MEDICAL INSPECTION

A case of diphtheria has been reported in one of the city schools. The season has arrived when outbreaks of this and other diseases may be expected, and the spread of which through the medium of the schools may also be expected. Are all the school buildings in a sanitary state? Dr. McInerney has expressed doubt on this point. What provision is there to protect the children? There is no medical inspection.

This matter should be taken up by the school board and civic authorities. There is no doubt about public sentiment. The people desire that the homes be protected. The public health should be guarded by every reasonable and proper means. An epidemic costs much more than the salary of an inspector. The publicity that has recently been given to discussions, and the views expressed upon the subject should be sufficient warrant for the authorities to set themselves seriously to the task of improving the conditions. An excellent beginning would be the appointment of a medical inspector. Legislative bodies do not usually move in advance of public opinion, but it cannot be doubted that public opinion calls for prompt action in this matter.

QUEBEC POLITICS

A very interesting political campaign is being waged in Quebec, in the by-elections for the provincial legislature, which are to take place on November 12 in the St. James division of Montreal, in Chambly and in St. Sauveur. They are chiefly interesting because the leading figure, though not a candidate, is Mr. Henri Bourassa, who is described as the stormy petrel of Quebec politics. The opposition candidates are not coming out as straight Conservatives, but Bourassa opponents. The candidates in St. James Division are Ald. Clement Robillard, government; N. K. Lafamme, opposition. In Chambly they are:—Dr. Desaulniers, government; Tancred Maril, opposition. In St. Sauveur the government candidate is to be selected from three aspirants, while Omer Brunet is the choice of the opposition. The Montreal Witness says, "Bids fair to be a memorable one, almost equal in interest to that which brought on the present by-election, when Mr. Bourassa wrenched the same constituency from Sir Lomer Gouin."

The battle between Lafamme and Robillard, the witness says, "Bids fair to be a memorable one, almost equal in interest to that which brought on the present by-election, when Mr. Bourassa wrenched the same constituency from Sir Lomer Gouin."

In connection with the contest in Chambly it is noted that the battle in that county will present the curious feature, that, while the government candidate comes from an old Conservative family, Mr. Maril is the son of one of the most uncompromising Liberals that ever sat in the legislative council. The father of Jean Prevost was also one of the most uncompromising of Quebec Liberals. The son is a follower of Bourassa, whose grandfather was Papineau. Both young men are fighting a Liberal government.

Their success has not been great, but they are vigorous campaigners. It is charged by their opponents that they have no policy, and deal only in destructive criticism and racial appeals. Such a policy cannot win permanent success in any province. Nevertheless there is a hot fight in St. James, Chambly and St. Sauveur. Mr. Laverne, for example, has issued a challenge to the premier, repeating charges he formerly made against Hon. Mr. Turgeon, and daring the premier to have him arrested for slander. Mr. Laverne's charges are not new, and have been answered, but he makes them again for the purposes of this campaign.

For so jolly a man Lord Charles Bessborough is very lugubrious when he talks about the imperial navy. But he finds Canada vastly to his liking.

Lord Northcliffe has made a very foolish and unfriendly criticism of the Intercolonial Railway. The more he talks the more he discredits himself as a discerning observer. His German war scare is another case in point.

Mr. Kemp, M. P., of Toronto appears to be in revolt against Mr. Borden. The trouble in the Conservative party grows more serious. Out in British Columbia Sir Herbert Tupper has declared open opposition to Premier McBride's railway deal.

Today's news appears to indicate that Tammany's victory in New York was of the barren sort, because of its failure to secure control of the board of estimates. The anti-Tammany Democrats, with Republican aid, have secured a strong position.

There is a three-sided fight in the by-election in Cumberland. It was thought that the Conservatives would throw their influence in favor of the labor candidate, Mr. Landry, but they have nominated T. S. Rogers, K. C. Mr. Livingston should win in this contest.

The St. Andrews Beacon observes:—"Speedy as the Kentucky horses are supposed to be, it is reported that those imported by the N. B. government have been unable to catch up to the notes that were given in exchange for them when they were first brought here."

Three women have been appointed to the New York board of education. There is no reason why they should not be appointed, but many reasons why they should be permitted to serve in that capacity. There are very clever women in New York as elsewhere, animated by high ideals of social service.

The Conservatives of Lunenburg, N. S., have nominated J. W. Margeson to oppose Attorney General A. K. McLean in the by-election in that county, and the enterprising correspondent of the St. John Standard already has him elected. Some thing may happen on polling day, but that is some way off. There is nothing like getting a good start. As the opposition in Nova Scotia has no leader and no policy, it may be that Mr. Margeson has these concealed about his person.

The St. Andrews Beacon says that the wreck of the Hestia "emphasizes the necessity for some better protection for shipping in this particular locality," and says the life-saving station at Seal Cove is useless because of its location. But the Beacon further says:—"The attempt to make political capital out of the Hestia wreck is a great mistake. The day of the Hestia has been remarkably free from disasters, which goes to show that it is not particularly dangerous and that lights and other marine safeguards have been well looked after." What the Beacon says about Gannet Light is given in another part of today's Times.

