**CANADIAN NORTHERN  
SURPLUS WAS OVER  
\$11,000,000 DOLLARS**  
Total Figures Given in An-  
nual Report During  
Ten-Year Period.  
**SOME FIERY ORATORY**  
Mr. Hanna is Sensitive to  
Remarks Made by Gov-  
ernment's Counsel.

When the hearing of the C.N.R. ar-  
bitration proceedings resumed yester-  
day morning, D. B. Mann, third vice-  
president of the C.N.R., in his fourth  
day of examination, was questioned by  
W. N. Tilley, K.C., regarding the  
Dominion Government's report of the  
company's affairs. Mr. Tilley pointed  
out that according to the annual re-  
port of 1909 there was a surplus of  
\$2,322,159, and in the report ending  
June 30, 1914, \$6,562,000. "And  
the first surplus of the company was  
made year by year and the amount  
was \$2,322,159 in 1914, which is nearly  
a million dollars in excess as shown by  
you. How do you account for that, Mr.  
Hanna?"  
Mr. Hanna said he had not checked  
the figures of Mr. Tilley and could not  
say.  
"This cannot be a thing that you do  
not know anything about," said Mr.  
Tilley. "It is not a charge on an  
operating expense, but a charge of  
better operating result is shown. In  
other words you show operating profits  
not warranted, which varies from  
amount to nearly a million dollars. It  
is fairly obvious that the company  
has been making as good a return as  
possible, and you have shown a sur-  
plus you didn't have."  
The earlier earnings per ton per  
mile were given as follows by Mr.  
Hanna: 1897, 1.49 cents; 1898, 1.72  
cents; 1899, 1.76 cents; 1900, 1.55  
cents; 1901 and 1902 not obtainable.  
Mr. Hanna explained that these rates  
were not shown for the rates of the  
higher in those earlier years, but that  
the little lines required more than the  
bigger ones on account of the small  
amount of business carried by them  
as compared with the larger concerns.  
**Exchange Heated Oratory.**  
A brief exchange of heated oratory  
took place between Sir William Mer-  
edith, representing the government,  
and chairman of the commission, and  
Mr. Hanna, when Mr. Tilley asked the  
present shortage in equipment, but  
here again Mr. Hanna informed the  
board that he was not in a position  
to provide these figures, but they  
would also be given by other witnesses.  
Your estimate is that another \$100,-  
000,000 will have to be spent by 1922  
to provide the results you have stated."  
"I said that it was a desirable thing  
to make that expenditure."  
"Your estimates are based on the  
expenditure of a certain amount of  
money," said Justice Harris. "And I  
fail to see how you can get the re-  
sults in 1922 that you have placed  
before us if that expenditure is not  
made."  
"In your opinion what do you think  
is the first addition to the system that  
should be made?" asked Pierce But-  
ler, counsel for Mackenzie, Mann &  
Co.  
"That portion between Toronto, Ham-  
ilton and Buffalo," replied Mr. Hanna.  
"And what would be the cost?"  
"Very little, about \$8,000,000, of  
which \$2,000,000 has already been  
spent on rights of way."  
**COUNTY BEGINS APPEAL.**  
The County of York served notice  
on the city's legal department yester-  
day that it would appeal a recent  
court decision, which held that the  
county has no rights on that part of  
Yonge street within the city limits.  
**Schoolgirl's Nerves  
Had Given Out**  
For Two Years Out of School—  
Was Thin, Sallow and Rest-  
less, But Cure Was at  
Last Discovered.  
Cornwall, Ont., Feb. 12.—Of what  
value is education if the health is  
ruined in getting it? This question  
comes to many a parent whose child  
has fallen under the enormous strain  
of competition examinations.  
This letter from Cornwall describes  
a case which is like many thousands  
of others throughout the country. This  
mother fortunately found a means of  
restoring her daughter's nervous sys-  
tem, and is telling about it so that other  
children may also be brought  
back to health and vigor.  
Mrs. Archie Martelle, Cornwall,  
Ont., writes: "My daughter, now aged  
thirteen, had been sick for two years,  
and was unable to attend school. She  
had nervous trouble, and was under  
the doctor's care during that time, but  
he did not seem to do her any good.  
She was very thin, restless, and hard-  
ly ate anything. Her complexion be-  
came sallow. I read about Dr. Chase's  
Nerve Food, and thought I would get  
a box for her. Before she had finish-  
ed the first box I noticed that she  
was improving, and by the time she  
had taken the second box she was  
quite herself again. She is on her  
fourth box now, and I find they have  
done her the world of good. I would  
not be without them in the house. I  
cannot recommend them too highly,  
and have told two of my friends about  
them, and they are now trying  
you the privilege of publishing this  
letter."  
This food cure is so gentle and  
natural in action that it is admirably  
suited to the treatment of children  
who are pale, weak and nervous.  
Dr. Chase's Nerve Food, 50 cents a  
box, a full treatment of 6 boxes for  
\$2.75, at all dealers or Edmondson,  
Bates & Co., Limited, Toronto. Do  
not be talked into accepting a sub-  
stitute. Limitations only disappoint.

