New York Man Manages to Keep Up the Deception for Some Time.

New York, Oct. 11.-Accused of having had three young wives living simultaneously in the same flat building on 18th street, each of whom believed that she was the only wife, Robert Benicker was arrested last night and arraighed in court to-day, on a complaint made by two of them. He is 25 years old and a painter.

The woman who claims to be his The woman who claims to be his first wife, Norma, 19 years old, and Emily, 20 years old, who says she is the second Mrs. Benicker, told the police that a third wife was now in Lowell, Mass., and that they two, while still ignorant of the other's relation to Benicker, were persuaded by him that the Lowell girl was his sister. They said they had both supplied the money which recently sent her back to Lowell.

Norma Benicker told the police that after her husband left her and went to housekeeping with a second wife in 18th-street, she herself moved to the same house without knowing that Benicker was maintaining another wife there. Emily, who claims to be his other wife, corroborated this story, and said furthermore that she and Norma said, furthermore, that she and Norma had been acquainted with each other before their marriage. When they met again in the 18th-street house they say they discovered that Benicker was husband of both of them.

PUBLIC AMUSEMENTS.

Him and I," the attraction at the Grand next week, is headed by those very funny comedians, Sullivan, Watson and Whitelaw. The scenes are 'aid in the far west, act 1 being at seattle, act 2 on board a boat en route for the Klondyke and act 3 at Frozen Dog Tavern in Dawson City, Of course it is a satire, but much of the western atmosphere is truthfully depicted and gives an idea of the high jinks indulged in by the gold seekers, especially ed in by the gold seekers, especially when a tenderfoot strikes the town.

"When the World Sleeps," the melodramatic novelty that comes to the Majestic next week, is spoken of as one of the real successes of this present season and one that has a scenic mounting, the like of which has seldom been accorded a melodrama. The mounting, the like of which has seldom been accorded a melodrama. The big scenes embrace the burning mill, with the daring rescue, the escape from the county jail, the swing for life on a huge derrick and the ruins of the property of the county is the search but a few that on a huge derrick and the table of our times of the sets. During the engagement a matinee will be given every day.

Something new and refreshing in the burlesque line is promised at the Star Theatre next week. The Dream-Star Theatre next week. The Dream-iand Burlesquers will make their ini-tial bow. The attraction is absolutely new and is the most pretentious and costly affair that has toured at popular prices. The company, numbering nearly fifty, is the best that has ever been collectively connected with an organization of this class. Two big musical comedy playlets will be presented, while the vaudeville offerings are claimed to be the most extensive ever presented in burlesque.
