The
Vest Pocket
KODAK

is a miniature in size—actually small enough to go into a vest or hip pocket—but a thoroughly capable, durable, practical and efficient photographic outfit.

A Kodak on the farm, not only means fun for the young folks, but has an every-day, practical usefulness as well. Tells the story of crops, new buildings under way—stock and poultry for sale, etc., better than any description.

And the Vest Pocket answers every outdoor need to perfection.

The size makes it as convenient to carry as a pocket knife or watch—the fine quality of the meniscus achromatic lens gives you pictures (size 1 5/8 x 2 1/4 inches) of splendid definition and as full of detail as the largest.

The Vest Pocket Kodak is made simple and strong—nothing to get out of order—is always ready for use, has a fixed focus—brilliant, reversible finder—Auto-time Scale—loads and unloads in daylight with Kodak film cartridge for eight exposures—lustrous, black metal finish. Right as a watch in adjustment and the refinement of every detail.
