

McGILL UNIVERSITY
MONTREAL

FACULTY OF MEDICINE
DEPARTMENT OF SURGERY

March 28th,
1932.

Sir Arthur Currie,
McGill University,
Montreal, P.Q

Dear Mr. Principal:

I have your letter urging economy, and assure you that I shall do everything possible in that direction in my Department. As a matter of fact I have been very careful this year, and have spent not half of my appropriation for equipment, etc.

If the University policy should be to reduce salaries you may be sure of my cooperation.

Yours sincerely,

E. Archibald
