Marconi Station Picks Up Message Sent From Manila.

SYDNEY, N.S., Oct. 7.—This morning while Marconi experts here were testing several of the new receiving cones at the top of the towers at the Port Morien station, the operator in the room below picked up the wireless station at Manila in the South Pacific. The message received was that the American cruiser Philadelphia had arrived at that point all safe.

The best previous record for the distance by wireless was 4000 miles, between Savannah, Florida, and a warship going down the South Pacific. The distance from Port Morien to Manila, Philippine Islands, is about ten thousand miles.
