TOO MANY HOME CARES
One Reason Why so Many Women Are Weak and Run-Down.
The work of the woman in the home makes greater demands on her vitality than men realize, and there is always something more to do. No wonder women's backs ache, and their nerves are worn out. No wonder why they get depressed and irritable, suffer from headaches, and always feel out of sorts. But of course all women are not like that. What is the difference?
A woman with plenty of healthy red blood in her veins finds work in the home easy; her vitality is at par. This points the way to health in women who feel run down and depressed. Make new rich blood. You can do it with Dr. Williams' Pink Pills. These pills have the marvellous property of building up the blood and toning up the nerves. That is proved by the case of Mrs. H. Eppinger, Scott street, Vancouver, B. C., who says:—"Dr. Williams' Pink Pills brought back my health and strength and restored my nerves to normal condition after other medicines had failed. It was after the birth of my second child that I became so anaemic and nervous that I thought I would lose my mind as well as my strength. I tried several medicines but got no relief until I was advised to try Dr. Williams' Pink Pills. After using a few boxes of these I could see a change. I felt stronger; my appetite was better, I slept better, and my nerves were stronger. I continued the use of the pills for some time, and again found myself a well woman, and I can sincerely say that my health has since been the best. I can cheerfully recommend the pills to all weak, run down women."
You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

DOUBLING CAPACITY
AYLESFORD—Building operations during the summer have been rather dull, but a considerable enlargement is now being made to the day school, which will greatly add to its convenience, especially now that there is to be an increase in the staff. The Aylesford Fruit Company are doubling the size of their Auburn warehouse, which will greatly facilitate the handling of future crops, and will be a great boon to the farmers of the district.

SHIPPING BLUEBERRIES
AYLESFORD—Blueberry picking has been providing employment for a considerable number of women and children and although a somewhat slighter crop than usual is reported, still a good business has been carried on, and considerable quantities of the fruit have been shipped to the United States as well as to various points in the province.

ANNAPOLIS PHYSICIAN BADLY HURT IN WRECK
ANNAPOLIS ROYAL—Dr. D. W. Byers, of this town, suffered a broken leg, the loss of several teeth and numerous cuts and bruises about the head and body and it is feared is internally injured, as the result of the touring car in which he was driving alone early this evening crashing into the railing of the highway bridge over the D. A. R. tracks.
He was unconscious when extricated from the wrecked car, and Dr. A. Robinson and Dr. L. B. V. Straine, his attending physicians, have been unable to get from him a coherent account of the accident. It is supposed that the steering gear of the car developed a defect which rendered the car unmanageable. The machine struck the end of the railing, which penetrated the radiator, breaking the engine from its moorings, and driving it back into the body of the car, where it crushed the driver's leg.
The car is practically demolished.
