

GREETING.

THE members of the University Young Men's Christian Association desire to extend a hearty greeting to all of their fellow students; and to those just commencing their University career we would say Welcome! Welcome! many times over. Especially would we welcome you all as co-workers with ourselves in upholding the banner of Truth and Love, not only toward and amongst each other and every member of the University but toward all the great brotherhood of mankind.

We would earnestly invite you to attend our meetings and become a member of our Association. You will thus place yourselves in connection with a more elevated and purer thought which will aid in the upbuilding of a higher plane in life, and will enable you more fully to reflect lustre upon the old University of which we all feel so proud.

"Come thou with us and we will do thee good."
