LAST
EDITION

51st YEAR. No. 22084 Tomorrow's Weather—Fine, Very Warm.

THE LONDON ADVERTISER, WEDNESDAY, JULY 15, 1914. TWELVE PAGES

Sun rises 4:49; sun sets 7:58.

PRICE TWO CENTS.

Premier Roblin to Give Up Fight if First Deferred Election Is Lost—Many Cities Attempting to Deport Able-Bodied Men—Five Hundred Londoners Enjoying Themselves in Toronto—Damaging Testimony Against Mrs. Carman Given by Negro Maid.

OPENS SUBWAY NEGOTIATIONS
WITH DOMINION COMMISSION

Board of Control Seeks Informal Interview to Secure an Estimate of Eliminating Grade Crossings in London—City's Share Will Be Fixed at the Conference.

Through the city solicitor, the board of control has opened up a correspondence with the Dominion Railway Commission for an informal interview with the chairman of the commission for the purpose of discussing the subway question in London. At the last meeting of the city council this matter was referred to the board with instructions to ascertain what steps are necessary for the city to take in order to get the Government grant toward subway construction.

The Ridout street crossing was recommended for the first subway, and plans for eliminating the tracks at grade on this street are now being prepared in an amended form, the previous plans having provided a greater width than was deemed necessary.

Upon the interview will depend largely how much the city will have to pay toward this expenditure. The whole cost has been estimated at about \$50,000, and the city's share of this has been put down at about \$13,000.

READERS' GENEROSITY
GIVES AN OUTING TO 23

Twenty-Two Kiddies and One Mother Sent Countrydwars To Have Holiday That Would Otherwise Have Been Denied Them.

The Advertiser Fresh Air Fund has reached the \$30 mark, and for the present, additional contributions will not be required. Donations have been received from the following readers:

34 1-2 ACRES IN
W. LONDON SOLD

Fred J. Nash Has Completed Transaction With James Greig.

PRICE PAID IS \$10,000

Another Ten-Acre Plot in the Eastern Section Sold to Toronto Man.

One of the most important real estate transactions in the history of West London was completed today, when Fred J. Nash, real estate dealer, sold to James Greig, proprietor of the Clyde Hotel, 24 1/2 acres fronting on Oxford street, north of the C. P. R. The property is part of the old Coombes property, and while Mr. Greig has not decided for what purpose he will use the property, it is probable that he will subdivide it. There has been some talk of constructing a summer hotel on the property and having mineral water piped to it. The price paid was about \$10,000.

Mr. Nash has also sold about ten acres on Second street to Hensall & Wood, of Toronto. The property has already been subdivided. The price was not made known.

Our Fish Story
EVEN THE FISH NEED
GASOLINE THESE DAYS

[BY OUR STAFF FISH LIAR.] Onekama, Mich., July 15.—Leo Kelly, director general of Portage Lake, has solved one of the oldest of mysteries. Kelly operates the motor boat ferry service. A few weeks ago Kelly observed a mysterious disappearance of gasoline from his reserve tank in the boat. Each night a gallon or more of gasoline disappeared. Kelly searched for leaks, tested his valves and could not find the cause of the shrinkage in the supply. He began to suspect that someone was pilfering during the night. Two nights ago off Red Park he heard a faint put-put-put—dead ahead. The night was clear and he could not see any power boat ahead, but blew his whistle, slowed down and peered into the night. Not a sign of a vessel could he see.

Last night he solved the mystery. Watching his vessel to learn the cause of the loss of gasoline he heard an odd sound under the keel and casting his light down to the surface of the water, he saw an eighteen-pound picker sucking gasoline from the escape pipe at the water line.

PROMPT ACTION
SAVES HIS LIFE

Application of Pulmotor Restores Electrocutted Lineman to Consciousness.

WAS CAUGHT IN TREE

London Electric Employee Shook While Working on Wharfedale Road.

J. D. Fulcher, 472 Charlotte street, a London electric lineman, was saved from death by electrocution by the prompt application of the fire department pulmotor at noon today. Fulcher was working with a gang on Wharfedale road near Oxford. Reaching up into a tree he accidentally threw a wire across another, forming a short circuit and throwing the full current into his body. His body stiffened out and, losing his grasp of the limb on which he was working, he fell. Branches of the tree providentially saved him from dropping to the ground.

Fellow-workmen carried him to the ground and endeavored to restore him to consciousness with a small respirator they had in their emergency kit. The pulmotor, however, restored the man to consciousness, and he was removed to his home in the police ambulance.

VILLA RESTING UP

Will Move On Mexico City Within Eight Days.