**THOUSANDS TOUR  
COUNTRY TRYING  
TO FIND RELIEF**  
Toronto Man Secures It at  
Home by Simply Tak-  
ing Tanlac.

Like the man who went to Alaska  
in search of gold, leaving a lump of  
the precious metal worth a fortune  
under his door-step, thousands tour  
the country annually, seeking relief.  
The health resorts are thronged and  
the hospitals filled with those suf-  
fering from stomach trouble and the  
many complications resulting from it.  
Millions of dollars are spent in search  
of a panacea for this most universal  
malady when, if they would only be-  
lieve it, their relief lies within easy  
reach, and at a cost almost too small  
to mention.  
The evidence regarding the value  
of Tanlac in the treatment of all forms  
of stomach trouble is too conclusive  
to even admit of doubt. In every  
city, town and community throughout  
the United States and Canada, there  
are many living, enthusiastic wit-  
nesses to the merits of the "Premier  
Preparation," and right here in On-  
tario hundreds of men and women  
whose word cannot be doubted, have  
told in unimpaired terms of the re-  
markable benefits they have derived  
from its use.  
David Swanson, a valued employee  
of the Comfort Soap Works and treas-  
urer of the Loyal Order of Moose, Wes-  
sel Lodge, No. 87, living at 2563 Dun-  
das street west, in a recent interview,  
said:  
"For nearly ten years I have suf-  
fered the torture of a disordered  
stomach and while I tried many dif-  
ferent kinds of medicines, I seemed  
gradually getting worse. Everytime  
I ate soured on my stomach, caus-  
ing gas bloating and sharp pains in  
the pit of my stomach and left side.  
I just seemed to be upset and bilious  
all the time and many a morning  
I have been so sick I could hardly raise  
my head from the pillow. I often had  
splitting headache, and when I had  
one of those awful attacks of the  
stomach I simply could not get a bit of  
food down. I had to stay home in  
bed. Many a time I had to lay off  
for two and three days on a stretch.  
I didn't care for anything to eat, felt  
tired all worn-out all the time and  
had no energy or strength scarcely at  
all. I certainly was in a miserable  
condition—could hardly stay on my  
feet—and have worked many a day  
when I felt like being in bed."  
"I had been reading the Tanlac tes-  
timonials for a long time, but never  
thought much about it being good for  
me until my brother-in-law urged me  
to try it. Well, I took his advice and  
it was about the best thing I ever did.  
By the time I finished my first bottle  
of Tanlac I was astonished at the dif-  
ference in my feelings. I have never  
had an attack of headache or bilious-  
ness since I began taking Tanlac and  
when I finished my third bottle all  
my pain and distress and every sign  
of my stomach trouble was gone. I  
now feel like a different man and Tan-  
lac has my strongest endorsement."  
Tanlac is sold in Toronto by Tam-  
blyn's Drug Store and by one regu-  
larly established agency in every town.  
—(Advertisement.)

**SUGGESTION IS MADE  
TO WEALTHY PEOPLE**  
Budget Speech Carries Recommendation  
to Well-to-do to Favor  
Soldiers' Dependents in Wills.

