STRUMOUS DISORDERS

with their train of symptoms pointing to faulty or perverted metabolism, demand remedies capable of readjusting normal cell processes. Of these

IODIA

is strongly suggested as the standard tonic-alterative. Clinical experience, extending over many years, has shown that it possesses striking individuality as a reliable means to the end of stimulating cellular functions, promoting the elimination of waste products and re-establishing metabolic activity.

IODIA, therefore, has a well-defined field of application in Syphilitic, Scrofulous and Cutaneous Diseases, Rheumatic and Gouty Ailments, and wherever a reliable altero-reconstructive is required.
