKE PROGRESS.

PARIS, Oct. 4. French troops continue to make progress to the north of Arras, is the announcement given out by the French War Office this afternoon. There has been continuous fighting between the trenches, accompanied by artillery exchanges in the vicinity of Novour and Queniviers.

SPURN THE HUNS.

LONDON, Oct. 4. A despatch from Sofia, under date September 30, says that Miloff, leader of the Bulgarian Democrats has been designated by all the opposition parties to treat with Ministers of the Entente Powers. The Democratic leader, to whom full liberty of action was given, already has begun the negotiations, according to the despatch.

STATEMENT OF RADOSLAWOFF.

BUDAPEST, Oct. 4. A despatch from Sofia says that Premier Radoslawoff made the following statement to the adherents of Stambulowsky, the leader of the Agrarians: "Bulgaria might rightly hope that the situation will become better than ever. These events in the near future promise very favorable results for Bulgaria, and will extend her boundaries towards the north-west and south."

RUSSIAN SQUADRONS OFF BULGARIAN COAST.

LONDON, Oct. 4. Two powerful Russian squadrons are reported to have appeared off the Bulgarian coast near Varna in the Black Sea. This announcement is made by the Tribune at Rome, according to a correspondent there of the Exchange Telegraph Company.

MOBILIZATION COMPLETED.

WASHINGTON, Oct. 4. A despatch from Premier Radoslawoff at Sofia, to the Bulgarian legation to-day, announced the completion of mobilization, which was accomplished, the message adds, with regularity and punctuality. The Premier denied that there had been any crisis in Bulgaria. In diplomatic quarters the press reports that the Greeks had permitted the landing of French troops at Salonika were interpreted as meaning that Bulgaria was definitely aligned with the Germanic allies. No statement on the subject has reached the legation since Radoslawoff's last declaration that Bulgaria

Salvia Hair Tonic Makes Hair Grow

Ladies should have radiant hair. There are thousands of women with harsh, faded, characterless hair, who do not try to improve it.

its mobilization was purely defensive.

LANDING EXPECTED.

PARIS, Oct. 4. News of the landing of troops at Salonika in Greece, says the Temps, is awaited here from one moment to another.

LOAN OVER-SUBSCRIBED.

NEW YORK, Oct. 4. The Anglo-French five hundred million bond issue has been over-subscribed. It is possible that when the underwriters' books are closed at ten o'clock to-morrow morning it will be found that fifty million more than needed has been spoken for.

LONDON BUDGET.

LONDON, Oct. 4. The time allotted to Bulgaria by the Allies, through Russia, to turn back on Germany, Austria and Turkey, expired this afternoon, but the expiration of the time limit brought immediate surface indications to clarify the situation. Whether the Russian Minister has left the Bulgarian capital as his Government threatened provided Bulgaria declined to meet the Russian ultimatum; whether Bulgaria dissembled by asking for further time; or whether King Ferdinand and his supporters merely observed silence, was not known at London up to 11 o'clock to-night. Either the collapse of the vagaries of the war time cable service or the two combined have resulted in keeping London in the dark, although definite news is expected hourly. Events transpiring, however, are in keeping with a fast approaching crisis, involving the entry of the Balkans into the European conflict. Russian warships have appeared in the Black Sea off the Bulgarian port of Varna. French and British troops have landed at Salonika, a Greek port fifty miles south of the Bulgarian frontier. Bulgarian troops which have been on the move for days, have been massed in great numbers along the Serbian border. From the Central Powers' side come reports that a great weight of men and metal is piling up preparatory to a blow against Serbia from that side as a first step of what popular imagination has accepted as a fact, the German determination to smash through the corner of Serbia, and link up with Bulgaria, creating a new battlefield from the Austrian border to Constantinople. Delayed cables have told of the landing of Allied troops at Salonika. With these reports arrived comments from Athens papers, the gist of which was that the appearance of French and British soldiers in Greece at a time when Greece was outwardly neutral, should cause no excitement; that their mission was, as one of the Athens papers expressed it, to defend the railway against Bulgarian aggression and give help to Serbia the ally of Greece. The Greek Minister in London refused to comment on a report that the Hellenic Government considered the landing of the Allied troops as a violation of neutrality and had formally protested to Britain and France. In the west the Germans persisted in their driving counter-attacks against the British until they have taken most of the Hohenzollern redoubt, so named by German soldiers. This is admitted by French's last report, but is not claimed specifically by the Germans themselves; possibly because of the fact that the loss of this stronghold has never been conceded by Berlin. That gas was used by the British in their recent offensive, is the charge made by Berlin. The British War Office has made no statement regarding the truth or falsity of this. The German claim that the British lost 60,000 and the French 130,000 men in the recent fighting, is also without denial so far.

