In fact, most of the U.N. help in this matter has been extended by granting "fellowships" to a few Haitians, Thais and Israelis to go to Indonesia and learn on the spot how fish-farming is done.

Something was said in the preceding paragraph about rice. That is the basic food for nearly half the world's rice. That is the basic food for nearly half the world's population—the hungriest half. Growing more rice has become a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, since come a matter of life or death for millions of Asians, s

Space limitations make it impossible to tell the full story of what ETAP is doing to help Asia grow more rice, But the experiments now under way at the Central Rice But the experiments now under way at the Central Rice Research Station in the state of Orissa, India, quite Research Station in the state of that continent from a food-conceivably can turn most of that continent from a food-deficit to a food-surplus area. Do you see what that could deficit to a food-surplus area. Do you see what that could deficit to a food-surplus area to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry asians? This do to the effort of communism to entice hungry asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry asians? This do to the effort of communism to entice hungry asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians? This do to the effort of communism to entice hungry Asians?

Hybridization seems to be the answer, just as it has been for cereals in the United States. So ETAP, working has been for cereals in the United States. So ETAP, working with the government of India, with the help of the British with the government of India, with the help of the British with the government of India, with the help of the British with the government of India, with the help of the British with the government of India, with the help of the British with the government of India, with the help of the British will and the government of India, with the help of the British will as commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and through its own Food and Commonwealth's Colombo Plan and Commonwealth's Colombo Plan and Commonwealth's Colombo Plan and Commonwealth's Colombo Plan and Commonwealth'

If there were space we'd tell how the U.N. helped the people of Greece rebuild the roads in their war-scarred to the people of Greece rebuild the roads in their war-scarred to the people of Greece rebuild the roads in their way to open its country; how it has shown isolated Iran the way to open its country; how it has shown isolated Iran to handle their airfields and training the young men of Iran to handle their airfields and training the young working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment; how it is working to show jam-packed intricate equipment in the show jam-packed intricate equipmen

In some instances the U.N. has tackled more than a single specialized problem; at the request of certain governments a whole program for government and social improvement ments a whole program for government and social welfare; has been worked out. Thus at present El Salvador is enterhas been worked out. Thus at present and social welfare; taining 16 experts: a Chilean to advise on social welfare; taining 16 experts: a Chilean to advise on a survey of an American on economics, another American on a survey of an American on economics, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income, another on farm management and two more on family income

"Jules Verne himself," says a booklet recently bublished in Switzerland, "would find it hard to imagine that published in Switzerland, mean that a Haitian coffee technical assistance could mean to establish a new specialist went to help Ethiopians to establish a new
