

--- Temiskaming Ore is Too Rich For the Smelter --- COBALT

A MINING SUCCESS

The 500,000 Shares of Treasury Stock in Canadian Pacific Cobalt Development Company, Limited Being Eagerly Sought For.

Experienced Investors Enthusiastic Over the Future of These Magnificent Mining Properties.

Early Dividends for Stockholders

The big "coop" of 971 acres of promising mining lands in the very heart of the richest ore district of Cobalt, secured by the Canadian Pacific Development Company, has created a sensation in mining circles. Hundreds of letters are coming in with each mail in request for stock. Numbers of these from some of the most prominent mining men, who express genuine optimism over the prospects. All indications point to an early close of the stock books. The proposition is without doubt the best and safest investment yet offered to the public, while the personnel of the company who have secured this vast area of mining properties, are men of known business ability and standing, who stand in the front rank of enterprising Canadians, careful, cautious and capable. As stated in a previous announcement, the company have secured absolute and complete control of:

27 Well Selected Properties, Having a Larger Acreage Than the Great Nipissing Mining Company, With Encouraging Prospects of Rivalling that Famous Mine.

Treasury Stock at 12 1/2 cents is the greatest opportunity for the investing public ever placed on the market. It is bound to make fortunes for those who are wise enough to secure stock now. Engineers' reports and opinions of expert mining men are of the most optimistic and positive character, and the immediate response for Treasury Stock has already exceeded the most sanguine hopes of the directors. Now is the time to get in. Only 500,000 shares of Treasury Stock will be offered at this price. **NO PERSONAL LIABILITY. PAR VALUE \$1. Capital \$5,000,000. Fully Paid and Non-Assessable.**

Buy Stock Now at 12 1/2 Cents

It is going fast, and this may be your only opportunity. Buy before the advance, which is bound to come. The point is, that the same ore body which has made others rich, has indications actually exposed on these magnificent claims. This is a great chance for the small investor as well as the large. Larder Lake Goldfields

As stated in my new letters last summer, I then began investigating the Larder Lake district north of Cobalt. I have done so thoroughly, and from personal investigation on the ground, the employment of reliable engineers and a corps of experienced prospectors, I and my associates have now ample proof of the great value of this field.

We know so surely that there (and what immense probabilities there are as well) that we have already put nearly \$150,000 cash into the field.

Our employees on the ground number nearly one hundred, and our stamp mill will very soon be in operation.

I am a practical mining man, and I need hardly say that we would not put in such money and work unless fully justified.

The width of the veins or reefs in sight, and the values they bear when such width is considered is extraordinary. In Africa such reefs are profitably mined when bearing but a few pennyweights of gold to the ton; at Larder Lake average assays from across many reefs run ounces of gold to the ton. An ounce is equal to 32, and the cost of mining and milling should not exceed \$2.50.

I and my associates see many millions of dollars of clean, legitimate profits before us in these gold fields.

By forming a company, putting up our hard cash, as stated above, and getting in first, we have secured thirty-seven forty-acre claims, which we believe to be the cream of the Larder Lake Gold Fields.

Our present stamp mill is a small one. We want a larger mill, from 100 to 200 stamps—and we must spend money in opening up our large acreage.

We have put in considerable money, and, indeed, would carry the whole thing ourselves, but that, like everyone else, we have other interests as well to take care of.

We are, therefore, affording others the opportunity of joining us and sharing with us the large profits we are going to make—profits from dividends, and also from the increase of market value in our stock.

Our Company is known as the **LARDER LAKE PROPRIETARY GOLDFIELDS LIMITED**, and among the directors and gentlemen identified with it are the following: Col. G. Sterling Ryerson, ex-M. P.; Senator L. V. Ulrey, Lieut.-Col. A. N. Worthington, Member Dominion Parliament; T. Herbert Lanox, Member Provincial Parliament; Charles H. Waterous, ex-Mayor of Brantford; E. P. Burke of "Granby" fame; Dr. D. H. Piper of London, P. Kirkpatrick, M. E. Member National Geographical Society; Sylvester Jencks, President Jencks Machine Company; William Farwell, President Eastern Townships Bank, C. P. Brown of Toronto; Dr. Preston, Member provincial Parliament, and others of like standing.

