

The other resolution of substance before this Committee is contained in Document A/C.1/L.392 of which Canada is one of the 14 co-sponsors. The Canadian Delegation has co-sponsored this draft resolution because we consider that the United Nations has a general responsibility to achieve by peaceful means the establishment of a unified, independent and democratic Korea under a representative form of government and the full restoration of international peace and security in the Korean area. We also consider that this draft resolution, which has adopted a fresh approach toward this long standing question, puts within the proper framework the question of withdrawal of U.N. forces. In view of these considerations the Canadian Delegation believes that the draft resolution in L.392 merits wide support.
