MANUFACTURERS FEAR RESTRICTION

Ask Borden to Consider Matters From National Rather Than Sectional Standpoint.

ARE NO CRITERION

Prosperous Concern Here and There Cannot Be Taken as Guide to Profits.

Ottawa, March 14 .- About 35 of the leading manufacturers of eastern Canada and as far west as Winnipeg, formed a deputation which waited on the government today. S. R. Parsons, Toronto, president of the Canadian Manufacturers' Association, was the chief spokesman for the delegation. He was followed by R. Harmer, Hamilton Stanley McLean, Toronto: T. R. Deacon, Winning; J. N. Shenstone, To-ronto; J. H. Sherrard, Montreal, and G. M. Murray, secretary to the Canadian Manufacturers' Association. In their representations to the gov ernment the delegation asserted that various changes and restrictions imposed on the industry had brought about considerable alarm among manufacturers, especially since it had been stated that what already had been done was nothing in comparison with what was in prospect. They asked the government to consider these matters, from a national rather than a sectional standpoint." Figures and facts were submitted to show the interest which Canada has in manufacturing industries and that had it not been for these industries Canada would have been practically bankrupt during the war. The delegation urged that unless industries were preserved in economic strength in the meantime, they would not be able to take care of enlisted employes with whom had contracted obligations, on their return to civil life. This would mean, they urged, a large number of

unemployed when peace was declared Oppose Tractors on Free List. A particular point raised by the delegation was that of opposition to farm tractors being placed on the free list, unless at the same time raw materials used in the manufacture of tractors in Canada were admitted duty The manufacturers also asked that in case of any further suggested changes in the tariff, industries affected should first be consulted.

A prosperous manufacturing concern here and there, the delegation claimed, should not be taken as a guide to the profits of manufacturers generally any nore than should be done in the case of a profit of 90 per cent. on capital made in the year 1916 by the Grain Growers' Grain Company. The average net profit on capital employed in manufacture over any reasonable period of time, was, the delegation as
Controller Wright, at the last meeting of the council, gave notice that he would move for the abolition of this restriction, and the property and license committee this evening sent along a favorable recommendation.

It was the one clause in the regulations which caused "feeling." and the complete floors. The firemen, under Acting Chief Russell, experienced great difficulty in gaining entrance to the

serted, extremely moderate.

If, the manufacturers went on, duties on implements had to be paid by farmers, it was equally true that manufacturers had, to pay duty on machinery they used, except that in the latter case a higher duty was collected. They claimed that the average duty collected in the United States under the new democratic schedules on dutiable goods was 30.67 per cent. In Canada the duty collected on dutitation and the committee decided that its enforcement was hurting the market, farmers declining. The market, farmers declining to attend because they could not dispose of the rooms, the backets of antiques, which were about to be removed to the firm's new show-rooms, were piled against the benevation of the firm's new show-rooms, were piled against the benevation of the firm's new show-rooms, were piled against the benevation of the firm's new show-rooms, were piled against the benevation of the firm's new s Canada the duty collected on dutiable goods averaged 23.78 per cent., or about 75 per cent. of the average

put into force in the United States, of Detroit. The funeral will be held they might result in a narrowed market for hogs and cattle. In view of

withheld any statements they might otherwise have wished to make.

The delegation agreed that agriculture must be maintained in the strong- \$5 est possible condition, and emphasized 60 who do not appear upon the assess also the necessity of maintaining in- ment rolls dustries. In the latter connection they pointed to a movement in Great Britain to exempt from taxation any pro-fits of a business retained in the business for further expansion. policy@was considered in Great Britain in the national interest.

Finally the manufacturers stated that they were quite prepared to bear their full share of war burdens and taxations, especially when such considered from a scientific and national standpoint.

NO PATTERNMAKER IS IN TRAINING

Not a Single Returned Soldier is Going Thru the Course,

LABOR NOT EXPLOITED

Lieut. Fred Holmes Tells of Work Done by the Commission.

That the department of vocational training for returned soldiers had not single man in training for the work of patternmaker was the statement made by Lieut. Fred Holmes of the commission in charge of that depart-ment last night in response to rumors to the effect that the department had 150 men in training for this most difficult work. This was made at last evening's banquet tendered to the nembers of the United Patternmakers Association at the Foresters' Hall, College street. Lieut. Holmes stated also that the commission was taking every care in the selection of the candidates for vocational training in industrial callings, and that in view of this fact and also in view of the vicissitudes which the soldiers had ex-perienced at the front it was only fair on the part of the labor unions to look with favor upon the entry of the returned soldier into the ranks of skilled labor. The press had done good to the cause, also harm; harm in this, that by means of promiscuous references it had been made to appear that make diamond cutters out of sausage makers, an entirely erroneous impres-sion. Labor was not being exploited and it was also a fact that the commission was paying all expenses and wages to the soldiers while in training thus relieving the factories of the need of paying them a cent. It had been proven possible to make skilled mehanics out of even 75 per cent. die B. M. & T. Jenkins Suffer abled men by virtue of the system of

choice discrimination. Among other speakers were R. Burke of the Ontario Department of Ward 5 also spoke.

The festivities of the evening were heightened by the entertaining features presented by a troppe of well known artists, among whom were J. Davidson, Geo. Dolbbs, Walt Tyson, G. Thirkettle, Edward Thompson and F

YORK COUNTY SUBURBS

RESOURCES BRANCH FULLY ORGANIZED

Earlscourt Citizens Get Behind Scheme for Greater Production This Year.