For the purposes mentioned above, a limited amount of stock is offered by the underwriters (Canada Mines Limited) at their first ground-floor price of \$1 per share. This is being subscribed for rapidly, and the next allotment will be at a materially advanced price. The stock will then be listed on the exchanges and placed on the New York and Boston curbs, when, as in every proposition I have been connected with, it will, without doubt, command a legitimate market at a still higher price. This opportunity will not last long.

Those desiring further particulars, maps, detailed reports, etc., before joining us, please write, phone or telegraph me at once.

GRAND OPERA TO-NIGHT CHANGED BILL TO-MORROW

Madame Nordica Substitutes "Traviata" for "Trovatore"—Special Prices for Admission.

The announcement will be welcomed by all musical people that Madame Nordica, in response to a number of requests, has consented to change "La Traviata" for two reasons. First, because the music of the opera is more worthy of her voice, and secondly, to allow the people of Toronto a second opportunity of hearing the notable tenor, Signor Copacabana, who will appear in the opera with Madame Nordica.

While there may be some regrets among lovers of the old-time "La Traviata," the change has been made by Madame Nordica out of regard for her many friends in Toronto, as she feels sure the public will appreciate the stronger cast and the nobler music of "La Traviata."

At the request of the manager of Massey Hall, Henry Russell, director of the San Carlo Opera Company, has agreed to the selling of 400 admissions to the evening performance at 75 cents, and for Saturday matinee at 50 cents. This is giving grand opera at an unusual scale of prices, which musical students and the general public should greatly appreciate.

The San Carlo Opera Company arrives by special train from Detroit this morning. The train includes two private cars, three baggage cars, with scenery and properties and sleeping-cars for the large company.

The overture to "La Boheme" will begin at 8 o'clock, and those who wish to hear this beautiful music excellently rendered by a complete orchestra are requested to be in their seats at that hour. This evening, from a musical and popular viewpoint, is of exceptional interest.

The new program at Massey Hall presents a rich appearance in its expanse of crimson and gold. All stage accessories are complete.

To-night Miss Alice Nielsen, Signor Copacabana, Signor Farnal, Signor Segura are among the principals. The cast is as follows: Mimi, Miss Alice Nielsen; Alfredo, Signor Farnal; Rodolpho, Signor Copacabana; Marcello, Signor Segura; Schaunard, Signor Farnal; Benoit, Signor Barocchi; Alcindoro, Signor Farnal; Parpignol, Signor Ghidini; conductor, Signor Arnaldo Conti.

The Dreamland Burlesques, the attraction booked at the Star for next week, has been singularly fortunate in securing artists of the caliber. They will be found far above the average seen with the usual run of burlesque shows.

A new melodramatic offering entitled "For a Human Life" is to be presented at the Star on Friday next. The play is one of thrilling interest, and abounds in sensational episodes and exciting situations. It tells the story of a girl, the adventures of a girl detective. The comedy is bright and natural, and the various incidents are handled by an exceptionally clever company.

"The Arrival of Kitty," which is to be presented at Grand next week, is classed among the few comedy successes of the season. It possesses the attributes that go to make an important popular with all classes of patrons. "The Arrival of Kitty" is bright, snappy and fast, and the comedy music are of a kind that take the public fancy. It genuine novelty of plot, ingenuity of treatment, together with an acting, singing and dancing company of the best-known theatrical favorites count for anything in the make-up of a successful comedy production. "The Arrival of Kitty" should meet with approval here.

At the Princess Theatre next week Daisy Weffer and his clever associates, seen to such great advantage earlier this year, will play a return engagement. These delightful players this time will devote the week to the production of two plays, both farces, "Mr. Hopkinson" being given on Monday, Tuesday, Wednesday nights and at the Wednesday matinee and the new play, "Public Opinion" on Thursday, Friday and Saturday nights and at the Saturday matinee.

