Big City Dairy Firm Say Matter is Adjusted

Farmers Accept Reduction of Ten Cents a Can—Secretary Did Not Know—Notes.

To The World on Wednesday. The trouble with the farmers up the Don-road was amicably settled at a conference held in our office this morning, the farmers agreeing to take the offer made by our firm of 10 cents a can of eight gallons, a reduction of 10 cents a can.

"We were not the first to break the contract," said Mr. Price, "a number of the farmers having sold at a lower rate than that fixed by the producers' association. But it is unanimously settled now, and to-morrow (Thursday) we will have our usual supply. There is no scarcity of milk," concluded Mr. Price.

To The World over the long distance telephone last night A. J. Heynolds of Scarborough Junction, secretary of the Toronto Milk Producers' Association, when told of the statement made by Mr. Price, said: "First I've heard of it. If a settlement has been effected it's news to me at any rate."

And there's the story of the milk strike in a nutshell.

What effect the reported settlement will have upon the city dealers who are paying the regulated price of 15 cents per can remains to be seen. A large proportion of the dairymen throughout Scarborough and York are selling at the rate of 15 cents, and where the arrangement is mutually satisfactory it is not thought probable that any change will be effected.

The efforts of the city dealers ever since the organization of the Toronto Milk Producers' Association have been studiously directed toward the breaking up of the latter. That they should in any measure succeed will not redound to the benefit of either the farmers or the citizens at large.

WEST TORONTO.

WEST TORONTO, Dec. 2.—When asked by The World this afternoon as to his intentions regarding the mayoralty for 1909, Mayor Fisher made this statement: "I have no doubt but that the City Council at their meeting next Monday will adopt the proposed plan of annexation agreement. When the people ratify the agreement is put before the people at the January election, I am convinced that it will carry by a good margin, and that case the existence of West Toronto as an independent city would cease about April. Having, therefore, carried the annexation, I would like to remain in office, so that I might be able to take part in the legislative proceedings that must necessarily take place in the spring before the union of the two cities becomes an actual reality. Had this annexation movement not been before the people, I would certainly not have been again a candidate for the mayoralty, as I believe a two-year successive term is about sufficient."

The vital statistics for the month of November are: Births, 30; marriages, 4; deaths, 16; as compared with birth, 30; marriages, 6; deaths, 15, during October.

The customs receipts for the port of West Toronto for November show a decrease of \$12,217.55, as compared with October, the month in which the receipts totaled \$13,602.45; last month they were \$25,820.

The ladies of the Presbyterian Church will hold a sale of work in aid of the fund to-morrow (Thursday) evening and Friday afternoon and evening. The formal opening will be at 8 p.m. Thursday.

Rev. Dr. John Neil. A continuous musical program arranged for.

It would appear as if there will be three candidates in the field for the mayoralty—Mayor Fisher, Councilor S. Douglas and ex-Councilor A. J. Brown.

It is doubtful if there will be a three-cornered fight, as it is expected that either Mayor Fisher or Councilor Douglas will drop out on nomination day.

As for councilors, Councilors Frank Brown, Douglas and Parkie have decided yet. Ex-Councilor J. W. Lawrence will enter the arena again, and R. W. E. Burnaby of Bedford Park has decided to be a candidate for a seat in the council board.

In the Masonic Hall to-night, the first public meeting in favor of local option was held. Local speakers gave brief talks. Rev. J. W. Stewart, a former popular pastor at Maple, gave the address of the evening. Special musical numbers were given.

The W.C.T.U. held their meeting yesterday at the home of Mrs. J. H. Sanderson. A goodly number being present.

An interesting event took place at the home of Mr. and Mrs. P. Basingthwaite, when a large number of friends and relatives assembled to congratulate them on the occasion of their crystal wedding. Refreshments and a well-attended program of speeches, music, etc., made the evening long to be remembered.
