Announcing "JIFFY-ALL" the New Kind of Overall

Water-proof, Oil-proof, Grease-proof, Acid-proof "Fits Anybody---Fit for Anybody"

The "Jiffy-All" was brought out by a New York Corporation to overcome some of the shortcomings of the ordinary overall. Among the chief things that the "Jiffy-All" obviates is the warmness of an entirely enclosed overall, the great time and trouble it takes to put it on and off, the ruining of clothes due to liquids soaking through and the great expense of constant laundering. Being made of a specially prepared fabric that can easily be sponged off, the "Jiffy-All" never has to be laundered. It may be washed off with either water or gasoline.

There are no seams in the "Jiffy-All," therefore, no breaking out at the seat or seams. The seat consists of two large flaps that overlap. When you bend there is no strain on the seat because it is open around the inner part of the leg.

There is not an inch of unnecessary material in the "Jiffy-All." It is very light in weight and folds up into a small and compact package that can be carried in the tool box or placed under the seat of an auto.

Remember, the "Jiffy-All" protects better, looks better, serves better, than the ordinary overall, and further, that it fits women as well as men. It's just the thing for automobile owners, chauffeurs, engineers, chemists, photographers, tradesmen, mechanics, gardeners, painters, farmerettes---for any man or woman who wants a protection quickly with practically no bother.

WILL NOT RELEGATE POWER TO OUTSIDERS

Mayor Church Replies to Letter From H. Hartley Dewart Regarding Riot Investigation.

Mayor Church announced yesterday that the board of police commissioners had no intention of relegating its powers to any outside authority, and was perfectly competent to conduct an inquiry into the complaints made as a result of the recent riot. H. H. Dewart, K.C., counsel for the G. W. V.A., had suggested the appointment of a high court judge to conduct the investigation, but the mayor is not favorable to this. It is claimed by Mr. Dewart that it was never contemplated that the powers of the police commissioners should be stretched to extend to a wide inquiry into the whole matter, including the agitation and other circumstances preceding the disturbances.

Mr. Dewart also adds: "It is abundantly clear also that even if the board had the power to enter upon such a wide inquiry, it would require more time to go into the matter systematically and thoroughly and apportion the blame, if any, on various classes, such as aliens, returned soldiers in uniform, returned men out of uniform, members of the Great War Veterans' Association, civilians and police, than the members of the board of police commissioners can reasonably give, consistently with the performance of their other duties. It may also occur to you in the event of irregularities being proved against members of the police force, those proximately guilty of them may take refuge in in-

structions alleged to have been given to them by the chief magistrate of the city, and that the whole conduct of the chief magistrate is equally a subject of inquiry."

BIBLE SCHOOLS HOLD GRAND UNION PICNIC

A grand union picnic to close the annual summer session of the Toronto Daily Vacation Bible Schools, was held at Centre Island yesterday afternoon. Nine of the schools were represented. These were the Fred Victor Memorial, College Street, Riverdale, Spadina Avenue, Bloor Street, Parliament Street, Dovercourt Road and the Finnish School.

There were about 800 children present who took part in singing and scripture contests were held and in these Parliament Street won in nearly every case. There were also field sports.

CAPT. ARMSTRONG, D.S.O., APPOINTED.

Capt. Gordon W. Armstrong, D.S.O., has been appointed officer commanding the C.A.M.C. training depot at Niagara Camp. He was formerly adjutant at the Base Hospital, Toronto. He was wounded twice while on overseas service and received the award of the D.S.O. for working in the open under heavy shell-fire and for attending to over 200 stretcher cases in two hours.

DRANK HAIR TONIC.

James Terry, appeared before Magistrate Denison yesterday morning charged with having liquor on his person, said liquor being a bottle of hair tonic. He said he had got it to drink. Crown Attorney Corley expressed great indignation that druggists are allowed to sell the hair tonic as a beverage. Terry was fined \$200 and costs or three months.

