

## H.M.S. 'Vindictive' Refloated. A Thrilling Event of the War.

**Poles Relieve Bolshevik pressure on Warsaw--Irish disorders continue--Mayor of Cork taken to England--British Socialists requested to leave France.**

### PRESSURE RELIEVED.

WARSAW, Aug. 17. Russian pressure on Warsaw has been relieved according to an official Polish communique just issued.

### THE VINDICTIVE REFLOATED.

LONDON, Aug. 17. The British light cruiser Vindictive which was sunk in the entrance of Ostend harbor on May 11th, 1918 and which has been refloated, and the port is again open for traffic. Sinking of the Vindictive was one of the most thrilling events of the last year of the war.

### POLISH SUCCESSES.

PARIS, Aug. 17. The French Foreign Office, this evening reported a successful Polish counter offensive from Thort to clear out the Polish corridor and along the entire southern front.

### BRODY OCCUPIED.

LONDON, Aug. 17. Soviet forces are centering their attack on Warsaw at the powerful fortress of the Vistula. It is said, Monday's official statement from Warsaw received to-day announces the occupation by the Russians of Brody and Sokal northeast of Lemberg.

### U. S. TO RECOGNIZE HUERTA.

MEXICO CITY, Aug. 17. President Wilson is ready to recognize the present Mexican Government if it agrees with the terms stated in Secretary of State Colby's proposal, according to word received from Washington, the Excelsior says.

### ANOTHER MURDER.

DUBLIN, Aug. 17. District Inspector Wilson was shot dead last night walking from the police barracks to his home according to a message from Thurles.

### REPRISALS FOLLOW.

BELFAST, Aug. 17. The town of Templemore, County Tipperary, underwent an order of reprisal last night, following the murder of Inspector Wilson, according to a

the Commons yesterday concerning labor's ultimatum against a war on Russia were mainly devoted to an attack on John R. Clynes, former food controller, for associating himself with the "direct action" policy of the Labor Party.

### THE PRIZE RING.

NEW YORK, Aug. 17. Benny Leonard, lightweight champion of the world, will defend the title at Madison Square Garden about the middle of September, it was announced to-day, and his opponent will be named later.

### HOSTILITY TO RUN SHIPPING.

RAMSGATE, Aug. 17. A serious clash occurred to-day between the police and a mob, which was bent on preventing the loading of two German ships. Steamers arrived several days ago for cargoes of coke but, owing to the hostility of ex soldiers, and others, because of the nationality of the vessels, no attempt was made to load the craft until to-day.

### ANOTHER RACE RIOT.

NEW YORK, Aug. 17. Two men were shot and four others hurt by missiles thrown during a fight between striking longshoremen and negro non-union workers at Ninth Avenue and Fourteenth Street last night. The trouble started when a crowd of non-union men, on their way from the piers, encountered a number of strikers who, according to the police started throwing rocks and bottles.

### In Pilate's Seat.

The office of Governor of Jerusalem, once occupied by Pontius Pilate, is now held by Colonel Ronald Storrs, a graduate of Cambridge University and son of the Dean of Rochester College, England.

His task is one to test the administrative ability of any man. Jerusalem is a city of dissension, where, whatever may come of the future, for the moment Zionists and Arabs are passionately divided, and to steer a just path between them and induce them to join him on that path is thankless work.

It is to that task, however, that he chiefly devotes himself. Twice a week he has meetings of his favorite pro-Jerusalem society, where French, Italians, British, Americans, Rabbis, Zionist leaders, commercial men of standing and all others who are in any way prominent in the life of the city are brought together and in the course of debate led to see that they have in common a single citizenship. His motto as Governor is "unity and friends."

Colonel Storrs was one of the prime movers in the establishment of an independent Arab kingdom. He is thirty-eight years old.

Cerise, with an overtone of rose, and jade with an overtone of blue, will be the favorite colors for trimming.

## Nfld. Patriotic Association.

A meeting of the Patriotic Association of Newfoundland was held in the Board of Trade Rooms last night. His Excellency the Governor presiding. The minutes were dispensed with, a digest of the same being orally given by the Hon. Secretary, Dr. V. P. Burke, after which the report of the War Memorial Committee was presented by Mr. W. G. Gosling. This with the original instructions to the committee, will appear in a subsequent issue. The report created a lengthy discussion.

