Trade Slow - Prices Easier -- Cows 50c to \$1.00 Cwt. Lower-Hogs \$9.25 Cwt.

Stock Yards were large-136 carloads consisting of 2816 cattle, 166 hogs, 328 sheep and lambs and 123 calves. sheep and lambs and 123 calves.

The quality of fat cattle, generally speaking, was not nearly as good as a week ago. Trade opened up slow, owing to drovers not wishing to accept the lower prices offered by the buyers, but later on agreed to accept the reduction, and business was fairly active for the remainder of the day, the market closing with the bulk of offerings sold.

The best stall-fed exporters sold at about the same prices as last week, while the medium stall-fed were sold at 10c to 25c and in some instances 30c per cwt. lower.

The severest cut prices have felt took place in the butchers' classes, especially for the grassy cows. This is an annual event, and generally takes place in the middle of June, when the first liberal run of grass cattle arrives. There was a deluge of grass cows on this market to-day, about 1000 being on sale, and it was easy for buyers to demoralize the trade.