CHANGE STREET NAME.

The suggestion has been received by Mayor Church that Lansdowne street be changed to Currie avenue in honor of Col. John A. Currie. The mayor agrees with Donald C. MacGregor that a change should be made because the street bears the name of a pacifist.

POLICE ARE FINDING GOODS TAKEN IN RIOT

In connection with the looting of the restaurants and cafes destroyed during the recent riots, considerable information regarding the disposition of the goods has been coming into police headquarters. While no one has yet been arrested on the charge of theft, there are several persons now in custody on whom the more serious charge may be laid. It is understood that the police are recovering much of the stolen goods. Early on Saturday morning the police arrested a number of the looters in a motor car, and after placing the prisoners in the patrol wagon took them to Court street station. On arrival at the station, after searching the prisoners for loot it was discovered that the men had dumped all of it on the floor of the patrol wagon. The stuff consisted, mainly of cigars, cigars, and bottled goods. However, owing to the difficulty of identifying such goods, an owner has not yet been found. None of the money alleged to have been stolen from the cash registers of the various cafes on the night of the riots has yet been recovered.

CERTIFICATES AWARDED.

Sergeants' certificates, military headquarters announces, have been awarded to the following members of the 1st Battalion, 1st Central Ontario Regiment: Acting Sergeants J. F. Le Roy, W. H. Rolfe, C. J. Young; Acting Corporals T. Humphreys, C. H. Neske, S. W. Smith and W. J. Tolme. Corporals' certificates have been awarded to the following: Acting Corporals R. Bradena, W. Gilles, D. C. Johnston, J. C. Knox and W. P. Shields.

ASK FOR ASSURANCE FROM THE GOVERNMENT

A deputation of grape growers and wine manufacturers appeared before Sir William Hearst yesterday morning regarding the sale of native wines in the province. The deputation was headed by Dr. Musgrove, M. L. A., Niagara Falls; Dr. Jessop, M. L. A., St. Catharines; and J. T. H. Regan, M. L. A., South Wentworth, who pointed out that the wine manufacturers did not want to purchase any grapes until they were given the assurance that they would be allowed to sell native wines after December 31, date fixed by the federal government for the cessation of the manufacture of all liquors, including wines. The premier promised the delegation he would give the matter very careful consideration. He will probably consult the license board, but in any case special legislation would be necessary before the province could stop the sale of the wine. An order from the Ottawa authorities could prevent the sale, but it is not at all likely that Ottawa will interfere in a purely provincial matter.

ARTILLERYMEN ON LEAVE.

Troops From Petawawa Camp Have Five Days in Toronto. Artillerymen to the number of 200 are now in Toronto from Petawawa Camp on five days' leave. They arrived in Toronto at 8.30 yesterday morning on a special troop train. They are due back at their camp on Tuesday. The time spent in traveling down from the north will not be counted in their leave, but they must return, however, in their own time. Four of the 15 batteries at present at Petawawa are composed of Toronto men, these being the 67th, 69th, 70th and 71st.

ASSESSMENT LOWERED BECAUSE OF SMELLS

The court of revision yesterday reduced the assessment of 4½ acres on land on Eastern avenue to \$55 because of the representations made that smells and sewage sludge from the east end septic tanks were unbearable. Several other reductions in the district were also made for the same reason. The assessment department did not think the smells sufficiently bad to justify the reductions. The city has a number of tenants in the neighborhood and they had not moved because of the smells. The International Varnish Company was given a reduction of \$1000 an acre on three acres on Carlaw avenue, assessed at \$16,000 an acre. The assessment at the rate of \$17,000 an acre on land owned by W. H. Banfield and Sons on Pape avenue was reduced to \$15,000. The Canadian Wood Products were successful in their appeal, and their land on Pape avenue, assessed at \$12,000, was reduced \$1000 an acre. Five acres of land, owned by G. Bailey, on Danforth avenue, were reduced from \$8750 an acre to \$8000.
