FRIDAY, OCT. 1.

BREAKFAST—Melons. Farina, sugar and cream. Corned-beef hash. Muffins. Coffee.

LUNCHEON—Eggs with tomato sauce. Celery sandwiches.

DINNER—Cream of rice soup. Baked cod-potato stuffing. Lima beans. Cucumber salad. Apple pie. Cheese.

Cut the recipes out and paste them in a scrapbook.

Eggs, with Tomato Sauce—Boil six eggs hard; cut lengthwise and lay in a dish; cover with tomato sauce; stand over hot water about ten minutes.

For the Sauce—Cook slowly one pint of tomatoes, with a slice of onion, a bit of parsley, two or three cloves and a bay leaf, for fifteen minutes; then strain. Melt a tablespoonful of butter; add a tablespoonful of flour, then the tomato and stir until it thickens; add also a half-teaspoonful of salt and a half-teaspoonful of pepper.

Celery Sandwiches—Take the tops of young celery; wash carefully; cut between thin slices of bread that have been spread with mayonnaise dressing.

Cream of Rice Soup—To one quart of clear stock add one cup of rice, a dash of onion juice and a sprig each of celery and bay leaf. Boil one-half hour and put through a sieve. Scald one and one-half cups of milk and add to the strained rice, with a heaping teaspoonful of salt and a quarter teaspoonful of pepper. Just before serving add half a cup of cream. If you haven't the cream, two tablespoonfuls of butter makes it very tasty.

Baked Trout—Have a trout weighing about four pounds. Moil three pointing toes, good-sized ones; mash with two tablespoonfuls of butter, a teaspoonful of onion juice, a saltspoonful of salt and a half-saltspoonful of pepper. Stuff the fish with this, sprinkle with salt and pepper, and put in dripping-pan with two tablespoonfuls of butter, six tomatoes and half a cupful of water. Bake in moderate oven fifty minutes. Serve with the tomatoes and slices of hard-boiled eggs.

Cucumber Salad—Slice three cucumbers and one onion and let stand in ice water one hour. Lay them on crisp lettuce leaves and serve with French or mayonnaise dressing.

Apple Pie—Rub together one scant cupful of flour with two tablespoonfuls of lard and one of butter and a saltspoonful of salt. Wet with just enough cold water to make a stiff dough. Roll and line a deep pie tin. Have some apples sliced thin, and have plenty of them—the pan should be heaped. Half a cupful of sugar is usually enough to sweeten the apples. Grate nutmeg over this and dot small bits of butter all around. Lay the upper crust over them; wet the edges and press together. The top crust should be perforated in the middle. Bake in a moderate oven 45 minutes.

The cheese, to be very appetizing, should be grated and laid in a dish on a dainty dolly.

THERE is not a more dangerous class of disorders than those which affect the stomach and bowels. Nullify this danger with Dr. Thomas' Colic-tric Oil—a pulmonary of acknowledged efficacy. THE QUAIL SEASON.
Many are under the mistaken impression that the quail season opens tomorrow. The season really begins on Oct. 16.

SUSPICIOUS DISAPPEARANCE.

Charles Elliott, of Byron avenue, a middle-aged man, has left the city under suspicious circumstances. He borrowed money right and left before going, and to some gave in return notes which are now believed to be forged.

While in charge of a bankrupt stock in the East End, belonging to a local wholesale firm, he raised money by mortgaging the stock which he declared on oath to be his own. He redeemed this mortgage shortly afterwards by money which he had borrowed from his relatives in London township.

Speeches, eulogistic of the departing officers, were made and responded to, and songs were sung in great variety. Messrs. Vurley and Kennedy, who have been ordered to New Brunswick, have been among the most popular non-coms. at the barracks for years.

CHANGES AT THE MARKET

Market Gardeners May Have Movable Tables at the West Side of the Bazar.

The fire and light committee of the city council met last night, with Ald. McCallum (chairman), Olmstead, Hunt, Draneay, Stevely and Taylor, Secretary Bell and Chief Roe present.

A petition was received from Mrs. George Cartledge, Mrs. Whitaker and a number of other market gardeners, asking permission to erect tables at the west side of the market bazar. It was claimed that the tables would be a great benefit, not only to the vendors, but also to the buyers.

On motion of Ald. Taylor, the request was granted, on the condition that the tables be movable and that they be taken away at the close of the market. The petitioners will erect the tables at their own expense.

