ALLANT RIDE TO SAVE HIS FRIEND

Youth with Fractured Skull
Drove Motorcycle 11 Miles
With Body in Side Car.

Atlantic City, N. J., July 28.—Despite a broken skull and loss of blood a youth named Samuel Forbes rode his motorcycle eleven miles into Atlantic City early on Sunday in a supreme effort to save the life of a companion whose skull also had been fractured, and whose unconscious body lay in the side car.

In front of the institution, Forbes collapsed, fell over the handlebars and lay in the street. Hospital attendants carried him and Leopold Dusen, his companion, into the institution, where both their lives are despaired of.

The two young men were the victims of a hold-up by a big negro, who assaulted them with a baseball bat. He swooped in the woods, after having stripped them of their valuables. Two young women companions of the pair hid their jewellery while the boys were fighting with their assailant and fled, avoiding attack.

The assault occurred on a side road near Absecon, just off White Horse Pike, two miles from Absecon. The girls' shrill screams were plainly audible on the main highway as the negro battered their companions with his bat, but motorists, who could be seen flashing past in the darkness, only put on speed refusing to come to their aid.

The whole countryside has been aroused by the brutal and desperate attack, and while homes near the scene are ringing with praise for Forbes' gallant ride, posters, organized by local officials, are beating the brush and working along the shore in the hope of finding the negro.

THROUGH RAIL SERVICE ATLANTIC TO PACIFIC

Canadian National Railways Furnish Direct Connections With Famous "Continental Limited" Out of Montreal.

The finest train service to the Pacific coast is afforded by the Canadian National-Grand Trunk "Continental Limited" now leaving at 9 p. m. daily from Bonaventure station, Montreal.

The route of this finely equipped all steel train to the coast is via Ottawa, North Bay, Cochrane and via the Transcontinental to Winnipeg and by Grand Trunk Pacific to Saskatoon and Edmonton and via Canadian National Railways to Vancouver—the finest of scenic routes through the Rockies and over the smoothest roadbed.

From maritime province points there is connection by Ocean Limited with the Continental Limited daily, and by the Maritime Express daily except Sunday.

The Maritime arriving in Montreal at 7.40 affords the most direct connection, but passengers by the Ocean Limited will have the advantage of a day spent in Montreal. The Maritime arriving at Levis at 1.50 p. m. affords connection with train No. 11 leaving Quebec daily for Cochrane at 5 p. m. This train makes connection at Cochrane with the Continental Limited, so it will be seen there is really a choice of two distinct routes.

There is also the through service to the Pacific coast by train leaving Toronto daily at 10.30 p. m. via Sudbury, Port Arthur, Fort William and Winnipeg. Connection for this is made by the Ocean Limited to Montreal, and the Grand Trunk International Limited to Toronto.

Particulars of these splendid rail services to the west will be explained by all C. N. R. ticket agents, and folders and illustrated matter may be obtained by application to any of the city ticket offices or by writing the general passenger department, Montreal, N. B.

THREE BOMBS DISTURB ST. JOHN'S EVE

Violent Explosions Outside
Lisbon Printing Offices, in
Which Men are on Strike
—Attempt Against Judge's
Life.

Lisbon, July 10.—(Associated Press by Mail)—The festivities of St. John's Eve were interrupted by the explosion of three dynamite bombs of enormous dimensions, placed by unknown hands in different parts of the city, outside three printing offices of which the printers are on strike.

The first explosion was so terrific that although Lisbonites are becoming accustomed to bombs, real panic was produced among the merry-makers in the streets of the Bairro Alto who, leaving their open air balls and bonfires, fled into the lower part of the town. At least there were no victims the force of the explosion brought down the ceilings of the houses near which it burst. A dense and suffocating smoke filled the whole street and many people fainted.

Another bomb did less damage in the Rua dos Corrieiros, and the third, which was of the same powerful type as the first, burst near an open air ball seriously wounding three persons. Some arrests were made of workmen but no real clue has as yet been discovered.

Another attempt against the life of a judge of the Tribunal of Public Safety was also made about the same time, two shots being fired at him in the street without wounding him.

WILD RUSH FOR WORK.

2,000 Applied for Thirty Jobs and Wrecked Office.

Baltimore, Md., July 28.—When V. D. Jones, proprietor of an employment agency, placed an advertisement in a morning newspaper for thirty colored laborers, he had no idea that a horde of 2,000 or more applicants would surround him, but they did. Hundreds of these men a year ago were earning big wages in shipyards. The rate of impatient, hungry men was so great that the crowds wrecked the agency office. The proprietor had to mount the desk to keep from being crushed by the mob, and a hurry call had to be sent for police. Meanwhile the mob broke down the partition, smashed the benches in the outer office and broke the windows. Jones called up Police Commissioner Gaither's office and asked for help. When a squad of police reserves arrived the job hunters were quieted and Jones had the police turn all but thirty men out of the office and these were given the jobs.

SCENTS DANGER IN CO-EDUCATION

Bishop of Exeter Wants New
University Properly Supervised.

London, July 19.—(By Mail)—Questions concerning the proposed university for the South-West of England are raised by the Bishop of Exeter in a diocesan letter. He says:

"A point which I think needs to be cleared up is the system of discipline under which the students are to live. I have been told by members of the Students' Christian Union that the profligacy of the continental universities passes all description. Men and women not only teach, but practice ideals of free love. This is not true of English universities, but there is not an educationalist in England who will not allow that in university education the moral factor is very important. It is not right to bring a large number of young men and young women into a city like Exeter unless two things are provided—first, proper supervision; and secondly and chiefly, large playing fields, or, to use the American expression, a campus, where the superabundant energy of youth could be spent in healthy sports made quite clear to the country where they propose their buildings should stand and how they propose to attach to them sufficient recreation grounds."

Harvest Excursions via "Canadian National"

30,000 Urgently Needed To Garner In
The Bumper Wheat Crop of Canada.

To garner in Canada's bumper crop of golden grain, 30,000 harvesters are needed from Eastern Canada. From all parts of New Brunswick there will be special fares by special trains on August 4th and August 10th, via Canadian National Railways. The fare from St. John to Winnipeg by these trains will be \$20.00.

There will be proportionately low fares from Winnipeg for those returning. The fare to point beyond Winnipeg is one half cent per mile. Special accommodation will be furnished on these excursion trains. Lunch Counter Cars will be carried, serving meals, and the best type of Convertible (berth) colonist cars will form the equipment.

There is a fine opportunity for those who wish to visit the west and participate in the harvesting. The rates are extremely moderate, and the accommodation most comfortable.

Particulars regarding these excursions can be secured from the City Ticket Agents of the Canadian National Railways, 40 King street or by writing E. W. Robertson, General Passenger Agent, Moncton, N. B.
