Time 1:45 2-5. Old Homestead, Little Boy, Junius H. and Little also ran.

The Finest in Canada

O'Keefe's

Leaders in the Manufacture of Light Beverages

Successful Achievement Only a Matter of Months----

O'Keefe's Ginger Ale eleven months ago was a new idea—to-day it is the most widely known temperance beverage in Ontario.

It is only a matter of a few months ago that O'Keefe's Special Pale Dry Ginger Ale was first offered for sale. The manufacturers felt assured that a profitable business could be done in Ginger Ale and like beverages. One thing was essential, however, that O'Keefe's Ginger Ale should be first in quality, in fact, up to the standard of the O'Keefe reputation in beverages they have manufactured and sold for over sixty years.

O'KEEFE'S Special Pale Dry Ginger Ale

As equipment was installed, which although entailing the expenditure of a large sum of money, assured the Company the most up-to-date, hygienic process of manufacture.

The most experienced men available were procured, and after painstaking and exhaustive efforts, O'Keefe's Special Pale Dry Ginger Ale was produced and offered for sale to the public in July. From the day of the first announcement in the newspapers, the sale of O'Keefe's Special Pale Dry Ginger Ale increased from week to week, until now it is in greatest demand IN THE HOME, the clubs, and hotels.

Just recently York Springs, Limited, has been absorbed, and it is now announced that York Springs Dry Ginger Ale, York Springs Belfast Ginger Ale and the famous YORK SPRINGS WATER will be bottled under most hygienic conditions and sold by O'Keefe's, Toronto.

It is anticipated that with York Springs Water reaching the consumer as pure as when it bubbles from the springs, the already large demand will greatly increase, and every preparation has been made to meet this demand.

O'KEEFE'S

A Statement by the York Springs, Limited

Travellers along Yonge Street, north of the city, are familiar with the springhouse nestling in the hollow.

For many years the purity of York's springs water has been proverbial, and when, eleven years ago, this company was formed to make the water more readily accessible for city dwellers, the instant demand proved the popularity of the venture.

And so for eleven years we have been privileged to cater to an appreciative public, supplying not only the bottled Spring water, but also beverages of which the base was York Springs Water—notably

YORK SPRINGS

Dry Ginger Ale Belfast Ginger Ale

On account of the war, the labor problem has become acute with us. Many of our oldest and most skilled employees are in khaki, and others have heard the call for farm help.

After due consideration the York Springs Company decided to ally its interests with O'Keefe's, Toronto, whose sanitary, up-to-date plant and efficient force of skilled workers would provide the organization necessary for a thoroughly satisfactory distribution of York Springs products.

O'Keefe's reputation guarantees the maintenance of high standard in the manufacture of York Springs Ginger Ale and the prompt delivery of York Springs Water as taken from the Springs.

In thus transferring operation of the Springs, we bespeak for O'Keefe's the same valued patronage which we have enjoyed during the past eleven years and for which we now take occasion to express our hearty appreciation.
