## CRITICIZES C. N. R.

Declaration of Hon. George Langley of Saskatchewan

Says Crop Moving Conditions Worse Than Under MacKenzie & Mann—Call for Branch Line Work.

Regina, Nov. 12.—Criticism of the Canadian Government Railways and the economic gospel now being preached in the west by Premier Meighen and Hon. J. A. Calder and a declaration that the resolution on national marketing did not contemplate a fixed price for wheat but only a chance for the farmers to compete in the world's markets, featured an address by Hon. George Langley, in the legislature last evening. He was urging re-establishment of the wheat board. He said that "crop moving conditions on the Canadian National Railways even in the worst days of MacKenzie and Mann were not as bad as they are today."

A resolution will be introduced into the legislature on Tuesday expressing the view that the Dominion authorities should be petitioned to appropriate at the earliest possible date sufficient money to complete the branch lines of the C. N. R. which are already projected in various sections of the province, and complete such branches at the earliest possible date.

## ICE CREAM—A Real Food

During the past four years science and necessity have taught us many things about food. Some things we once thought indispensable as food, we have since found wholly unnecessary. Others we thought of only as luxuries, we have found are food necessities.

Ice Cream, a short time ago, was thought of and used only as a luxury, but during the war it was declared by the government to be an essential food. Science and actual experience in both home and hospital have proven it to be a necessary and very nourishing food. The cream and milk from which it is made contain growth-promoting and health-giving substances absolutely necessary to child growth and the health of all ages.

Ice Cream soothes and nourishes the sick back to health and strength, because it is so easily digested and so rich in food value. It strengthens and sustains the healthy of all ages, because it contains this element of food so necessary to health and strength. It puts color in the cheeks of youth and laughter in the eye of age. Eat more of it, ye young and old, because it is a real food, an all-the-year-round food.

## McTIGUE OUT OF THE RING FOR THE NEXT TWO MONTHS

Bone in Elbow Broken in Bout With Bloomfield.

Montreal, Nov. 12.—An X-ray examination of the elbow of Mike McTigue, Halifax boxer, shows that Jack Bloomfield broke a small bone in it during the second round of their drawn fight last night. McTigue was ordered by the doctors not to fight for two months.

It was something of a jinx for McTigue's arm. Bloomfield, in trying to grip the arm which partly encircled his waist, put the pressure on just at the joint, forcing it back so far that the bone broke.

"I thought I was going to drop right then," said McTigue today.

## THEFT CHARGES AND OTHER MATTERS IN POLICE COURT

In the police court this morning a case against John McDonald, charged with stealing lead pipe valued at \$83, was resumed. J. M. Queen told of missing the pipe from his premises and identified the lead pipe found in a garage at the back of the house found lead pipe under a bench. He said the accused told him he did not know the pipe was there. The detective said he also found six demountable automobile rims and some tires, which the accused said he had recovered from his automobile, which had been burned. Inspector Galloway and C. F. Costello of the C. P. R. were also present. The magistrate said he understood that there would be another charge against the accused, but nothing definite had been decided. The case was postponed until Tuesday morning.

J. A. Barry appeared for the defence.

Marie Thomas and George Donnelly, charged with a statutory offense, both denied the charge. J. Earl Logan and L. McC. Ritchie conducted the prosecution and E. S. Ritchie was for the defence. The case was postponed until Tuesday afternoon. Bail was accepted.

A case against Captain George C. Hammer, charged with assaulting Angus P. Thompson, amicably settled and the accused allowed to go.

She admitted selling a bottle, but added that the complainant called and said a man who was a friend of her husband told him to go there and get some as he was cold. She said her husband had it for his own use and did not sell it. The minimum sum was imposed. Joseph Axel was arrested last night on vagrancy charge, was ordered back to the same house.

## GOOD THINGS COMING TO THEATRES OF ST. JOHN

## BEST YET AT THE QUEEN SQUARE

Mae Edwards Players in Gripping Canadian Drama "The Wolf."

The bill at the Queen Square Theatre the last half of this week is perhaps the best the Mae Edwards Players have presented since they opened here. Eugene Wagner's Canadian drama, "The Wolf" is perhaps too well known to require much comment. Suffice it to say that it is a big gripping, stirring drama with heart interest, suspense, and gripping climaxes galore.

Miss Edwards as "Hilda McTavish," the settlers daughter, who has been brought up in ignorance, in lieu of innocence, added to her already long list of friends. She handled the role to perfection.

Mr. Corbin as "Jules Beaubien," the poet, romantic, French Canadian, showed us a brand new angle to his work. His dialect was exceptionally good, and he gave a thoroughly sincere and enjoyable interpretation of the role.

Harry Gay, a new face in the cast, handled "Andrew McTavish," the woman-hating Scotch settler. Every new face added to the cast of the company seems to strengthen the personnel considerably. Mr. Gay would be an addition to any company. His character work last night was excellent.

Mr. Judge gave a convincing interpretation of the American engineer. Ruthless, getting what he wants without regard for others the role was not the pleasantest to portray, but he did it full justice.

The bill is of the type most enjoyed by the Queen Square patrons, and they left the theatre more convinced than ever that the Mae Edwards Players are the company they want and will patronize.

## DRIVE TO GET HALF MILLION FOR MT. ALLISON

Sackville, N. B., Nov. 11.—Mount Allison University celebrated simultaneously Founder's Day and Armistice Day. The programme opened at 10:30 a. m. with a procession headed by the regents, followed in order by the relatives of the founder, professors, alumni, alumnae visitors and students, who marched to Fawcett Memorial Hall. The services were opened with the march from Aida, by Verdi, played by the university orchestra, followed by the anthem, "Lift Up Your Heads," sung by the choral class. Responsive prayer was led by Rev. B. C. Borden, D. D., president of the university.

Chairman Rev. George Steele, D. D., introduced the principal speaker of the day, Hon. Justice Russell, D. C. L., of Nova Scotia, a graduate of Mount Allison. In an eloquent address he paid a glowing tribute to the founder of the institution, Charles F. Allison.

At the close of the ceremony, the procession proceeded to the cemetery, where each member uncovered, dropped a spray of evergreen upon the grave of the founder.

In the afternoon the board of regents met in the board room of the university residence in semi-annual session. Among other matters they discussed plans for a \$500,000 dollar endowment campaign in the week of February 7-14.

For some months the board has considered a short-term intensive campaign for funds for endowment, and the good work of the institutions. The financial statement of the university shows the imperative need for a more adequate endowment.

It has been pointed out that, with the constantly increased cost of maintenance, it is practically impossible, even to the present basis, to maintain the cost of tuition was increased and this step will not be counterbalanced by the fact that since the primary purpose of Mount Allison is to supply the means of acquiring a higher education particularly to those lacking great financial resources.

New York, Nov. 12.—District Attorney Swann planned today to question all the men mentioned by the Evening World yesterday, in its "solution" of the Wall street explosion here on Sept. 16, the motive of which was declared by a newspaper to have been revenge on the part of members of a house wreckers' union against a rival organization headed by Robert P. Brindell, a central figure in the "building trust" investigation now under way here.

The publication of the Evening World analysis of the tragedy that resulted in loss of life to thirty-nine persons and injury to several hundred others also brought to the fore theories of its origin today from the police and department of justice officials.
