

Many a farmer wastes many a dollar tinkering with antiquated binders—but you need not have any such useless bother and needless loss. Choose the binder that has proved itself

Main power frame of heavy steel

Work a Frost & Wood No. 3 as hard as you like on whatever field you like. Have no fear of its breaking down from bumps or thumps. It is built to stand unusual strains—has Frost & Wood Quality of material and workmanship in every part.

Knotter simply can't balk

Seventy years experience building farm machinery for Canada—that's one of the whys for the staunchness of the Frost & Wood No. 3. Yet, for all its strength, it is the lightest draft Binder made. For it has large roller bearings at every place where friction might come.

Easily handled and light in draft

Let us tell you the names of other farmers who have been running our Binders for fifteen years, with almost no outlay except for new sections. We build our machines to *work* and to *wear*, not for one or two years, but for a lifetime. You should learn—and we will gladly show you—what the exclusive features of the No. 3 mean to you in dollars and time saved. Write us to-day for facts.

Double steel brace prevents sagging

Ties any sized bundle evenly

Good for a lifetime's service

Invest a postcard and five minutes time to get Catalog from Frost & Wood Co., Limited, Smith's Falls, Can.
