Dr. D. A. LOOMIS (late Assistant-Surgeon, U.S.A., formerly Professor of Anatomy in the Pennsylvania College, also Professor of Obstetrics and Diseases of Women and Children, in the St. Louis Medical College), writes the following to the Managers of the Holman Liver Pad Co., St. Louis:

"GENTLEMEN The Pad is a success. I have given its workings a personal inspection, and find that it merits my professional sanction. It acts kindly, safely, and effectively, and comes the nearest to a universal panacea of anything I know of in medicine. The principle upon which it acts is as old as Hippocrates himself and the only wonder is that the medical profession has not before been simplified and made it of practical use to suffering humanity. I especially recommend the Pad in all malarial affections, and in chronic diseases of the various organs it is invaluable."

Druggists, Merchants and Patients from every quarter of the country are cordially and earnestly attesting the efficacy of Holman's Pad. Its effect has proved marvellous even in the most stubborn Chronic Cases, and where all hope had disappeared under ordinary treatment.

BRANTFORD

STONE WARE WORKS.

The manufacturing of Stone Ware is one of the oldest and most important interests of Brantford. Being established in the Spring of 1849, it has been in constant operation with the exception of a few months during the winter of 1857-8, and again during the process of re-building after the fire of the winter of 1872. None but the best sample of New Jersey is used in the manufacture of this ware, an assortment of which is kept constantly on hand to supply customers. Orders by mail respectfully solicited, and will receive prompt attention.
