"The Best is the Cheapest"

WE ARE the wire fence pioneers of Canada. We put wire fence on the market and were the first to make a standardized high-grade reliable fence. Since that time our enormous list of satisfied customers, greater probably than all other fence companies combined, has been built up by honest fence, honest wire, honest weaving, honest galvanizing. Page galvanizing is special and is the best that can be produced.

OUR customers see Page fence give 15 and 20 years of service. They willingly pay highest prices to get Page fence because they have seen "bargain fences" sag, rust and break long before an honest fence should.

TO-DAY we say buy Page fence for cash, at factory prices. Fence will be shipped quickly, freight paid, to your nearest station. Order from the Page warehouse nearest you, at Walkerville, Toronto, Montreal, or St. John, N.B. Page fence is easiest to get and has a greater choice of styles, and gives better service than any other fence offered in Canada to-day.

PAGE Wire Fence uses specially made steel wire. This is no empty claim. We actually use it. This wire has a high per-centage of carbon as compared with ordinary hard-drawn wire and is therefore much more tough, springy and strong. It costs more but the Page fence must wear best and it does. Our prices for cash to-day are the biggest value you have ever seen. Only experienced fence men will appreciate how big. Send your order to-day. These lowest cash prices are subject to change without notice. They include freight, according to territory, to your own railroad station. We keep big stocks at Toronto, Montreal and St. John.

"PAGE" FENCE IS A GUARANTEED FENCE

The Page Company is noted for its fair dealing and liberal guarantees. No matter what your experience has been in buying by mail you can trust this Company implicitly. We always have and we always will guarantee every rod of Page fence to be satisfactory and exactly as represented or we will take back the goods, refund your money and in addition pay you for your time and trouble. That's because we're absolutely sure of Page fence. Every trouble point in ordinary fences has been perfected out of the Page—every wire is the same length as the wire next to it, hence, when the fence is stretched, all wires have equal tension—there is no bagging or sagging. The locks absolutely do not injure the wires in the least and are a most secure fastening. The whole fence is a true, taut wall of steel protecting your crops and stock, putting big money in your pocket every year.

BUY AT THESE PRICES NOW. THEY MAY BE RAISED VERY SOON.

Wire of the "Page" quality tends to advance. Buy while we can make these prices on this present contract. It is money in your pocket. Miller's Worm Powders do not need the after-help of castor oil or any purgative to complete their thoroughness, because they are thorough in themselves. One dose of them, and they will be found palatable by all children, will end the worm trouble by making the stomach and bowels untenable to the parasites. And not only this, but the powders will be certain to exert most beneficial influences in the digestive organs.

THEY SOOTHE EXCITED NERVES - Nervous affections are usually attributable to defective digestion, as the stomach dominates the nerve centres. A course of Parmelee's Vegetable Pills will still all disturbances of this character, and by restoring the stomach to normal action relieve the nerves from irritation. The Beelchut crop this year is a complete failure. The result is that the red squirrels which are almost entirely dependent on them for their winter's food supply are to be seen quite thickly in the orchards eating apples. Eventually they will find their way into the barns. The red squirrel is an energetic little animal and refuses to starve as long as there is grain to be had.

House rats are reported to be very numerous this fall, both in town and in the country, but the most prolific lot of rodents yet reported selected the premises of Albert Hyatt, fifth concession, Romney township, as a likely place to spend the winter months. At a threshing bee at the Hyatt place the other day the men killed 187 rats, and it is said that there are still some left. The carnage created considerable excitement among the destroyers while in action.