APPOINTMENTS AT QUEEN'S.

J. L. Morrison Appointed to Chair of History.

KINGSTON, April 25.—Queen's trustee board appointed J. L. Morrison, M.A., of Glasgow University, to the chair of history, made vacant by the resignation of Professor Ferguson. W. T. McClelland, acting as assistant, was appointed professor of botany. W. O. Skepton, M.A., fellow in political science, was appointed lecturer in that subject. It was decided to strengthen the department of English by the addition of a lecturer. Dr. Eberington, appointed professor of anatomy, and Dr. Mykita made associate professor of applied anatomy and associate professor of surgery.

MURDER PREMEDITATED.

Miss Stroup Killed Man Because He Was to Wed Another.

OIL CITY, Pa., April 25.—That Miss Belle Stroup, the Bradford (Pa.) dressmaker, who shot and killed Thaddeus S. Ross in the office of a physician here yesterday, contemplated the deed, is shown by the fact that she left a will, bequeathing all her property, including all lands, to her sisters, Mrs. Fred Ehret and Mrs. J. F. Alken. She also left a statement saying that Ross had promised to marry her in June next, and the first intimation she had that he did not intend to do so was a newspaper notice of the dissolution of a marriage license to Ross and Miss Sampsell of Oil City.

STEEL ROOF SAVED MILLS.

Soo is Thankful For It—Fire Loss \$100,000.

SAULT STE. MARIE, April 25.—The loss by yesterday's fire at the Sault pulp mills will not exceed \$100,000. The pulp grinders were intact and can be replaced when new flooring is laid. Without the steel roofing, which was built last summer, pulp mills No. 1 and 2 would have been gutted, and the Soo would have been without electric light to-night. The steel roof allowed the firemen to get on top of the mill and enabled them to reach the fire. There are 250 men out of work.

PLOT TO KILL PRINCE.

Anarchist Found Hiding in Confessional Box and Arrested.

BRUSSELS, April 25.—An anarchist, armed with a dagger, a loaded revolver and other weapons, was arrested today in a church where Prince Albert of Belgium, nephew of King Leopold, and his presumptive to the throne, was about to visit.

One of the attendants of the church accidentally discovered the man hidden in a confessional box, locked the door and called the police.

Later three other anarchists, similarly armed, were arrested in the vicinity of the church. Two of the latter admitted that they were French anarchists.

The authorities are convinced that the prisoners were engaged in a plot to assassinate the prince.

Miner's Treasurer Decamps.

SYDNEY, N. S., April 25.—The local police have sent circulars through the Dominion, asking for the arrest of John C. McNeil, treasurer of the miners' relief fund, disappeared some time ago, and an examination of his books showed a shortage of \$1600.

Call to Smith's Falls.

BROCKVILLE, April 25.—(Special.)—At a joint meeting of the boards of the Smith's Falls Methodist Church, Rev. W. J. Wood of Westmount was unanimously invited to succeed Rev. Mr. Sykes as pastor. Mr. Wood has accepted, subject to the sanction of conference.

HOT WARD RAN IN STREAMS FROM BURNING BUILDING

Allegedly Firemen Spurt With Fierce Blaze in Big Packing Plant.

PITTSBURG, April 25.—One of the most remarkable and spectacular fires seen in this vicinity started last night in the William Zoeller Packing Co.'s plants, Spring Garden-avenue, Allegheny, opposite this city.

Early today, when the fire was thought to be under control, a large fire-proof warehouse, in which was stored 500,000 pounds of lard, suddenly burst into flames. All efforts to extinguish the fire in this department were futile and the firemen finally fastened the iron doors of the building, shutting in the burning lard.

The interior of the building soon became a seething furnace. Spouting from crevices, doors and windows, streams of hot grease ran into a sort of trench hurriedly prepared in an endeavor to prevent the hot fluid from spreading over surrounding territory.