Hon. T. W. McGarry in his budget  
speech yesterday at the legislature  
took occasion to remind the wealthy  
people of the province that in mak-  
ing their wills a splendid thing would  
be to remember the widows and chil-  
dren of men who have been killed at  
the front.  
In this connection he cited the case  
of the late George T. Richardson,  
Kingston, who by his will created a  
trust by which \$1,500 annually for 20  
years was to be used for the educa-  
tion and advancement of the children  
of soldiers who at the time of enlist-  
ing were citizens of Kingston or the  
Counties of Frontenac or Hastings,  
and who might die, be killed or per-  
manently injured on active service.  
The provincial treasurer thought this  
example might well be followed by  
those whose property has been pro-  
tected by the fathers of those who  
have been left without the means to  
secure proper education and other  
necessities.  
**COAL SAVED BY SCHOOLS**  
About One Hundred and Fifty Tons  
Conserved in Toronto as Result  
of Heatless Monday.  
According to the superintendent of  
supplies the schools throughout Toronto  
saved an average of about a ton or  
a ton and a half of coal each on heat-  
less Monday. This will mean that a  
total of about 150 or 160 tons were  
saved in all the schools. The greatest  
saving was made in the Technical  
School, which uses 200 tons of coal  
a month or about seven tons a day.  
Even in the administration building  
one or two tons of coal were saved,  
where the building was a little damp  
as a result of the thaw with no heat  
in the building. No other ill-effects  
on account of the schools being closed  
were reported.  
**BILL EXTENDS LEGISLATURE.**  
Premier Sir William Hearst, sec-  
onded by William Proudfoot, leader of  
the opposition, introduced a bill in the  
house yesterday calling for an ex-  
tension of the legislature until after  
the close of the war. It is understood  
the bill says "until one year after de-  
mobilization."  
Speaking to the bill the premier  
said he doubted if a more popular  
measure had ever been brought before  
the house.  
**PROTESTS AGAINST CHARGE.**  
Assessment Commissioner Porman  
is asking \$121,270 to run his depart-  
ment this year. Last year he spent  
\$119,613. The commissioner protests  
against being called upon to pay \$3300  
for garage services. He has the use  
of one "rattle trap" car for that sum,  
he says.  
**DEPUTATIONS PROTEST  
AGAINST GAS ORDER**  
Galt Wins the Point, Temporarily at  
Least, and Other Cases Are Wait-  
ing Disposition.  
Mayor Dakin of Galt, and repre-  
sentatives of the board of trade of that  
city, together with representative  
citizens, waited upon the Ontario  
Railway and Municipal Board as a  
deputation yesterday to protest against  
the order recently issued which re-  
lated the use of natural gas, shutting  
off manufacturing concerns.  
As a result of the argument pre-  
sented, the order has been suspended  
temporarily in so far as Galt is con-  
cerned.  
Deputations from Chatham, Hamil-  
ton and Toronto, also conferred with  
the board, asking for amendments to  
the order. The case of the Interna-  
tional Harvester Co. was presented  
by C. A. Glock and H. H. Biggart. It  
was requested that the company be  
permitted to use gas for manufactur-  
ing purposes on the understanding that  
coal would be used for heating.  
S. M. Horton, for the John Morrow  
Nut and Screw Co., Ingersoll, stated  
his company was engaged in an es-  
sential business and James George,  
of McWilliam and Everist, fruit  
merchants, Toronto, said gas fuel was  
necessary for an evaporator at Dutton.  
In these cases judgment was re-  
served.  
**ASK SEVERAL AMENDMENTS.**  
William McDonald, North Bruce,  
has given notice that on Thursday he  
will move to introduce a bill entitled  
"An act to amend the act to authorize  
and confirm grants by municipal cor-  
porations for patriotic purposes." The  
same day J. C. Elliott, West Middle-  
sex, will move to introduce a bill en-  
titled "An act to amend the Juncos  
Act." An act to amend the Mort-  
gagors' and Purchasers' Relief Act,  
1915, will be introduced by William  
Proudfoot, leader of the opposition.  
**NOTICE OF APPEAL SERVED.**  
The city has served Samuel Field-  
house, the plaintiff in the Morley ave-  
nue sewage disposal plant case, with  
notice of appeal from the decision of  
court against the judgment given re-  
cently by Sir William Mulock. It is  
maintained by the city that the plant  
was established in the performance of  
a statutory duty. Mr. Fieldhouse's  
lawyers are arranging for the refer-  
ence proceedings before the master-  
in-ordinary. Judgment was given in  
his favor for \$600 and an injunction.  
**WANTS RENT FROM GOVERN-  
MENT.**  
Mayor Church is of the opinion that  
the government should pay rent to the  
City of Toronto for the use of the  
municipal buildings used by the  
military authorities since the begin-  
ning of the war. He will move to  
this effect at the next board of con-  
sulting meeting.