His Excellency pointed out that the Government, he gathered, had committed themselves to the erection of a Normal School and advised prompt action as to the erection of the monument as Rev. Fr. Nangle may have made arrangements for the Caribou design by Mr. Basil Gotto, which was the choice of the G.W.V.A. and strongly favored at the last meeting.

Hon. W. B. Grieve moved the report be received for discussion and referred to the committee for consideration of the cost of the Memorial Hall and monument.

Dr. Burke thought the Caribou unsuitable for the depositing on of wreaths at the annual religious service, and would like a figure symbolizing the victory of Right over Wrong. He also suggested the committee be given a free hand to consult with others beside Mr. Gotto in the matter.

Dr. Robinson expressed disappointment at the delay in erecting the memorial proper, pointing out that it was no further advanced than in January, 1918. The committee had been appointed for three specific purposes. None of these had been carried into effect, and nothing of a definite character had been done. He was not interested in a utilitarian monument, but protested against the long delay in erecting a memorial to our honored dead. The plans had been approved by the Association and the G.W.V.A. Why were they now, after months of silence, repudiated?

Surely it is not necessary to wait till the Normal School is built, to raise the real memorial. The Caribou is generally accepted as the Newfoundland emblem. The Caribou issue of stamps had the approval of the naval authorities. The country expected prompt and definite action; and has met with delay after delay. The main memorial on the plans outlined and approved last January should be erected and erected forthwith.

Mr. Justice Johnson endorsed the suggestion of prompt action. The utilitarian memorial can be dealt with afterwards. He failed to see why the monument was not promptly erected to those who so promptly earned it.

Mr. Gosling said the question of having the two together or separately was the cause of the split. It had been decided by the committee to have them together, if possible, or the statue in front of the school when that is erected. Waiting for the Government's action caused the whole delay. The erection of a site was another point, as only the cenotaph or Caribou could be erected in the park. Space would be needed for the annual services. The committee further considered the \$100,000 allocated for the Government for a Normal School not nearly sufficient to erect a building suitable as a memorial. Another \$100,000 or \$150,000 would have to be raised by the Association for the hall and nothing could be expected from the outports as they are erecting their own memorials.

His Excellency pointed out the first thing the resolutions called for was the monument. Mr. H. R. Brookes regretted the delay. The continued blocking of progress had killed his enthusiasm though on the committees, and the general public he also feared had greatly lost interest in the matter. The committee had definite instructions to do certain things and they should have been done.

Mr. J. W. Withers thought the delay might be all for good, as a statue alone is not to be erected, but something that will be a lesson to future generations. Rev. Dr. Curtis felt the only question to be decided was whether the monument and school should be together and that it would be well to consult different architects.

Mr. Justice Johnson suggested Custom House Hill as the site of the monument. His Excellency emphasized the point that the resolution prompted by the G.W.V.A. was the first thing to be dealt with and that it should not be rescinded. Mr. F. W. Bradshaw suggested that particulars of the design, materials, etc., of the monument, be obtained so as to give an idea of what funds would be needed. The longer the delay the greater the difficulty in raising money.

Mr. McKay asked that it be made clear if the memorials are to be in conjunction or separate, to which His Excellency said his recollection was that the resolution dealing with the monument was distinct from the others. Sir Joseph Outerbridge felt they should be separate.

Mr. J. A. Cliff said his idea of a memorial was that embodied in the first resolution, a Caribou, and not one of utilitarian value. The school is a matter for the Government. The public should be asked to confirm the

## McKay St. Man Eats Anything He Wants to Now

Tanlac Did All That Is Claimed For It In My Case, Declares Collins.

