WANT WOMAN ON CENSORS' BOARD

The St. John Local Council of Women met on Saturday afternoon in the King's Daughters' Guild and was addressed by Miss Helen Leah Reed, Mrs. E. A. Alderton Smith, the president, was in the chair and after the usual routine business several matters of importance were dealt with.

The local council was asked by the superintendent of the Victorian Order of Nurses, Mrs. Charlotte Hamilton, to arrange for special and public meetings for Miss Gibbs, who is at present traveling through Canada in the interests of the nursing service. There is a great scarcity of nurses today in Canada and Miss Gibbs on her tour is making a special appeal to young women now in High School and to nurses in training. The council was also asked by the National Council of the Women of Canada to furnish a report of the housing conditions for girls in St. John especially as regards boarding and rooming houses.

A resolution was passed that the council should again press the matter of the appointment of two women to the board of censors for moving pictures with the provincial government and further ask for the appointment of Mrs. Edmund Flewelling as assistant factory inspector. It was decided to secure information regarding the Anti-child Labor League with a view to establishing a branch of the league in this city.

A request was received from one of the federated societies that the council should procure a building suitable for the use of women's organizations and as this matter had been under discussion previously, and is one which is considered very favorably in the city, it was decided to hold at a very early date a special executive meeting to take up the matter.

A statement accounting for funds collected by Lady Aberdeen in United States, and contributing her from charges of using part of the money for her own expenses was read.

A resolution passed by the National Council at the session in Kingston asking that the women of Germany and her allies should be excluded from the meeting of the International Council was read.