Mr. John McNeil, chairman of the board of managers, referred to the address, Rev. Mr. Talling said it made him feel a sort of humility at receiving so much more than he deserved, but it was only another evidence of the sterling character of the people among whom he had labored. He did not suppose there was another church in Canada where the congregation gave as much in proportion to their means towards the preaching of the gospel. They gave an average of \$42 per family, and there wasn't a rich man in the church. He referred to the many presents given him, and said: "I cannot tell you, dear friends, how much I regret leaving London, with its pure water, its clean journalism, its faithful police force, its splendid educational privileges and nobly-mannered pupils. He regretted to sever his connection with the university, the Baconian Club, the London Presbyterian Council, the Ministerial Association, and above all, St. James' Church. He would look back upon the seven years spent here with pleasant memories.

Rev. A. Stuart spoke of Mr. Talling in high terms. He commended the step the pastor was about to take, and wished he had done the same thing himself in his younger days. Times had changed since then, he said, when pastors occupied pulpits for 20 or 40 years. As a general rule now long pastorate were not the best for the people.

The meeting closed with the singing of "God be with you till we meet again."

EAST END CHICKEN THIEVES

Caught in the Act, but Escaped—Made a Large Haul.

Chicken thieves were prowling around the East End yesterday morning, and made some very daring steals. The chief losers were Messrs. Marshall Smith and Alfred Allan, of Queen's avenue, east of English street. Mr. Smith was awakened by a noise in his coop, and on getting up saw a man dragging some of the fowls to the side-purse. Mr. Smith gave chase, but the thief jumped into a democrat wagon, in which a companion was seated, and the two drove off. Other coops were raided with less success than the two mentioned, but the scamps secured a large number of birds.

The City Water Supply.

The New Springs Will Add 700,000 Gallons Per Day.

The Price for the Griffith Property \$8,500—The Sherry Property to Cost \$3,000—A Storage Pond.

The postponed meeting of the water commissioners was held yesterday, Chairman Cowan, Mr. Judd and the officials attending.

The chairman announced that Mr. Griffith, of Byron, had at last agreed to accept the offer of the commissioners, made two years ago, for his property on the north side of the river at Byron. The price is \$8,500, to be paid in a lump sum or in four annual installments, at 4 per cent interest.

Engineer Moore said that the Griffith springs would yield about 25,000 gallons per day. The mill pond on the property would be turned into a storage pond.

The board secures everything on the property, excepting the mill. Mr. Griffith agrees to assume half the responsibility for any damages that may be caused to adjacent property by the board's action.

The chairman reported that the purchase of the Sherry property on the north bank, would be consummated a few days. The price is \$3,000, to be paid in three annual installments. The Ward property is to be acquired by arbitration.

The new land secured by the commissioners on both sides of the river is expected to add from 600,000 to 700,000 gallons per day to the city's water supply. The springs will all be tapped by next summer.

The board's receipts during the quarter ending Aug. 31 were \$34,671 26, of which \$16,246 21 was in water rates, and \$17,990 25 in bank balances. After expenses a balance of \$13,845 25 was carried over.

During the week ending Monday, 17,292,090 gallons of water were pumped. There is 10 feet 6 inches of water in the reservoir.

REV. MR. TALLING AGAIN HONORED

Presented With an Address and a Standard Dictionary by His Congregation.

Rev. Mr. P. Talling, B.A., the retiring pastor of St. James' Presbyterian Church, was again surprised last night at the weekly prayer-meeting, and presented with an address and a beautiful "Standard Dictionary," handsomely bound in morocco.

The attendance was one of the largest ever seen at a prayer-meeting in the history of the church. Mr. Talling read Psalm xxiii, and spoke of it as his mother's favorite and associated with his boyhood days.

The address was read by Rev. D. C. Johnston, and was highly eulogistic of Mr. Talling's efforts during the past seven years as a diligent and devoted minister of the people. His official connection with the Saturday early closing movement and the more recent effort to provide hospital accommodation for the sick and suffering was an excellent proof of this. In the work of the Ministerial Association and the Presbyterian Council he had taken a prominent part. His labors had been greatly blessed among the young people, and the gratitude and harmony that had prevailed in the congregation and between Mr. Talling and his brother ministers had been noted by all.

The address referred to Mrs. Talling in the most affectionate terms. As the efficient president of the Ladies' Aid and other works, her services had been faithful and cheerfully rendered. It was signed on behalf of the congregation by Rev. D. C. Johnston, clerk of the session; Hugh Omond, superintendent of the Sunday school; and Neil McNeil, chairman of the board of managers.