Addressing the Montreal Reform Club on Saturday evening Hon. Charles Murphy said:—"I believe that the name of Sir Wilfrid Laurier will be handed down to posterity as that of the builder of the Grand Trunk Pacific, but I believe he will be remembered longer and with more affection as the unifier of the races in this country, and the harbinger of peace and good will amongst all sections of the Canadian people. Canada will remain a great self-governing nation within the empire, and this unity will be the most enduring of the links which bind us to that empire."

RACE TO SOUTH AMERICA

Boston, Nov. 3.—In tow of the tug Orion, the Norwegian bark Gudrun, Capt. Skarr, left her anchorage in the harbor yesterday morning and started on her 6000 mile passage to Rosario. British ship Timandra, Capt. Blom, started out from quarantine three hours later, in tow of tug Nespet.

When Capt. Blom learned that the Gudrun had sailed he decided to follow. Those on the ship expect to win the race to South America in spite of the start of the Norwegian vessel.

NOVA SCOTIA POLITICS

Amherst, N. S., Nov. 3.—(Special).—A convention of the Liberal-Conservatives of the county here today nominated T. S. Rogers, K. C., of Amherst, as the candidate for the approaching election. The executive of the Conservative party in Lunenburg, N. S., yesterday, decided that J. W. Margeson, who was selected by the convention, should oppose A. K. McLean in the approaching by-election.

INDIAN SUMMER

The trees are leafless, and the grass is dead. The sun is feeble. The summer flowers sleep. (Except a transient rose), the low skies weep. At dawn, because the summer's dead, And yet within the garden's (acid and red) The brave chrysanthemum their vigils keep In colors of the summer; light winds heap The fallen leaves; the sun from overhead With warmth and cheer sends down his golden gleam.

Through the bare trees, or at the casement gleam, Through the rosy twilight draws the quiet night—

anon—live-out, fallers, and the streams Of traffic cease, and in the softened light The soul of summer lingers still and dreams.

BEAUTIFUL NATURE.

Beautiful Nature is working away on her hill and valleys today, packing her green trees and putting on red, and changing the bonnet of blue on her head.

For one with a ribbon of scarlet and gold for the hair, she is doing her best to make the autumn a success.

Beautiful Nature is busy as ever, covering her delicate blossoms to their knees with blankets of mosses, and hiding her flowers.

Away from the frost in their snug woodland homes.

Or rainbows of rose in a sunburst of dream.

JOHN SALVATOR,

COUNT, IS DEAD

Denver, Colo., Nov. 3.—Count Louis von Vetsera, of Austria, known familiarly as Johan Salvator, died yesterday.

He was 67 years of age, and was an Austrian consul, George von Grivich, who called on Mayor Speer today and asked his assistance in finding the body of the supposed nobleman.

Under what name he lived and died is as much a mystery as was the death of the crown prince and the Countess Marie Vetsera, brother of the countess, killed Rudolf and Marie.

Although von Vetsera had been absent from Austria since a few years after the death of the crown prince and the Countess Marie Vetsera, the Austrian government kept track of him. A cable from the Austrian ambassador at Washington and notification from the Austria-Hungarian consul at San Francisco conveyed the intelligence of the count's death to the Austrian consulate in Denver and gave instructions that the body be found and properly identified.

E. Mitchell, president of the Mitchell-Mitchell Company of Barbados, is in the city, and makes the announcement that he will open a branch of his business here. The Mitchell company is one of the largest of its kind in the West Indies, and it is out to secure a larger share of New Brunswick business.

Women

Cannot be Strong and Healthy Unless the Kidneys are Well.

Weak, lame or aching backs are the first sign of Kidney Trouble.

Under ordinary conditions they ought to be strong and ready to bear the burdens of life.

It is hard to do housework with a weak and aching back. Backache comes from sick kidneys, and weak kidneys cause sick kidneys.

But they can't help it. If more work is put on them than they are made for, it is not to be wondered that they get out of order.

Weak back is simply a warning from the kidneys, and should be heeded to avoid years of terrible suffering from kidney troubles.

Doan's Kidney Pills will cure you in the same way as they have cured thousands of others.

Miss Alberta B. Clarke, Stony Creek, Ont., writes:—"I was troubled with kidney trouble for several years; my back was weak, I had such terrible headaches, and was so restless I could not sleep at night and tried everything without any benefit. Meantime a friend advised me to try Doan's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from Kidney Disease to try them."

Prior 50 cents per box, or 3 for \$1.25, at all dealers or The T. Milburn Co., Limited, Toronto, Ont.

In ordering specify "Doan's."

WEDDINGS

Graham-Bourgeois.

Moncton, Nov. 3.—St. Bernard's Roman Catholic church was the scene of an interesting wedding at 8.30 this evening when Joseph Graham, installation foreman at the new I. C. R. shops, was married to the late Philip Bourgeois, daughter of the late Philip Bourgeois. The bride was given away by her brother-in-law, C. H. Boudreau, while the groom was attended by Geo. O'Neill. The church was crowded