Still another Newfoundlander whose deep sense of gratitude and desire to help others, will not permit him to remain silent regarding the great good he has derived from Tanlac, is John Collins, of McKay St., St. John's. In a recent statement telling of his experience with the medicine, he says:

"I want to let all who suffer as I did know what a great medicine Tanlac is. For four years before I started taking it I had indigestion so bad I couldn't touch a bit of pork and cabbage without being in misery for hours afterwards, and even very light food like bruis and gravy would sour on my stomach and cause gas to form and bloat me up till I could hardly breathe. I had such pains across the small of my back at times, I could scarcely stand it, and sometimes became so dizzy I had to sit down to save myself from falling. I just felt tired and worn-out all the time and it was all I could do to drag around."

"A friend of mine certainly did me a good turn when he advised me to try Tanlac, for it only took two bottles of that medicine to put me into good shape again. The first few doses gave me such an appetite I was hungry all the time, and I can now eat anything I want and never suffer in the least from sourness or gas. I am no longer bothered with dizzy spells and the pains have entirely disappeared from my back. I have lost that tired, worn-out feeling and in fact am so much stronger and more energetic that I can do double the work I could before. You can take it from me, Tanlac does all that is claimed for it, and I'm glad of this chance to recommend it."

Tanlac is sold in St. John's by M. Connors, by Reg. Sullivan, Pouch Cove; Sound Island Store, Sound Island; Dennis Flynn, Arundale; J. J. O'Brien, Cape Broyle; J. W. Smith, Baine Harbor; W. A. Burdock, Bellefleur; John Moray, Femeuse; Mrs. Jos. Quinn, Renewa--adv.

decision for the G.W.V.A. idea and then let the funds be collected.

Mr. J. R. Bennett endorsed the previous speaker's remarks, the citizens to subscribe to the monument as is being done in the outports, who have already honoured the memory of the fallen. The first resolution should be adhered to.

Rev. Dr. Curtis felt the memorial would not be one for the city alone and this meeting had power to rescind the resolutions of the other.

Sir Wm. Lloyd thought it improper to turn down the G.W.V.A. resolution without their having a chance to discuss it. The Caribou is a fitting symbol. The Government's \$100,000 is voted only for a school, which will take more than that sum if it is to be anything worth while. To erect the two together, suited to each other, would probably cost \$250,000.

Mr. G. R. Rendell said the resolutions had been passed at a larger and more representative meeting than the present and nothing had been introduced to alter that decision. There was too much delay already, and the longer it continued the harder would be the collection of funds. The work should be carried forward at once.

Mr. Grieve agreed a monument to record what our boys did should be erected and that the money will have to be raised in the city.

Dr. Blackall thought the committee right in seeking the opinion of architects in the matter.

On motion of Mr. Gosling, seconded by Dr. Blackall, and agreed to by Sir Wm. Lloyd the following resolution was passed:—"That on receiving the report of the War Memorial Committee, the Association realizes the expediency of obtaining some further light on a question of such moment as that dealt with in the report and therefore authorizes the committee to consult with Mr. George Gilbert Scott in reference to the submission of plans for the memorial." The meeting closed at 11.50.

### Straits Fishery.

A message from Humbermouth received last evening says: "Grant, Blanc Sablon, report: 14,000 quintals fish, and Whiteley, Bonne Esperance, a similar amount. Trap fishing is over on the Labrador side. Fair catches were taken the past week with hook and line."

## Only Canadians to Subscribe.

Montreal, Aug. 16.—A. C. Ross, of Montreal, who has challenged for the America's Cup, stated to-day that the rumor that Americans were being allowed to contribute towards the construction of a Canadian yacht to compete in the next races was not correct. No subscriptions from others than Canadians will be accepted. This decision is not due to any ill-feeling, but to the fact that all the necessary money will be readily subscribed by Canadians, said Mr. Ross.

There will be one exception, Mr. Ross said, C. D. Russell, of New York, early sent a donation which was accepted and will be retained.

LEAGUE FOOTBALL.—The Britons and Fedilians will be the contestants in this evening's football game, and on Friday night the C.E.I. and Saints will try conclusions.

## New Grapes and Valencia Onions!

## NOTICE!

Nfld. Government Coastal Mail Service.

Freight for S.S. "Portia," for usual Western Ports of call, will be received at the wharf of Messrs. Bowring Brothers, Ltd., from 6 a.m. August 18th.

