In the days when the science was not understood and appreciated by at least a fair proportion of the world's inhabitants, we were sinking, carried down and traded goats. Now we do better than that. Every man, and every woman for that matter, should understand something of the science of practical political economy, and this knowledge can be gained in no better way than by reading Dr. Leacock's series from week to week.

PLAN CANAL FROM GODERICH TO HAMILTON.
The following was taken from the Toronto World: A. P. Gillies, the man who appeared before the board of control with an army of New York financiers last summer and presented a scheme for the building of a subway terminal in Toronto, is here again with another scheme which he proposes to work in conjunction with his subway terminal idea and one, which according to Mr. Gillies, will if operated successfully, make Toronto the hub of the continent, double Hamilton's population, and make Ontario one of the greatest manufacturing provinces in the world. In looking for a source of power to operate the proposed subway terminal, the idea of digging a canal from Goderich to Hamilton, which would effect a fall of 200 feet between the two lakes, occurred to Mr. Gillies, and he claims he has now the backing of sufficient capital to see the scheme completed.

ANOTHER COMMISSION
This Company Entered Suit and Recovered its Money.

A Second Declaration of His Having Received Rake-Off Contracts M. T. Buchanan at Oxford County Inquiry, and Sequel is Pathetic—Fred Vickert Says He Was Offered the Wardenship for a Price.

Woodstock, Dec. 30.—Three officials of Oxford County slept contentedly last night. Investigation proceedings regarding them were dropped by Judge Snider, who had made them squirm easily in the witness box in an endeavor to unravel a mesh of rumors to the effect that they had paid for their positions. Counsel withdrew the charges against them because he was indisposed to pursue an "ineffectual evidence."

But in the case of M. T. Buchanan, ex-warden and county "boss," there is no let-up.

He was confronted yesterday afternoon with another flat declaration of having demanded and received a commission from the county.

This little incident had a painful sequel for Buchanan, for, when the company learned of the transaction, they entered suit against him and the wardenship of 1906 has been offered to him by Buchanan, and if he'd been willing to put up the price he could have had it.

Two other little affairs were touched upon which may be at least taken as indicators of the mammoth influence Buchanan is believed to have had in the appointment of county officials.

Mr. Vickert was called to the stand to explain the meaning of a speech he made in the City Hall Wednesday night, when he stated publicly that the wardenship of 1906 had been offered to him by Buchanan, and if he'd been willing to put up the price he could have had it.

He asserted that he had been offered the job of road commissioner and, though he confessed that there had been no suggestion of "paying the price," he understood that that was what had happened.

What justification did you have for making such a statement in addressing a public meeting? Was there a price involved?" asked Mr. Johnson.

"No, but I infer," Buchanan replied, "that you are alluding to the fact that I was offered the job of road commissioner and, though he confessed that there had been no suggestion of 'paying the price,' he understood that that was what had happened."

Dr. F. D. Canfield, vice-president of the road company, testified that Buchanan had called to his home on the 10th day of 1906 and asked what the shareholders would take for the road.

He was told that \$15,500 was the price, and he asked if they would not be satisfied to take \$15,000, proposing that \$1,000 be used to advantage in facilitating the deal through council.

In the fall they offered the road to the council for \$15,000, every penny of it in the contingency. At the last general elections Gabriel Marchand, Liberal, carried the county by 322, the party majority yesterday being almost double.

Their dissatisfaction is due to the census of Bedouins that has been taken, and to measures of disarmament. Modaba is besieged. Details are lacking.

Operating by Phone.
Winnipeg, Dec. 30.—During the coming year it is the intention of the C.P.R. to install another 2,000 miles of telephone, to replace telegraphs in the operation of trains. The mileage already installed is 2,254. All the single track in the Superior division is being so operated, the officials claim, that the telephone operates on the side of greater safety as well as of higher efficiency.

Won't Dismiss Laberge.
Montreal, Dec. 30.—All the controllers except M. Guerin have refused to dismiss Laberge, the city health officer, because he happens to be a Freemason. The men who stand for liberty of conscience are Dr. Lachapelle and Messrs. Dupuis, Alney and Vanier. Today the council will vote on the matter.

Literature preaching anarchy has been discovered among the burglars' effects, as well as explosives, which might be used in the construction of bombs, or for the purpose of following Toronto police officers, and bundles of letters discovered, and which, according to the newspapers, make important revelations.

Several anarchist clubs have meeting places in the east end where the burglars lived, but they have not been molested, as the members confined their activities to writing and making speeches. The papers say that the Government is likely to change its policy in this respect, as is already indicated in the recent suppression of an anarchist paper.

Neighbors of the burglar who was fatally wounded at the dinner-party police officers, who had interrupted a burglary were shot to death, state that the man recently made a trip to America and that he received mail from that country.

Protest the Award.
Berlin, Dec. 30.—The Lower Rhine Aeronautic Association yesterday announced its decision to protest the award of the James Gordon Bennett Cup to Alan R. Hawley, winner of the last international balloon race.

A statement, setting forth the grounds of the contest of the American right to the trophy, alleged first, that the American Aero Club did not enter its contestants two months in advance of the race, as is provided by the rules, and again that Hawley failed to furnish the commands required by the International Aeronautic Federation, his log book being illegible.

Post, piloted the balloon America II from St. Louis to Peribonka River, Saguenay district, Quebec, a distance of 1,171 1/2 miles. Oct. 27-19, 1910.

Boys Had Feet Crushed.
Kingston, Dec. 30.—Thomas Clifford, aged 7, of Deseronto, had a very narrow escape from death yesterday. He was riding on a farmer's sleigh and fell off just as the railway crossing. His foot fell on the rails and the train crushed one side of it into pulp. He was operated on at the Hotel Dieu Hospital. After the accident the boy walked some distance. He did not seem to have sustained serious injury, as the rubber he wore was not even cut.

Militia Changes.
Ottawa, Dec. 30.—Militia orders issued yesterday announce that Major B. A. Helmer is appointed director of musketry and Albert E. Swift inspector of small arms.

Col. A. Roy becomes D.O.C. for the Quebec district, in place of Col. Gordon, who has been retired.

Power Proposition for Kingston.
Kingston, Dec. 30.—Iroquois capitalists have secured water powers adjacent to Calabogie, Renfrew County, and intend to build a dam at Calabogie and if there is sufficient market will transmit power through Eastern Ontario. M. Beach, who is here representing the capitalists, says he can provide Kingston with electric energy for not more than \$20 per horse-power.

Fortunes For Aviator.
Paris, Dec. 30.—Nearly \$200,000 in airplane prizes remains to be won before Jan. 1, but the weather is bad and there is small chance of new world records being made in the interval.

Maurice Tabuteau and Henry Fagnoux yesterday tried to beat Le Gagneux's record for the Michelin Cup, but a fog compelled them to descend at the end of three hours.

"Billy, the Gambler."
Calgary, Dec. 30.—Harry Steele shot himself in the stomach yesterday and is not expected to recover. He expressed regret that he was unsuccessful. He is about 35 years old, and came here from Crow's Nest, where he was known as "Billy the Gambler." His former home was in Montreal. He had been working here in a cafe.