In reply to the address, Rev. Mr. Talling said it made him feel a sort of humility at receiving so much more than he deserved, but it was only another evidence of the sterling character of the people among whom he had labored. He did not suppose there was another church in Canada where the congregation gave as much in proportion to their means towards the preaching of the gospel. They gave an average of \$42 per family, and there wasn't a rich man in the church. He referred to the many presents given him, and said: "I cannot tell you, dear friends, how much I regret leaving London, with its pure water, its clean journalism, its faithful police force, its splendid educational privileges and nobly-mannered pupils. He regretted to sever his connection with the university, the Baconian Club, the London Presbyterian Council, the Ministerial Association, and above all, St. James' Church. He would look back upon the seven years spent here with pleasant memories.

Rev. A. Stuart spoke of Mr. Talling in high terms. He commended the step the pastor was about to take, and wished he had done the same thing himself in his younger days. Times had changed since then, he said, when pastors occupied pulpits for 20 or 40 years. As a general rule now long pastorate were not the best for the people.

The meeting closed with the singing of "God be with you till we meet again."

OVERCOMING DIFFICULTIES.

How to Remodel One's Personal Appearance.

Women are certainly brave enough when it comes to suffering in the cause of personal beauty. Every woman, whatever her opinion of the propriety of the abstract, seriously and earnestly desires to be beautiful herself, and is willing to endure the most painful torture to achieve the desired result, says the Philadelphia Times. The one absolute requisite for personal beauty is a clear, fine complexion, which wrinkles must not be allowed to disfigure. And the woman who desires to rid herself of wrinkles, crowfeet and to generally improve the condition of her facial cuticle must retreat from the world for a time, enter the abode where beauty, skin deep, is manufactured, and submit to a course of treatment which, as a mere cure for disease, would seem appalling—for it literally means being flayed alive by acids and electricity.

When she emerges with a faultless skin of babyish texture, she will then begin the study of her features, and, if not found satisfactory, they too, in turn, must be doctored. The nose must be straightened by wearing a metal mask, the mouth must be the proper artistic size by a surgical operation, and the eyebrows arched to a symmetrical curve.

The triumph of surgery, however, lies in the manufacture of the fascinating dimple, and not only is the artificial dimple painful to acquire, but it is more expensive than a tailor gown and spring bonnet combined. Three hundred dollars is the smallest sum for which a new and coquettish dimple can be added to the feminine cheek.

The two greatest difficulties to be encountered in this remodeling of personal appearance is the reduction of surplus flesh for the women, and the creating of adipose tissue for the lean woman. The stout woman who wishes to become graceful and sylph-like must practice a strict diet and undergo a series of daily exercises that will prove a pain as well as a weariness to the flesh; while the substituting of Venetian proportions for an emaciated figure

COST OF THE ASSIZES.

A Little Below the Average—The Jury's Presentment.

The expenses of the Middlesex fall assizes, as shown by the list of County Treasurer McEvoy, is \$477 80. This is a little below the average, and is accounted for by the expeditious way in which the cases before him were disposed of.

The jury summoned, 44 attended, and were paid \$2 per day and 10 cents per mile for traveling expenses. The total number of miles covered was 621. The twelve constables received \$58 80 because they were on duty for 18 hours.

They received \$32. Their total mileage was 210 miles. The greatest distance covered by any juror was 23 miles, by W. Webster, reeve of Mossa.

The presentment of the grand jury was handed to Sheriff Cameron by Mr. W. Jackson, of London township, foreman of the jury. It referred with great satisfaction to the light criminal calendar, and spoke highly of the condition in which they found the asylum and county jail. In the former there were 1,065 inmates, and in the latter 26.

CHARMED BY HER FRANKNESS.
He met her in the park, Just a little after dark, And the wheels they rolled with a crash!

Then he helped her to her feet—She was young and fair and sweet—And they both emerged uninjured from the crash.

"Oh, maiden, fair," said he, "I pray you, pardon me, I would not have it happen"—but she stopped him there to say: "I was wrong as you must own. For, woman-like, I didn't turn my wheel the proper way."

For a moment he was dazed, Man was never more amazed Than he to hear such frankness from that maiden fair and sweet; But he caught his breath again, Introduced himself and then, At once proposed to lay all his possessions at her feet.