**ADVISES TRANSFER  
OF SOME TEACHERS**  
Chief Inspector Also Recom-  
mends New Classes in  
Five Schools.

Chief Inspector Cowley has a long  
list of recommendations to lay before  
the management committee of the  
board of education today. He advises  
that new classes be opened in Gled-  
hill, Duke of Connaught, Williamson  
Road and Roden Schools and that an  
additional class be started in Norway  
School.  
He recommends that leave of ab-  
sence be granted to Miss G. V. Nur-  
gent, McMurrich School, Miss G.  
Ahner, Queen Alexandra School, and  
to Miss Z. Bogart, Carlton School,  
and that the resignation of Miss Hilda  
Gregory, Ogden School, be accepted.  
The transfer of the following teach-  
ers is recommended: Miss Dorothy  
Wade, from Earl Grey School, to Wil-  
liamson Road School; Miss H. M.  
Simkins, from Ogden School to Pal-  
merston Avenue School; and C. R.  
Boulding, now on the staff, to Brock  
Avenue School. That the following  
teachers be appointed to the tempo-  
rary staff and assigned to the schools  
named: Misses Alma Crate, Kimber-  
ley; C. Muriel Lavery, Fisher; Mar-  
guerite Holmes, Brown; Frances E.  
Ford, Dovercourt; Alice V. Crawford,  
Regal Road; Jessy E. Young, Hughes;  
Vera Brown, Keele Street; Sarah Mc-  
Clure, Carlton; Madeleine Carling,  
Muir; W. A. Barber, that the fol-  
lowing teachers, having satisfactorily  
served the term of probation, be ap-  
pointed to the regular staff: Miss  
M. I. Weir, Miss L. McBride, Miss A.  
Petty, Miss V. A. Crawford. That  
Miss Gertrude Eagleson, kindergarten  
assistant in Earl Grey School, be pro-  
moted to the position of kindergarten  
director in Willow Avenue School.  
That Miss A. M. Lanekall, kindergar-  
ten director in Kimberley School, be  
appointed to all day kindergarten  
work with proper adjustment of salary  
in accordance with her years of ser-  
vice.  
**OPPORTUNITY KNOCKS BUT  
ONCE**—so goes the old saying.  
Opportunity to-day is pictured as  
a giant battering the door, with persistence  
as well as power.  
**WHENEVER THE READER OF  
THE GLOBE** opens his paper at  
one of the Want Ad. pages Oppor-  
tunity confronts him—as a highly desirable  
position, as a chance to buy a profitable  
business, as an offer of a farm. Thousands  
of readers save money by buying automo-  
biles or machinery, or the various things  
that appeal to them on these pages.  
**OPPORTUNITY ALMOST BREAKS  
THE DOOR DOWN** for Teachers.  
Sometimes eight solid columns are  
used in one issue to tell of vacancies in  
schools throughout Canada. No other  
paper in the world carries as many  
"Teachers Wanted" ads as THE GLOBE.  
**THE "HELP WANTED," "BUSINESS  
CHANCES," "For Sale or Exchange"**  
and the various other classifications  
give the proof of THE GLOBE's popularity  
with Opportunity. To many subscribers its  
widely-patronized Want Ad. pages are a  
barometer of business; to the ambitious,  
they are a special incentive to become daily  
readers of Canada's National Newspaper.