Shortly after the fire was discovered last night, and while thousands of spectators were gathered, a dozen large ammunition tanks exploded with terrific force. There was a panic among the spectators, who were hastily ordered to retreat. That no life attended the fire is considered marvelous.

At 8 o'clock this morning the fire had practically burned itself out. It was said that the loss would reach \$300,000, partly covered by insurance.

BOSTON LAWYER SUSPECTED

Thought to Be Connected With Alleged Douglas Fraud.

NEW YORK, April 25.—That a prominent Boston man, well-known as a lawyer and in financial circles, is a figure in further proceedings in connection with the arrest of Douglas and Bennett, is a fact that is being learned by street talk. This man, it is alleged, was a friend of Bennett's and was frequently consulted by both Bennett and Douglas. He is said to have advised Douglas, to take a large amount of bonds, about \$1,000,000, and to turn them over to Bennett.

The Boston lawyer is now supposed to be in this city. He has engaged a lawyer in this city to represent him. The police suspect the identity of this lawyer, but until something more develops will do nothing.

ALLIANCE IS THE WORD.

Spanish Paper Seeks Terms Understanding, Between Powers.

MADRID, April 25.—The Correspondencia De La Espana says it has diplomatic authority for stating that the effect of the meeting of King Alfonso and King Edward at Cartagena was the perfection of a far-reaching understanding for the purposes of war and peace. It would have been considered in the last century, according to the paper, an alliance between the two monarchs. The language is an entire coincidence.

Everything concerning Morocco was ratified; everything in reference to the general European situation, diplomatic and the basis was formulated of an agreement which is now in the hands of the diplomats.

BACK TO KINGSTON.

Frank Chambers, alias Cameron, of Toronto, who was identified by the city detective as being implicated in the daring robbery in Simcoe-street, for which he had recently completed a term of imprisonment, was sentenced in Peterboro to six years in the penitentiary for stabbing prisoners in the jail there, where he was confined for a minor offence.

Policeman Pinched.

P. C. Donald Munro was locked up in the house of Mrs. J. M. Heston, of this city, late Wednesday night, suspected of being a footpad. He had been following a suspect, who secured help and took the plain clothes man in. He was identified by phone and released.

Left Bride at Altar.

WINDSOR, April 25.—Mrs. Davis of Detroit, a widow, came to Windsor with Dr. George W. Burbanks, formerly of Cincinnati, and intended to be married. Burbanks left her in the waiting room of the electric railway while he went to procure a license. Mrs. Davis waited in vain for two hours and then told the police her trouble. She reported that she had given her prospective husband a letter containing over \$500 to carry for her.

Breaks Smallpox Quarantine.

WINDSOR, April 25.—Crown Attorney Ridd has been notified by Edward Price, health officer for Malden Township, that several people near Elmstead, who were quarantined for smallpox, have refused to comply with the regulations and are mingling with their neighbors.

He has been instructed by the crown attorney to use his authority, by which he may have the offenders locked up and guarded by constables.

D. Smiley Sawyer, Ottawa, Ont., Secretary-Treasurer.

Dr. Reddick and his associates, Messrs. Hummel, Knott and Flynn, are the men who made Larder Lake famous, being the original discoverers of gold in the Larder Lake region, and after carefully prospecting, selected, staked and recorded what are universally acknowledged seven of the very best claims in this region. All of this work was done before the first fall of snow so that in purchasing this property we know that we have the best that could be procured in the Larder Lake region.

The claims all have a number of large quartz veins, showing values in Gold, Silver and Copper. Assays ranging from \$8.40 in silver, and \$122.00 to \$1,865.00 in gold have been recorded.

It is acknowledged on all hands that our property is the heaviest mineralized in the country.

A gang of men have been at work since the 15th of February putting up the necessary buildings and taking in supplies, machinery, etc., and actual development will commence shortly.

To intending purchasers we would advise this as a good investment and would be pleased to receive a call from any who desire further information. We are offering \$200,000 of the Treasury Stock at par value, \$1 per share.
