A Record in Collisions

Detroit, Mich., June 19.—The latest reports show that twelve collisions took place on the upper lakes on Sunday as a result of the fog that day. This is a record. Four vessels of the Gilchrist fleet were participants in three of the mix-ups, and three of the boats are seriously damaged, the Steel King being on the bottom in shallow water at Harbor Beach. No lives were lost, but the little steamer Ryerson, with twelve passengers on board, had a very close call at Whitehall, Lake Michigan, when she was caught on the bow of the Goderich liner Georgia and almost cut in two. Her passengers were rescued and the little steamer was beached.