W. H. CAVE,  
Minister of Shipping.

### Hr. Grace Notes.

Miss Elsie Sheppard arrived from the city on Monday night's train to spend her holidays with her mother and other friends.

Miss Marion Simmons, stenographer at E. Simmons', left by Monday afternoon's train on a holiday to the city.

The schooner "Kinsman" is on dock undergoing repairs.

Mr. Frank Goff, of Messrs. Ayre & Sons, Ltd., St. John's, left by Monday morning's train for the city to resume work again, having enjoyed his holiday very much. His brother, Thomas who has been spending his holidays here also, will shortly leave to take up work again in Canada.

Messrs. Malcolm Yetman and Harry Kennedy, of the Cable Staff, Hearst's Content, are spending their holidays here with parents and friends.

On Saturday last, near the Marine Railway Dock, an accident occurred, which might have ended fatally, but for the assistance of a young man who had been near at the time. A boat, in which was a young fellow named Champion of the schooner "Maple" (which is here to go on dock), through some mishap was overturned, throwing the occupant into the water. Both boat and man sank to the bottom immediately, and although there were quite a few onlookers, yet there were scarcely anyone in a position to render help; but a member of the crew of the schooner "Cape Pine," which was but a short distance away, saw what was going on, and hurried to where the drowning man was, reaching the spot just in time to rescue him. Young Champion's father, who is Capt. of the schooner "Maple," feels very

grateful to this young man who rescued his son from a very untimely death.

The schooner "Bernard B. Conrad," having been docked, left port again on Monday morning last.

CORRESPONDENT.  
Hr. Grace, Aug. 17, 1920.

### Clergyman's Wife Dead.

The sad news that Mrs. Cotton, wife of Rev. W. W. Cotton of Newtown, B. I., had died at her home there last night, was conveyed in a message received in the city this morning. Mrs. Cotton was a daughter of Capt. S. Barbour, and was married in 1914, and resided here during her husband's absence during the war. To the bereaved husband and relatives the Telegram extends sympathy.

### Shipping Notes.

Schr. Earl Grey has entered at Lark Hr. to load codfish from J. T. Thorns, for Halifax.

Schr. Ette Bess has returned to Little Bay Islands from the Straits fishery with 500 quintals of codfish.

Schr. General Horne has sailed from Change Islands for Oporto with 3795 quintals of codfish from Elliott and Co.

Schr. Mollie Fearn has cleared for Porto Rico with 2142 quintals of codfish and 143 of haddock from Job Bros. and Co.

Schr. Margaret Lake has arrived at Fortune from Oporto, with a cargo salt to Lake & Lake.

Schr. General Trenchard has arrived at Grand Bank with lumber for S. Harris, Ltd. from Liverpool, N.S.

## Freeman's English Foods

A complete supply for your larder.

### Custard Like Cream.

Freeman's Custard, made according to directions, provides a creamy dish that softens the tartness of fruits. It is ideal for trifles, and as a hot sauce with puddings it is delicious.

### Making Better Cakes.

There is nothing better for making cakes than Freeman's Egg Powder. It is an improvement upon eggs rather than a substitute for them; making cakes lighter and more digestible, and never "dry".

### A Comforting Drink.

There is no more comforting drink on a cold day than Freeman's Glass Lemon and hot water—as hot as you can drink it. Freeman's Glass Lemon is sweetened sufficiently for the average taste; it is made with real lemons by an entirely new process—a great advance on the old lemon crystal.

If a cold drink is required it is only necessary to add Freeman's Glass Lemon to cold water, it dissolves immediately—no need to wait while the drink cools.

**Freeman's Foods, Ltd.,**  
England

### A Popular Blanc Mange

Freeman's Blanc Mange Powder is distinctly flavoured with fruit essence, and is agreeably smooth to the palate. A packet in the house ensures a delightful "emergency" dish, easily made.

### A Clear, Light Jelly.

The delightful clearness and colour of Freeman's Jellies is the next best thing to their taste. There is absolutely no heavy sediment in a jelly made with Freeman's Jelly Crystals, and the flavours are true to the fruit.

Every one to his taste

says Bobby

-and when it comes to  
flavor in corn flakes  
I find most every-  
body wants
