Pursuant to a resolution passed at a meeting of the executive of the Dominion Temperance alliance, held in August, a special convention of the Ontario branch was commenced yesterday at the Richmond street Methodist Church. The object of the meeting was to consider the duty of the enforcement of the Scott Act and to decide on some policy for the future. The sessions in the afternoon and evening were both well attended, over 200 delegates registering.

In the absence of Hon. S. H. Blake, president of the provincial branch, W. H. Howland of Toronto was voted to the chair. A committee was appointed to draw out a program of the business to be transacted at the convention. On recommendation of this committee, a committee composed of representatives from counties where the Scott act is in force was named to report on the working and management of the act is in force was named to report on the working represented that the act is a partial evening. OFFICE OF THE CANADA PACIFIC TRADING & IMPORTING Co. (LIMITED), 120 BAY STREET. TORONTO, 15th September, 1885.

To our Customers and the General Public—Ladies and Gentlemen:
As you are, no doubt, aware that some months ago the authorities investigated our system of doing business in counection with our Prize Distribution, and when the case was called before Justice Armour at the High Court of Justice, the learned Judge dec ined to try the case, as we had committed no offence against the laws of this country, our method of awarding prizes to purchasers of Ters and Coffees being perfectly legal.
But although our business is just what we intended it to be, perfectly legal and legitimate, yet, unfortunately, the prosecution was a great annoyance and inconvenience to us in our business, as during the time we were before the courts our customers became somewhat alarmed, fearing that purchasers would also become liable to prosecution, and for a time deferred placing their orders. Consequently business with us was at a standstill, and that being the case we were somewhat put out in our calculations. As per advertisement we stated the 18th September, 1885, would be the day of distribution grizes, but we very much regret to have to inform you that, for reasons as stated, we find it necessary to postpone the daie for distribution of prizes until the 21st December, 1885, when the awards will positively take place. No doubt but many of our customers will feel disappointed, but when you consider the cause of postponement, we think, under the circumstances, none will object. The postponement is but for a short time—21st December will.
