TORONTO, May 5.-Trade lacked activity at the Western cattle market today.
The same feeling which marked yesterday's business was in evidence. The The same feeling which marked yesterday's business was in evidence. The prices of cattle remained much as they were yesterday. While they were steady there were indications of an easier feeling and a further drop would not be a surprise. Calves were a shade lower. Many of them were bought at \$5. Lower levels were reached for sheep. Ewes ran from \$5.50 to \$6, and culls and backs from \$4 to \$5. It is probable that the lower prices for the stock will rule for a time. Lambs also suffered a decline. The grainfed yearlings sold at from \$3 to \$6 each. No change was made in the price of hogs. There were going at \$8.75 f. o. b., and \$9.9 fed and watered. The arrivals of stock for yesterday and today were 1500 cattle, 300 sheep and lambs, 500 calves and 1800 hogs.