HEAVY FIGHTING IN ARTOIS.

PARIS, Oct. 5. French fighting of a violent nature in Artois, throughout the day, is reported in the French official communication issued to-night, which adds: To the south of Givenchy the Germans have gained a footing at the crossing of five roads, but were repulsed everywhere else.

DECLINED TO AFFIRM OR DENY.

LONDON, Oct. 5. The Greek Minister to London, J. Gennadius, declined to-night to either affirm or deny the report that the Hellenic Government had protested that Greece's neutrality had been violated by the landing of Allied troops at Salonika. "I am not at liberty to answer that question," he said.

BULGARIA STILL HOLDING BACK.

LONDON, Oct. 5. The latest proposals made to Bulgaria by the Ministers of the Entente Powers, at Sofia, have lapsed, recent developments indicating that the Bulgarian Government had rejected them. It is stated authoritatively to-night by Reuters' Telegraph Company. This statement refers to the proposals made before sending the Russian ultimatum. No word as to whether Bulgaria has acceded to the Russian demand, or otherwise, had been received in London to-night.

ONLY THREATENED.

WASHINGTON, Oct. 5. United States Ambassador Morgenthau, at Constantinople, has been instructed by cable to-day to inform the Turkish Minister of Foreign Affairs that public sentiment in the States was so stirred by reports of the Armenian atrocities, that unless the massacres ceased, friendly relations between the American people and the people of Turkey would be threatened.

The Cause of Appendicitis Not Definitely Known

The commonest cause of appendicitis is constipation. Every doctor says so. When you require physic, don't use a cheap drastic pill—get Dr. Hamilton's Pills, which are made from the private formula of one of the greatest physicians. Dr. Hamilton's Pills strengthen the stomach, regulate the bowels and prevent any tendency to appendicitis. In one day you feel the tremendous benefit of Dr. Hamilton's Pills. By purifying the blood and cleansing the system they prevent headaches, lift depression and drive away weariness. No medicine so successful as Dr. Hamilton's Pills. Sold everywhere in 25c. boxes, with yellow cover, get the genuine.

Lieut. Surgeon Brown.

The many friends of Lieut. Surgeon Walter J. B. Brown will be pleased to learn that he is now in command of the 6th Field Ambulance Corps, somewhere in France. A letter written to his sister (Mrs. Dr.) Richards of Torbay, while passing through Amiens and bearing date of September 9th, states that the officer expected to be at the firing line within seven days. In all probability his corps has had plenty of hard work since then. We understand that Dr. Brown's duties will bring him into the trench warfare very alternate night. Dr. Brown is the son of Mr. and Mrs. Robert Brown, of Bonavista, and went over from Canada a Sergeant Major of the Canadian Red Cross Contingent. Before leaving England for the front he had been attached to the Canadian Base Hospital at Olveden, the country seat of William Waldorf Astor.

PERSONAL. Miss Lizzie Rowe, daughter of Arthur W. Rowe, of the Reid Nfld. Co., leaves to-day's express for the United States; her father will accompany her to Sydney.

One Pair of Hands is enough.

If you give your Cook a Gas Cooker she can always cook her best and need never keep you waiting because she has nothing else to do but cook.

She has no troublesome coal fire to look after, but can get the exact heat she wants for every dish by merely turning a tap—and she can cook several dishes (each requiring a different degree of heat) at the same time.