[Canadian Press.] El Paso, Texas, July 15.—General Francisco Villa, his staff and a small escort arrived today at Juarez to spend a few days at the border. The northern divisional commander is expected to return south and have his entire army moving toward Mexico City within eight days. The Villa troops are spread over Southern Chihuahua, while at Juarez General Villa will arrange for supplies. While it is known that his supply of artillery ammunition is ample, he is short of rifle cartridges.

Can See Sights of
Toronto After All

Lucky Mr. Ranahan Lost Glasses While Train Was Going; Trackman Found 'em and Caught the Train.

[Special to The Advertiser.] Toronto, July 15.—More than 500 Londoners, on the annual excursion of the London Retail Grocers' Association, are here sightseeing. Refreshments galore, more than 150 large baskets, were distributed through the coaches enroute. The baggage car, converted into a refreshment booth, kept others happy.

ANOTHER LIBERAL
DECLARED ELECTED

R. J. McCORMICK, the doughty fighter in East Lambton, to whom Judge McWatt has awarded seat.

LE PAS DEFEAT
MEANS ROBLIN
WILL GIVE UP

Both Parties Depend on the Result of First Deferred Election.

OTHERS MAY GO SAME WAY
If Roblin Loses, All Three Parties Would Be Tied.LAST SPEECH INDISCREET
Former Premier Injured His Chance by Vicious Attacks.

[Special to The Advertiser.] Ottawa, July 15.—Word has been received at Ottawa that if the deferred election in Le Pas goes against the Manitoba Government Premier Roblin will throw up his hands and send in his resignation.

There are three deferred elections in the northern part of the province. That at Le Pas is fixed for July 30. The others come later.

Parties Would Be Tied.

It is believed that Le Pas will indicate how the others will go. Should the Government lose the three they would have a majority of but one in the legislature, and when a speaker had been elected the two sides would be equal.

Hurt His Chances.

Both parties are said to be bending their energies to the winning of the Le Pas seat. Speeches by Sir Rodmond Roblin after the recent election are said to have hurt the chances of the Government in Le Pas.

FROM DEATH BY USE OF
THE CITY PULMOTOR

J. D. FULCHER.

DETROIT MAN
TAKES OWN LIFE
AT LAKE RESORT

Throws Himself Into Water While Temporarily Insane From Nervous Breakdown.

BODY WASHED TO SHORE

Fateful Wind Brings Remains Back to His Own Cottage Terras Beach.

A FRUITLESS SEARCH

Patrol Beaches and Search Country After Learning of Disappearance of Patrick.

[Special to The Advertiser.] Ridgetown, July 15.—Escaping from his cottage at Terras Beach, five miles south of Ridgetown, at 12 o'clock last night, Cuthbert Patrick, aged 28, a wealthy Detroitier, threw himself in Lake Erie. This morning his body was washed upon his own beach an off-lake wind having carried back all that was mortal of the unfortunate man, to almost his own doorstep.

Under medical care for the past three years Patrick was the victim of a nervous breakdown, and the successful attempt to take his own life is believed to have been accomplished while temporarily insane. For the past six weeks he has been staying with his wife at Terras Beach, and during that time was under a physician's care.

As soon as his absence from the house was noticed last night, a search was instituted by the cottagers. The beach was patrolled, boats put out into the lake for some distance and the surrounding country was searched, but no trace was found until the dawn, when the body was discovered on his own beach.

It was immediately brought to the undertaking parlors of J. C. Locke, Ridgetown, from where it will be forwarded to Detroit for burial this evening.

Patrick is survived by his wife only. The tragedy and the part that fate played in washing the body back to his own cottage has thrown a pall over the summer gaiety of Terras Beach. Because of his nervous trouble Patrick was not as intimate with his cottage neighbors as the most of summer resorters are, but the sympathy of the entire beach has gone out to the young widow who is prostrated by the tragic death of her husband.

REFUSED AID;
RESIGN POSITIONS

Bathing Camp Instructors Refuse Responsibility For Bathers' Safety.

WANTED AN ASSISTANT

Work of Looking After 400 Swimmers a Day Too Much For Lone Couple.

Mr. and Mrs. John Pourée who this year entered on their third season in charge of the city's south end bathing camp at the foot of Rectory street, today sent in their resignations to City Engineer Ashplant to take effect at once.

For over a month Mr. Pourée has been trying to get an assistant on busy days, as he and his wife look after the comforts of the bathers, give instructions, mend the bathing suits and are responsible for good behavior on the beach. As many as 400 have been in swimming on some afternoons, and girls especially, take advantage of the bathing opportunities and have been responding in larger numbers on every ladies day at the camp.