EVERYONE JOINS MOVE

All the Societies of the District Send Representatives to Meeting.

Under the auspices of the organization rces committee, Province of On-SINCE FIRST YEAR tario, a branch for the Earlscourt district was organized at an inaugural meeting of delegates representing the various ratepayers and other associations in Earlscourt Central Methodist

tions in Earlscourt Central Methodist
Church, Ascot avenue, last evening.
William E. Piley of the citizens' committee occupied the chair, and the following officers were elected.
G. L. Kitchen, president; W. E. Pilley, secretary, and Rev. E. Crossley Hunter, treasurer. The executive committee will be appointed at the next meeting.
An interesting address outlining the aims and objects of the resources committee was delivered by T. W. Brock, field secretary, who pointed out that it was not a government committee and was non-political and non-sectarian.
"We have organized over 600 branches of how the work was carried on and with what success.

George Baldwin, superintendent of vacant lots cultivation, in connection with the provincial government, gave an address illustrating by lantern slides, just what he had done in a small garden plot. 40 by 200 feet. Flowers in wonderful variety were shown, vegetables of all kinds and onions and celery which captured leading prizes in competition with the leading gardeners. The lecture was illustrated with numerous blackboard diagrams. Mr. Baldwin was assisted by Gordon White, a pupil of the school, and Mrs. A. H. Stevenson, the president, was in the chair. "We have organized over 600 branches in Ontario to help us in the work of greater food production," said the speaker, "and hope to establish 100 branches in Toronto in the near future. The work is urgently necessary on account of conditions in Europe, where a famine is actually facing the people, and many of the wealthy people in England are standing in the bread line at the present time. We must conserve and bring about greater food production on their behalf," said Mr. Brock, who pointed out that it was not a question of price, but save and send all the food we can

produce to the allies.

Criminal to Waste.

"Lord Rhondda, the English food controller, said the people were up against famine," said the speaker, "and it is criminal to waste even a slice of bread, and also a great crime if the food is wasted when grown next fall," said Mr. Brock, who indignantly referred to the recent food wastage at Winnipeg and at other places, "Wherever you can stick a spade you should grow vegetables, and potatoes and beans are the most advisable to grow particularly in Ferlagore visable to grow, particularly in Earlscourt, where the ground is suitable.
"The organization of resources committee will help you in every possible
way, and you should buy your seeds thru
the Rotary Club, who can supply tested
and reliable seeds at about half the regular seeds wear's retar " said the ground."

Many questions regarding the plowing of vacant lots, the use of land for which owners were difficult to locate, and vegetables to grow, were answered by The following resolution was unani-mously adopted: "That the secretary

mously adopted: "That the secretary write Premier Hearst asking that a law be passed making it legal to take over any vacant lots for food production." Representatives from the Earlscourt Business Men's Association citizens' committee of Earlscourt, B.I.A., Men's Own Brotherhood, Caledonia Ratepayers' Association, and others organizations, were present. were present Rev. Peter Bryce, pastor, thru whom the meeting was called, was also present and briefly addressed the gathering.

Ferguson, of Unionville, and the floral offerings were especially beautiful.

At a well-attended gathering of the Women's Auxiliary of Central Methodist Church, Ascot avenue, Earls-court, yesterday afternoon, Rev. E. Crossley Hunter delivered an interesting address to mothers.

LODGES

MYSTIC LINK REBEKAHS. STUDENTS' UNION MEETS.

Last Monthly Gathering Held, and Addresses Given.

The last monthly meeting of the year of the Students' Voluntary Union was held last night in the National Training School, St. Clair avenue and Avenue road, with the president, S. G. Cole, in its object and interdenominational in its work.

Addresses were delivered by representatives from various mission boards, Rev. J. G. Brown representing the Baptists, Rev. R. G. S. Taylor the Methodists and

the chair. The union is missionary in its object and interdenominational in its work.

Addresses were delivered by representatives from various mission boards, Rev. J. G. Brown representing the Baptists, Rev. R. G. S. Taylor the Methodists, and Dr. McTavish the Presbyterians. There was a large deputation of the students from the eight colleges it represents. There are 82 volunteers for foreign labor, 10 of whom have already left Canada for their several fields, while 11 more are under application. During the year the extension has touched 6000 young people in Toronto and the adjoining district, and 900 have enrolled during the present year for mission work.

The retiring president, S. G. Cole, introduced the president elect for the year, R. Stone. Music was furnished by Miss Hawkins, Miss Massey and Mrs. Masters, after which a social hour was spent. trict trustee; J. Petter, P. P. G. M.; Bro. Earl. P. G., just returned from the front, and Bro. Mackay, of James Mit-chell Looge.

Deer Park Home and School.

Information on the Subject.

The meeting of the Deed Park Home and School Club, held last night at the residence of G. H. Armour, 21 Ferndale avenue, proved to be one of the most interesting and instructive yet held in connection with the association.

In preparing the program the idea was to demonstrate the great possibility of back yard production. Miss Moffatt, of Bolton Avenue School, who has been successful along these lines, told something of how the work was carried on and with what success.

George Baldwin, superintendent of vadern schools, who has been successful along these lines, told something of how the work was carried on and with what success.
