

Weak Heart

Many people suffer from weak hearts. They may experience shortness of breath on exertion, pain over the heart, or dizzy feelings, oppressed breathing after meals or their eyes become blurred, their heart is not sufficiently strong to pump blood to the extremities, and they have cold hands and feet, or poor appetite because of weakened blood supply to the stomach.

The ingredients, as stated under each, are Stone root (Collinsonia Canadensis), Bloodroot (Sanguinaria Canadensis), Golden Seal root (Hydrastis Canadensis), Queen's root (Stillingia Syriaca), Black ChERRYBARK (Prunus Virginiana), Mandrake root (Podophyllum Peltatum), with triple refined glycerine, prepared in a scientific laboratory in a way that no druggist could imitate.

This tonic contains no alcohol to shrink up the red blood corpuscles; but, on the other hand, it increases their number and they become round and healthy. It helps the human system in the constant manufacture of rich, red blood. It helps the stomach to assimilate or take up the proper elements from the food, thereby helping digestion and curing dyspepsia, heart-burn and many uncomfortable symptoms, stops excessive tissue waste in convalescence from fevers; for the run-down, anemic, thin-blooded people, the "Discovery" is refreshing and vitalizing. Stick to this safe and sane remedy, and refuse all "just as good" medicines offered by the druggist who is looking for a larger profit. Nothing but Dr. Pierce's Golden Medical Discovery will do you half as much good.

The sign in front of a Harlem restaurant attracted the eye of a farmer, and he went in. He had a raw, a fry, a stew, a pan roast, a grill, and a stein on toast. When he got through he laid a quarter on the cashier's desk, only to be told that he was shy a dollar and a quarter. "No, by jing," said the farmer. "A quarter's right. Doesn't your sign say, 'Oysters in every style for 25 cents'?"

There is said to be happiness among savage tribes where money is unknown. When a woman is cornered and doesn't know what to say she makes a noise like a laugh.

Flowers and Blood. A superstition dating from olden times exists to the effect that roses and flowers generally attain greater beauty in soil fertilized by blood, especially by human blood, than elsewhere. Persons who have visited Newmarket, England, know of the so called "bloody flower of Newmarket," which is found nowhere else than in the old moat, now filled up, and in which, according to tradition, a very large quantity of human remains is interred. These flowers bloom in June and July and by the bloodlike hue of their blossoms suggest the name which has been given to them.

Right Living. To be honest, to be kind, to earn a little and to spend a little less; to make upon the whole a family happier for his presence; to renounce when that shall be necessary and not to be embittered; to keep a few friends, but these without capitulation; above all, on the same grudging condition, to keep friends with himself—here is a task for all that a man has of fortitude and delicacy.

The Gloomy Englishman. The sap may be wildly running, the birds may be making love, and the sun brilliantly shining in a sky of exquisite blue, but in the heart of the average Englishman there seems a perpetual Good Friday, and in his mind the fixed idea that life is one long, unending Monday morning and the month eternally November.—London Tatler.

PAIN, LIKE THE POOR, ARE ALWAYS WITH US.—That position of man's life which is not made up of pleasure is largely composed of pain, and to be free from pain is a pleasure. Simple remedies are always the best in treating bodily pain, and a safe, sure and simple remedy is Dr. Thomas' Eclectic Oil. You cannot do wrong in giving it trial when required.

CHRISTMAS APPEAL FOR The Hospital for Sick Children

Dear Mr. Editor.—Thanks for your kindness in allowing me the privilege of appealing at this Christmas time on behalf of the Hospital for Sick Children, Toronto. I make this direct appeal to the people of Ontario, for the fathers and mothers of Ontario, outside the City of Toronto, have precisely the same claim for their sick children as regards the privileges of the Hospital, as parents who reside in this city. In brief the sick children from any place in Ontario whose parents cannot afford to pay, is, on certificate from a municipal officer of any city, town, village or township, treated free. This is a privilege granted by any Hospital in the Dominion, or on this Continent. Let me, in a few words, state that in the last 20 years, since 1891, there have been 4,731 patients from 450 places outside of this city treated free, as the parents were unable to pay for treatment. Last year 384 patients from 234 places outside Toronto were so treated. The Hospital is not a city but a Provincial institution. The Corporation of Toronto grants \$18,000, not only for city children, but towards the maintenance of every patient in the Hospital, and the citizens of Toronto donate an average of \$10,000 to the maintenance fund of the Hospital. It would take more space than you can spare to tell of the good work done for the sick and deformed children of this Province. Why, in the Orthopedic department in 20 years, nearly 700 children, boys and girls, have been treated for club feet, and about 600 were corrected. Two-thirds of these came from places outside of Toronto, from parents who could not afford to pay. Surely we have a fair claim for help from the people of this Province. Every day is Christmas to the child whose little life is saved, or whose crippled limb is straightened with the might of money—your money—and the mercy of the Hospital. Will you, the reader of this letter, think of what your dollar will do? It helps to restore health and strength, and gives sound limbs and straight feet to crippled boys and girls. You give wealth to the Hospital, and the Hospital gives health to the children. Yes, your money can put golden hinges on the door of the Hospital's mercy. Will you, kind reader, help us and send a spare dollar to Douglas Davidson, the secretary-treasurer of the Hospital, or J. ROSS ROBERTSON, Chairman of the Trustees, Toronto.

Drawing the Disease Out. The Chinese have a curious custom of trying to cure a sick man. A friend of the patient obtains a straight branch with a few leaves and twigs at the end. On this he hangs a mirror of polished steel, and under that one of the sick man's coats. Then he goes for a short walk, a priest in the meantime performing a ceremony. The coat, being carried in this way, is supposed to draw the disease from the sufferer.

Horse Distemper Prince Edward Farmer Solomny Declares "Nerviline" Is a Specific.

"After fifty years' experience in raising horses I can testify that no remedy gives such good results for an all-round stable linctus as Nerviline." Thus opens the very earnest letter of J. J. Evanson, who lives near Wellington, N. E. "I had a very valuable horse that took distemper a month ago, and was afraid I was going to lose him. His throat swelled and hard lumps developed. His nostrils ran and he had a terrible cough. I tried different remedies, but was unable to relieve my horse of his pain and suffering till I started to use Nerviline. I mixed a bottle of Nerviline and sweet oil and rubbed the mixture on the throat and chest three times a day and you would scarcely believe the way that horse picked up. Nerviline cured him. I also have used Nerviline for colic in horses and cows, and earnestly recommend it to every man that is raising stock."

Nerviline CURES QUICKLY. For strains, sprains, swellings, colic, distemper, coughs and colds, no liniment will prove so efficacious in the stable as "Nerviline"—it's good for man or beast, for internal or external use. Whenever there is pain, Nerviline will cure it. Refuse substitutes. Large bottles 50c, trial size 25c, at all dealers, or The Catarhazone Co., Kingston, Ont.
