### At a meeting of the trustees of Victoria Hospital vesterday afternoon, it was decided after May 1 to charge extra for all medicines furnished to patients in private and semi-private rooms. Owing to the tremendous increase in the cost of drugs due to war conditions, it is found necessary to discontinue the practice of providing medicine, and charging it in with the bill for private and semi-private patients. Accounts for the month, totalling \$15,389.70, were passed. The cash receipts totalled \$5,125.50. The contract for improving the heating system in the main building was awarded to Noble & Rich. During the month 308 patients were discharged, 307 admitted, and there were 26 births and 16 deaths. In the free dispensary 152 patients were treated.