For his work Mr. Pourée draws a salary of \$15 a week, while Mrs. Pourée is paid \$5 a week. Mr. Pourée said today that he did not want his wife to become a washerwoman for the city, and because the city would not investigate and ascertain the increase in the amount of work at the camp he did not want to be further responsible for an assistant on busy days.

The resignations will come up at the meeting of the board of control on Friday.

"I want somebody to come out and take over the city property and give me a receipt for it by Saturday," said Mr. Pourée today.

Enmeshed in Net of Evidence

Mrs. Florence Carman.

A Tribute to The Advertiser's
London Development Number

John F. Langan, one of the owners of the Vancouver Sun, and one of the best known capitalists, who is at present residing in Vancouver, has written to The Advertiser as follows:

"Your special edition of July 13 is one of the best pieces of city advertising I have seen anywhere during my twelve years of development work in Western Canada.

"I have never seen anything better. The editorial page is an inspiration to the young manhood of London and should be effective.

Yours very truly,
JOHN F. LANGAN.NEGRO MAID SAYS
MRS. CARMAN RAN
THROUGH KITCHEN

This Directly Contravenes the Statement of Accused Widow.

HUSBAND LOYAL TO HER
Swears the Hand That Came Through Window Was That of a Man.

[Canadian Press.] Mineola, N.Y., July 15.—More details of the story of the Carman's negro maid, Celia Coleman, as told the grand jury yesterday, became known today at the Bailey murder trial.

Besides saying that Mrs. Carman had hurried through the kitchen from the backyard immediately after the shot which killed Mrs. Bailey was fired, the girl, it is understood, said Mrs. Carman had on a kimono at the time. Mrs. Carman herself said she wore a kimono but insisted that she was in her bedroom.

Saw a Man's Hand.

Dr. Carman, who is here, said today that he was sure the hand thrust through the window going to the Carman place, was a man's. He recalled he said, that on the wrist he saw a man's cuff.

Alvah Smith and Daniel Raynor, members of the grand jury and close friends of the Carmans, asked to be excused from the jury today. Their request was granted. Their withdrawal still left a quorum of grand jurors and the proceedings will not be invalidated.

Niece to be Summoned.

With the resumption of the hearing District Attorney Smith announced that he had issued a subpoena for Mrs. Ellen Corby, a niece of Mrs. Carman. It is understood that she was one of the two women who have been sought since the shooting, and said to have been in the doctor's office and who fled when they heard the shot fired.

The first witness examined today was Henry De Beau, who testified to seeing Mrs. Bailey going to the Carman place. It was thought likely that Mrs. Carman would not be called before the jury. His counsel had agreed to waive immunity for her, but in the opinion of the district attorney it was not necessary to have her testimony today.

CRUDE OIL CHEAPER

Pittsburg, July 15.—Further reduction in the price of crude oil was announced here at the opening of the market today. Following are the prices: Penna. crude, \$1.70; Mercer black, \$1.27; Newcastle, \$1.27; Cabell \$1.32; Somerset, \$1.02. The reduction in Penna. was five cents a barrel.

Health Hints for
Hot Days

Some person, believing the city engineer capable of solving human afflictions as well as public works grievances, has written a letter to Engineer Ashplant asking for instructions on what to do in the hot days. The person having written in a facetious tone Mr. Ashplant replied in the same tone.

He said:

Don't eat anything.
Chew it thoroughly.
Don't drink ice water.
Boil it.
Let your wife have her way.
Give your thermometer to your enemy.
Avoid vacations, excursions.
Avoid change of dogs.
Don't discuss the following: Heat records, immigration, tariff, street oiling, minimum wage, garbage bills, tire trouble, new thought, cubist poetry, creditors and debtors.

STEEL COMPANY TO EXTEND.

[Canadian Press.] Hamilton, July 15.—A sign of returning prosperity was contained in an announcement made today by Basil Magor, vice-president of the National Steel Car Company, that his concern had let the contract for an extensive addition to its passenger car department.

THE WEATHER

LOCAL TEMPERATURES.

The following were the highest and lowest temperatures recorded in London during the 24 hours previous to 8 o'clock last night: Highest, 76; lowest, 66.

The official temperatures for the 12 hours previous to 8 o'clock today were: Highest, 76; lowest, 66.

TOMORROW—FINE, VERY WARM. Toronto, July 15—8 a.m. Forecasts.

Today—Moderate easterly winds; fine and warm.

Thursday—Moderate southerly winds; fine and very warm.