The Gas Cooker needs no preparation, makes no cleaning work, and is turned out as soon as it is finished with and therefore burns no unnecessary fuel.

By using a Gas Water-Heater in addition to the Gas Cooker hot water is supplied for all household purposes with the greatest promptitude, and the use of coal in the kitchen can be done away with altogether.

Where Gas Appliances are used in the kitchen the cook will always find that "one pair of hands is enough."

Wedding Bells.

(Copied from the Hull Times.)

The wedding took place on Wednesday, September 8th, at St. Matthew's Church, of Lieutenant Martin Smith, R. N. R., of Hull, and Miss Grace Winifred Colton, the youngest daughter of Mrs. S. E. and the late Mr. Ethelbert Colton, of St. John's, Newfoundland. The bride, who wore a smart navy travelling costume and gray velvet hat, was given away by Mr. Colgrave, a friend of the bridegroom's family, and was attended by Miss Margaret Wooltons, a cousin. Mr. Walter Wooltons, also a cousin, acted as best man. Owing to the bridegroom's short leave the wedding was of a quiet nature, only the immediate relatives being present. The bride's bridesmaids were the recipients of numerous presents, including several cheques from the bridegroom's family and friends. Previous to her coming to England, the bride was the soloist at George Street Methodist Choir at St. John's, Newfoundland. The happy couple will spend their honeymoon at Felixstowe, Suffolk.

IRVINE-MERCER.

A quiet but pretty wedding took place at 94 Dresden Row, Halifax, on Sept. 18th, when Mr. J. R. Irvine, of the Bank of Nova Scotia was united in matrimony to Miss Florence Mercer, daughter of the late Captain Isaac Mercer, of Bay Roberts. The ceremony was performed by the Rev. A. Rogers, in the presence of the immediate friends of the contracting parties. Following the ceremony a reception was held after which the young couple left for Musquodoboit Harbour, N.S., where the honeymoon will be spent. The happy couple were the recipients of many valuable and useful presents. The groom is a native of Aberdeen, Scotland, and was for some years manager of the Bank of Nova Scotia at Bay Roberts where he was held in much esteem. He has since been transferred to the Bank at Halifax where the newly married couple will in future reside. The Telegram extends congratulations to Mr. and Mrs. Irvine and wishes them a very pleasant voyage over the matrimonial sea.

STORMS OVER.

The Marine and Fisheries Department have received word from the Labrador that the weather between Mackovic and Battle Harbour was fine and calm. Evidently the severe storms that raged in that section for the past month are over.

Newfoundlanders Lost at Sea.

Lunenburg, N.S., October 1.—While the crew of the schooner Marjory E. Backman, Captain David Backman, were discharging fish this forenoon at Feltzen South, a sad accident took place. George Strickland, a native of Harbour Breton, Newfoundland, overloaded his dory and on the way from the vessel to the shore the boat sank, carrying with it its sole occupant, who was unable to swim and was drowned.

The scene of the accident was but a short distance from the shore and boats were almost immediately on the ground grappling for the body, which was brought to the surface fifteen minutes afterwards. Strickland was twenty-five years of age and unmarried. His father and mother are both living and one of his brothers is a member of the schooner's crew. The deceased was highly thought of in the community, and was an Anglican in religion, and will be buried at Rose Bay on Sunday afternoon. Dr. Slaughwhite held inquest and the verdict was accidental drowning.

Lost Man Overboard.

Shelburne, N.S., Oct. 1.—The Gloucester schooner Governor Foss arrived here this afternoon with her flag at half-mast for the loss of William McCarthy, aged fifty-four years, who was washed overboard in a heavy gale on La Have last Monday morning. The deceased is a native of Newfoundland, has resided in Gloucester, and leaves a widow with five children. Captain Frederick Thompson of the Governor Foss reports the gale as exceptionally severe, having lost dories and foresail, with other damage.

SLIGHTLY WOUNDED.

We are informed that Lieut. Herbert Rendell is not seriously wounded, and that in a very short time will be O.K. again.
