"YEARS AGO."

pect of the travelled track, over which they have been moving from childhoo upward into the "higher latitudes" of old age; and the vicissitudes, through which they have passed, afford many actively smooth, the danger of night subject for sober and fruitful reflection, and many a theme for every day con may not be very great; but when the storm is raging, and the tumultuous versation. We sometimes hear some old gray headed chronicler of the past billows are rolling wild and high, a beadetail events and incidents that demanded attention, and awakened general interest in by-gone days. "Years We have made these remarks to im ago," he will say, "there were no fric- press upon the minds of our juvenil tion matches -no sewing machines -no vocalists, correct notions with regard mowing machines-no telegraphic lines of instantaneous communication-and teachings of the song they delight to no railroads: all has changed since I sing. The worthies mentioned in the was a boy." Such a string of patent eleventh Chapter of Hebrews, are al truisms, garrulously uttered by an old "lights along the shore." Truisms, garrulously uttered by an old "lights along the shore."

A recount of ballots cast for Mess's and pleaded not guilty. The docket many is illustrative of marvellous progress—of modern go-aheadism. The surviving patriarchs in our own delight—flowe, on Wednesday, by His Honor Judge Savary. The numbers do not vary very much from those taken of improvement, which, almost impercept France and Germany (perhaps before) in liv, has been gradually extending under their own eyes, prate glibly of the mark stood higher than them all, like and the first cause of Whitman Assignee of McKewown so, McKewon now on, Morse which they have been borne along. Alps. Had his earthly career then end there have been seasons of discourage—ed, or had he then retired to private in the cause which was opened by Mr. Ray's is reduced by one. We ment and the hackneyed cry of "hard his earthly career then end there have been seasons of discourage—ed, or had he then retired to private in the cause which was opened by Mr. Had his earthly career then end there have been seasons of discourage—ed, or had he then retired to private in the cause which was opened by Mr. The docked not guilty. The docked not satisfing of 19 causes was then called and 18 were for trial. Motions were then heard, and the first cause of glass and iron, the distance of at least one-third of a mile. From no end to other of one of these are not easy one daily was held the variety of these and short was kitchie va. Mott, under the forcible duty and detainer act, which was being taken of private of the poll books. Mr. Longley's total wore, it will be seen, remains as before, while Mr. Ray's is reduced by one. We are informed, however, that if all discovered in the cause of Whitman Assignee of McKewon now on, Morse and Parker appearing for plaintiff and, Ruggles for defendant. S. L. Shannon, S. Rigby and S. Harrington are Counseling the cause of white the cause which was opened by Mr. Harrington.

Rambling Nortes By A TRAVEL—Besides the long range of machinery in one of th been numerous and various. Scarcity rope's prospective history than that of money—poor markets—weevil in the which posterity will ultimately accord wheat-potato rot-depression in trade, as well as other sources of discourage act with promptitude and energy in ment, at various times, have thrown some extraordinary emergency than to darkening and disheartening shadows over the country's prosperity. Yet, with all these drawbacks, there has been progress, and the circumstances of the people have been improving. In Empire, Bismarck has been the Emperevery respect their condition has been bettering. The eddies and counter currents in our river do not prevent the tide from rising: an untimely snow storm in mid April does not prevent the return of Spring; nor do temporar hindrances permanently arrest, the or wardness of improvement. By watch ing the grass for an hour, we do not see the grass growing, nor do we see the hands on the dial-plate of a watch mov ing-yet the grass grows in Summe and the indices of the watch are ever in motion. In like manner, though in some years the crops may be light, or some other cause of discouragemen may occur; yet, in looking over a serie of only a few years, pleasing progres

is unmistakably perceptible. It has been so in our country: it is so now. The present is a time of business de pression, and the mutterings of complaint are hard; but should we there fore be disheartened? By-gone season of discouragement have been, and have passed away. The teachings of history -the revealings of the past-and the experience of our predecessors on life's busy stage should tend to brighten th gloom of the present period, and chas away the demon of public despondency Years ago have left "their footprin on the sands of time," and they assur us that fluctuations and changes, from time to time, have been such that adverse circumstances have led men to fear that the sun of their prosperit had gone down to rise no more, leaving

aware that from Cape Hatteras to Newthe promontories and headlands along the coasts of Europe, the shores at night are luminously studded with light-houses, which after the sun ha gone down, throw a radiance upon the dark and perilous waters of the shore beating sea. They are lights for the
