PRESENT PRIZES AT JARVIS COLLEGIATE

Many Honors Were Won by the School During the Past Year.

HAS BIG HONOR ROLL

President Falconer Holds Up Newspaper as Channel of Education.

President Falconer of the University of Toronto, was the chief speaker at the annual commencement of Jarvis Street Collegiate yesterday afternoon and delivered one of the most earnest and patriotic addresses of the war.

After complimenting the school on its scholastic results, the speaker told the audience of boyls and girls that the scholastic results. the speaker told his audience of boyls and girls that scholastic attainments were only one part of an education. It was the understanding of information that gave the broader intelligence. The newspaper was held up as the channel of present-day education. Thru its news, plotures and articles, particularly those that reach out into possible results of present conditions, education is gained. I don't care a fig for a boy who gets per cent, in his subjects and wraps himself up in his own company, not thinking of what's going on outside." aid the speaker.

That the boys of Jarvis Collegiate

ere amongst the noblest of today was own by the honor roll, which con-ined 288 names, and in the list of tained 288 names, and in the list of those who had died on the field of honor, numbering 25. It was those who had already responded and because this was ready responded and because this was acking in many there were some to-lay who were talking of conscription. The future of the country depended the number of men and women were ready to live a life of sacriin order to serve the public, said

the speaker.
Out of the present, President Falconer hoped to see grow a generation which would be marked as Canadian and which would acquire its distinc-

don by the glorious traditions upon which it had been fed.

Rev. Mr. Wilkinson, who has two sone at the front, spoke sympathetically of the boys who had fallen. He seminded his audience that none could de in a more glorious place than right under the British flag for God and

Neutralize Irritating

Take Salts to Flush Kidneys and Acids.

Kidney and Bladder weakness result om uric acid, says a noted authority. The kidneys filter this acid from the flood and pass it on to the bladder. where it often remains to irritate and inflame, causing a burning, scalding sensution, or setting up an irritation at the neck of the bladder, obliging the neck of the bladder, oblights you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse, again, there is difficulty in avoiding the leulty in avoiding it. Bladder weakness, most folks call it, because they can't control urination.
While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a riess of take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neuralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs, which then

act normally again. Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders causby uric acid irritation. Ind Salts idid for kidneys and causes no bad effects whatever.

EXPECT QUIETER MARKET.

Heron & Co. had the following at the close:

Montreal, Nov. 24.—The market was heavy at the opening and quite a little stock was pressing for sale, particularly Steel Co. of Canada. Later when the New York market turned decidedly strong there was a recovery in local prices, and this afternoon steel was a particularly strong stock, and the whole list improved. There is less activity here and we expect to see a much quieter market for some time to come.

PRODUCED IN TORONTO

To Be Shown in Theatres to Create Interest in Undertaking.

In order to stimulate workers in munition plants to increase production and to inform the public generally what women are doing in munitio work thruout Canada the imperial work thruout Canada the imperial munition board has authorized the exhibition of a motion picture, showing every phase of the work undertaken by women. Five prints of the picture have been made, two of which will be shown for a period of three weeks at different theatres in Toronto. Simultaneously two of the others will be on exhibition in Montreal and one in Ottawa. On Monday the two films for use in Toronto will be shown at the Strand and the Willowvale Theatre, West Bloor street.

The call for workers has been responded to satisfactorily by women of all vocations all over Canada and the willowvale Theatre, west Bloor street.

The call for workers has been responded to satisfactorily by women of all vocations all over Canada and the officials of the board and the government. Altho more women have offered themselves than can be placed at the present time, munition manufacturers are providing accommodation for them and in three months the demand for semale labor will be enormous. In regard to the wages earned by these women the motto being followed by manufacturers as a whole, lowed by manufacturers as a whole is, "Equal pay for equal produc-

tion."

The picture shows the various processes thru which a shell passes in which women are employed. At the present time women work on 9.2 shells which weigh more than 300 pounds each, down to 18 pounds shrapnel.

An advertising campaign will be commenced in the near future in which the public will be shown the need of co-operating with the government in an effort to get more shells. It will be pointed out that the more ammunition despatched to Belgium and France will mean shorter casualty lists and will mean shorter casualty lists and a quicker triumph for the allied cause

Hot Water for Sick Headaches

Tells why everyone should drink hot water with phosphate in it before breakfast.

Headache of any kind is caused by auto-intoxication—which means selfpoisoning. Liver and bowel poisons called toxins, sucked into the blood, through the lymph ducts, excite the heart, which pumps the blood so fast that it congests in the smaller arteries and veins of the head, producing vio-lent, throbbing pain and distress, called headache. You become nervous, de-spondent, sick, feverish and miserable, your meals sour and almost nauseate you. Then you resort to acetanilide aspirin or the bromides which tempor-PREMIER OF RUSSIA arily relieve but do not rid the blood of these irritating toxins.

A glass of hot water with a teaspoonful of limestone phosphate in it, drunk before breakfast for awhile, will not only wash these poisons from your system and cure you of headache but will cleanse, purify and freshen the entire alimentary canal.

your pharmacist for a quarter pound of limestone phosphate. It is inexpensive, harmless as sugar, and almost tasteless, except for a sourish twinge which is not unpleasant.

If you aren't feeling your best, if ongue is coated or you wake up with oad taste, foul breath or have colds, indigestion, biliousness, constipation or sour, acid stomach, begin the phos-phated hot water cure to rid your system of toxins and poisons. Results are quick and it is claimed that those who continue to flush out