Temperatures.

The following were the highest and lowest temperatures during the 24 hours previous to 8 a.m. today:

Stations.	High.	Low.	Weather.
Calgary	82	54	Clear
Victoria	72	54	Cloudy
Winnipeg	72	54	Cloudy
Port Arthur	72	54	Cloudy
Parry Sound	72	54	Cloudy
Toronto	82	66	Clear
Ottawa	84	64	Clear
Montreal	88	66	Clear
Quebec	88	64	Cloudy
Father Point	68	52	Cloudy

The disturbance is still centred just south of Lake Erie, and is gradually dispersing.

Showers occurred yesterday in parts of Southern Ontario and during the night in Manitoba and Eastern Quebec, but the weather has been for the most part fine and warm in all the provinces.

HON. F. D. MONK LEFT BORDEN
GOVT. FEELING PUBLIC LIFE WAS
ROTTEN AND RULED BY GANG

Letter Written Before Death Expresses Supreme Disgust With Conditions—An End of Personal Interest and Egotism.

[Canadian Press.] Montreal, July 15.—A letter from the late Hon. F. D. Monk, who resigned from the Borden ministry over the naval issue, has been published in Le Veve here and in which the former minister said that public life in Canada was rotten and overrun with gang rule. It has been argued in Montreal that Mr. Monk really resigned from the Government on account of ill-health, and Le Veve has sought to contradict this belief. The letter in which Mr. Monk criticized public life was written to Raoul Carignan, of Lachine, in 1913, in explanation of his resignation over the naval issue. Mr. Monk also says:

"We are living in an era in which personal interest and egotism are the paramount considerations. In this young country of ours it is high time that we should conduct ourselves in political life as we conduct ourselves in the relations of private life—that is to say, with honesty and straightforwardness. A reaction is required."

Cities Will Deport
Many Good Men

More People Likely To Be Sent Out By Government Than Are Brought In—A Serious Situation.

[Special to The Advertiser.] Ottawa, July 15.—The Government is being inundated with applications for the deportation of stalwart men who are without employment. Ever since the administration announced that it would remove forty-five Ruthenians from its doorstep in Ottawa, other communities have been taking the stand, following the example. Now the movement has become most popular. Every place which has idle men wants to get rid of them.

May Be Deported.

Where a man who has come to Canada within the past three years finds himself out of money and employment and has to support his family, he becomes liable to deportation as one who has become a public charge.

More Out Than In.

It has been semi-officially stated that the exodus of people from Canada would be greater this year than the influx. At the rate the deportation movement is growing it looks as though the exodus would be very much greater.

There is considerable alarm developing over the number of people who are leaving Canada.

POTATOES GROWN WHERE
WATER WAGONS STOOD

Progress Has Eliminated City Storage Shed Replacing It With Fine Crop of Tubers.

Just what city progress is sometimes becomes hard to determine when one finds a flourishing crop of potatoes growing where once a building stood, on a site that is near to the heart of the city.

Some time ago the old familiar landmark on King street, west, given the appellation of shed, where the city's road scrapers, sprinkling carts and other vehicles in connection with the work of the board of works were stored, was torn down.

It was understood that another building was to be erected in its stead.

NIAGARA FALLS IN GALA ATTIRE TO
WELCOME MASONIC DELEGATES

Reports to Grand Lodge Show Increasing Prosperity—425 Lodges Are Now Enrolled.

[Canadian Press.] Niagara Falls, Ont., July 15.—The 59th annual communication of the grand lodge of Canada, A.F., and A.M. opened here today in the Arena Bink. The city is in holiday attire and banners and flags float in the breeze everywhere. The attendance is expected to reach from 1,000 to 1,300. In connection with this communication, Grand Master W. D. McPherson, K.C., M.P.P., of Toronto, and the officers of the Grand Lodge of Canada are joined with the grand master of the grand lodges of the United States and other provinces of the Dominion, to the number of 35 celebrating the 100 years of peace that have existed between the United States and the British people.

First Romance of
New City Hall

Stenographer and Reporter Are Spent Block's First Victims of Cupid.

The first romance in the Spence block, now known as the city hall, has come to light. The affair could enter the building several months ago and Arthur Fisher, then a reporter of the Advertiser, and Miss Myrtle Denison, stenographer in the office of the city recorder, were the first victims of Cupid.

Miss Denison, who is now Mrs. Fisher, is a valuable employee in the office and this morning the board of control decided to keep her in her present position. Her marriage would perhaps be a secret if an order had not been entered to change her name on the city records from Myrtle Denison to Myrtle Fisher.