**REDUCE THE HIGH COST OF LIVING**  
MAKE THE  
**CONSUMERS' PRODUCE  
COMPANY, LIMITED**  
The One Middleman  
Between Producer and Consumer

**CONTROL** this Middleman. As a SHAREHOLDER, SET the  
margin of Profit to be retained by the Company. REAP the benefit  
of this PROFIT, made from your Needs as a CONSUMER.  
Ask yourself can this be done. Then, figure it out. The Farmer  
ships direct, and takes the place of ONE MIDDLEMAN, the Company  
by selling direct to the Consumer should make the WHOLESALERS'  
PROFIT and the CONSUMER be able to purchase at WHOLESALERS'  
PRICES. Under the present System the Middleman is an absolute  
necessity.  
To change this, a BUSINESS ORGANIZATION, such as this  
Company offers, must be built up, and equipped with the necessary  
CAPITAL.  
You are asked to become a Shareholder of this Company, and  
assist in creating this Capital necessary.  
ONE FIVE DOLLAR SHARE entitles you TO ALL BENEFITS,  
as a Shareholder.  
The Company's Policy, and System, backed up with the necessary  
Capital, can REMEDY, and give IMMEDIATE RELIEF, from the  
Present System.  
This should be a PROFITABLE, as well as a BENEFICIAL IN-  
VESTMENT.  
Phone, write or call for PROSPECTUS AND FULL PARTICU-  
LARS.  
**Executive Office - 6 Lombard St.**  
**PHONE MAIN 3042.**  
**NEARLY TWO MILLIONS  
ADDED TO ESTIMATES**  
Supplementary Estimates Placed Be-  
fore Legislature Yesterday Cover  
Nickel Commission Report.  
Supplementary estimates placed  
before the legislature yesterday cover  
a total expenditure of \$1,921,756.81,  
including \$11,000 for the Royal Ontario  
Nickel Commission report. The total  
charges on crown lands amount to  
\$147,198.35, while for the sales branch  
of the department of game and fish-  
eries, \$125,000 is set aside for pur-  
chase, transportation and storage of  
fish.  
For the administration of justice  
in districts \$8,067 will be required and  
for educational purposes the sum of  
\$146,402.80, regardless of special insti-  
tutions. The industrial farm at Bur-  
wash will have \$40,000 other such, mak-  
ing a total estimate of \$242,596.70.  
**ROB HUMBER HOME.**  
Man and Woman Apparently Partners  
in Housebreaking.  
Forcing a window in the home of  
William Owens, near the Old Mill on  
the Humber River, an unknown man  
and woman made a successful get-  
away with a quantity of linen, old  
coins, two watches, a wedding ring,  
sundries and other articles. When  
the theft was discovered County Con-  
stable George Simpson was notified,  
and on investigation found foot prints  
in the snow showing that the man  
had entered the side window while  
the woman waited outside. After  
searching the house the man had left  
by the side door.

**Opportunity at Your Door**

OPPORTUNITY KNOCKS BUT ONCE—so goes the old saying. Opportunity to-day is pictured as a giant battering the door, with persistence as well as power.

WHENEVER THE READER OF THE GLOBE opens his paper at one of the Want Ad. pages Opportunity confronts him—as a highly desirable position, as a chance to buy a profitable business, as an offer of a farm. Thousands of readers save money by buying automobiles or machinery, or the various things that appeal to them on these pages.

OPPORTUNITY ALMOST BREAKS THE DOOR DOWN for Teachers. Sometimes eight solid columns are used in one issue to tell of vacancies in schools throughout Canada. No other paper in the world carries as many "Teachers Wanted" ads as THE GLOBE.

THE "HELP WANTED," "BUSINESS CHANCES," "For Sale or Exchange" and the various other classifications give the proof of THE GLOBE's popularity with Opportunity. To many subscribers its widely-patronized Want Ad. pages are a barometer of business; to the ambitious, they are a special incentive to become daily readers of Canada's National Newspaper.

**Canada's National Newspaper**

excels in those things that make a newspaper strong, those things that establish confidence among its readers. For instance, accuracy and authority are fundamentals in THE GLOBE's news services—in war news, especially, a most reassuring fact. Besides the general channels of news, THE GLOBE has the advantage of the exclusive right to the cables of The London Times, The London Chronicle, The New York Times and The Philadelphia Ledger.

**MEET OPPORTUNITY HALF WAY!** Acquire Canada's National Habit and include a daily study of THE GLOBE Want Ads! Your order will receive prompt attention, whether sent direct or through your newsdealer. Four dollars a year by mail; delivered, five dollars.
