

COMMENDED BY FRANK W. OBER
The Eminent American Editor

FRANK W. OBER

Editor of "Men," the international paper of the
Y. M. C. A.

"Permit me to express the hope that 'What a Young Man Ought to Know' may have a wide circulation among young men who are on the threshold of their manhood. You have said what ought to be said on delicate subjects. The treatment is clear and clean. I take pleasure in commending the book heartily and unqualifiedly to young men. It will save many a young fellow from the blast and blight of a befouled manhood, wrecked by the wretched blunderings of an ignorant youth."
