ROOT CHOSEN CHAIRMAN BY 558 TO 502 ROOSEVELT MEN LEAVE HALL ANGERED AFTER TUMULT HAS REIGNED FOR HOURS

Both Factions at Chicago Convention Claim Ultimate Victory as Result of First Test of Strength, But Talk of a "Dark Horse" is Significantly Frequent--Bitter Charges of 'Fraud' and Counter Accusations Make Coliseum Walls Resound .-- "Purge" Motion Up To-day.

CHICAGO, June 18 .- (Can. Press) .- Against the threats, charges and bitter invective of Roosevelt forces, Taft supporters in the Republican National Convention put thru the first portion of their program by electing Senator Elihu Root of New York as temporary chairman. It required

more than five hours to reach a vote on the chairmanship.

The calling of the roll was beset with difficulty from the very first name on the list of delegates, but in the end, when the tumult had died away. Senator Root was found to have won by a vote of 558 to 502 for Governor Francis E. McGovern of Wisconsin, with 14 scattering votes and

To-night both the Taft and Roosevelt forces are claiming that this vote indicates that their candidate is absolutely sure to win. The advantage appears to be with the president, however, for while he is sure to lose some of the votes that were cast for Senator Root, it is claimed that he will gain, if instructions are lived up to, some of the votes independently

Bradley then reviewed Republican success in Kentucky and said that if the party would help, that state would always be in the Republican column.

"Steam roller, did I hear you say?" yelled Bradley. "Why, Teddy Roosevell ran the steam roller over me eight times, and stil I voted the ticket."

When Cheers Broke Loose. The final vote that gave Senator Root a majority for temporary chairman was cast by Patrick Halboran of the first district of Washington at

The Ontario Railway and Municipal Board was liberally censured at the nner given to the Ontario Municipal sociation by the city at McConkey's last night. No reference was made to the recent decision regarding the Metropolitan Railway Co.'s tracks. The censure was of a general nature, and to the effect that the board lacked a there grasp of municipal conditions.

Acting as chairman in the absence of Mayor Geary, Controller Hocken said that the board was capable of improvement. The members of it did not appreciate the great problems which confronted a large city. As City Son-citor Mickle of Belleville put it, the Ontario Railway Board simply did not grasp the situation and it was discouraging to appear before them.
