REV. ALEX. GILRAY,

College Street Presbyterian Church, writes:  
 Dear Sirs,—

It is with much satisfaction that I learn that you have decided to establish a branch office in Toronto, believing as I do, that the more widely your Acetic Acid remedy is made known, the greater will be the gratitude accorded to you for the relief experienced by many sufferers in Canada. We have used your Acid for over eighteen years, and are now prepared to state that it is worthy of a place in every family. We have found it thoroughly safe and effective and have commended it to many,—for which we have been thanked. We wish you success in your new quarters, as we feel sure your success will bring relief here as it has already done to large numbers in the old land and other countries. Much will depend on the patient and persevering use of the Acid as set forth in your little book.

ALEX. GILRAY, 91 Bellevue Avenue.

Lord Crewe once, on the occasion of some charitable entertainment, leaned up against a corridor wall, fast asleep, with his hat in his hand. Some wild young men started dropping coppers and half-crowns into the hat, until the chinking awakened him, when, with gay humour, he pocketed all the silver, and pelted his impertinent benefactors with the pence.—*London Tit-Bits.*

The French Ecole d'Athens has discovered some music at Delphos. It consists of hymns or fragments of hymns composed for the use of the local sanctuary. One of the hymns is complete and reveals some new sides of the Apollo legend. It is prefaced by a Delphian decree by which the citizens confer honorable distinctions on the poet-author. But more important is the music itself, which accompanies the hymns. The date of the fragments is about 278 B.C.

Beauty is the formal manifestation of a meritorious idea; it is a fusion which is delightful to our whole being, without any previous conception, consideration of end or personal interest.
