I CURE FITS!
When I say cure I do not mean merely to stop them for a
time and then have them return again. I mean a radical
cure. I have made the disease of FITS, EPILEPSY or FALL-
ING SICKNESS a life-long study. I want not my remedy
to cure the worst cases. Because others have failed in a
reason for not now receiving a cure. Send at once for a
treatise and a Free Bottle of my infallible remedy. Give
Express and Post Office. It costs you nothing for a trial,
and I will cure you. Address DR. H. G. ROOT,
Branch Office, 37 Yonge St., Toronto.

ANOTHER
GREAT CURE

OF
FITS!

This little girl, a daughter of Mr. D. O. McArthur,
of the firm of Miller & McArthur, general grocers
and provision merchants, 720 Yonge Street, Toronto,
was the victim of a epileptic fits. Using her father's
words:—"My little girl is 14 months, very fleshy,
weights 27 pounds. About three months ago she be-
gan to take spells, she takes from three to five daily,
she gazes vacantly, turns the head around slowly,
continues this for fifteen seconds, when her head
suddenly drops on her breast." Here again home
medical talent failed, first to discern the disease and
its causes, and then the treatment necessary for a
cure. When we took this child and put her under
treatment she had had about six months of contin-
uous fits or spells every day, from two to five daily.
The child's mind had stopped developing, and soon
she would have been forever without an intellect,
without volition, without reason. To-day this child is
cured, and Toronto contains no child of her age
more healthy and intelligent. We took this case on
March 14th, 1885. On March 16th we commenced
our treatment, and on March 22nd, same month, Mr.
McArthur writes us:—"The baby has not had a spell
since Thursday." He says in that letter, "Your
treatment is beyond my most sanguine expectation."
Again he writes, May 6th, 1885:—"You would not
know her now; in fact, people who have not seen her
for a month refuse to recognize her, so wonderfully
has she improved." As our old church teacher says,
"What a wonderful blessing," the third word deeply
accentuated. And then that gratified father asks us,
"Do you care for testimonials?" We publish these
cases and challenge the medical profession to inves-
tigate. If our statements are true; if we cured these
people after so many of these orthodox reputable
physicians failed, then reputable orthodoxy is rotten,
ignorant, and unfit to be trusted. The secret of this
wonderful and rapid cure was investigation, and a
knowledge of cause and effect. To those who prefer
death to the sacrifice of their family physician we
neither appeal for work nor support, but to those who
prefer their life to the reputation of any doctor, to
such we say call on us, it costs you nothing for an
examination, nothing for an opinion. Address,
