

GOOD THINGS COMING TO THEATRES OF ST. JOHN

JACK PICKFORD IS HIS SISTER'S RIVAL

In "Bill Apperson's Boy," At Imperial Monday, He Scores Tremendously

Jack Pickford, who is now out of work service, is the bright particular star in the first National photoplay of luxe "Bill Apperson's Boy," slated for the Imperial Monday. In this heart-tugging story (an adaptation of the magazine fiction "That Woman," meaning a step-mother) he rises to heights of human emotions and artistry that rival the best work of his famous sister, Mary. In Mark Twain's stories last year Jack Pickford made a great hit, in fact his boy impersonations have all been good, but in this important special feature he sets a new mark for himself. Of course the story is delightful to start with—a dear little yarn about a country boy who lost his mother and had a stepmother whom he refused to call mother. Then strained relations commence but the whole thing ends so sweetly and satisfactorily that tears will be wiped away, in spite of the effort to smile them back, Monday at the Imperial.

DRAMATIC SCENE IN COURT AT DORCHESTER

When Thomas Rumsey Met His Wife, Who Appeared in Court With Chinaman

A dramatic scene was enacted at the county jail, Dorchester, yesterday noon, when Thomas Rumsey of Montreal, husband of the companion of San Toi, both of whom will appear before the Westmorland county supreme court next week, charged with diamond robbery, appeared face to face with his wife who left him in Montreal a few years ago. Rumsey was discovered to be the husband of "Mrs. Toi" by Chief Hildebrand and came to Moncton a day or so ago to be present at the trial of his wife and the Chinaman with whom she was arrested at Sydney.

Faced by her husband, "Mrs. Toi" scornfully refused even as much as to recognize him and would not admit their relationship. Finally, however, the woman gave in to speak, wrathfully declaring that if Rumsey gave evidence she would have something to tell the court about him.

The son of Mr. and Mrs. Rumsey was also taken to Dorchester yesterday and allowed to see and speak to his mother for some time. The boy immediately recognized his father when he arrived here a few days ago. The latter will make arrangements for taking his son to Montreal.

Mr. and Mrs. Rumsey it is learned, came from the Old Country some years ago and settled in British Columbia, leaving there for Montreal, where they separated.

The forthcoming trial of San Toi and Mrs. Rumsey is attracting much interest. The case will likely be brought up early next week. The crown has in the interim secured some new evidence that is expected to have a new bearing on the case.

Mr. Rumsey has asked the Moncton police to notify his employer in Montreal, relative to his prolonged absence from his duties.

LEAVES 55 DESCENDANTS

Sackville Post—Mary Ann Maxwell, widow of Cook Maxwell, passed away on Wednesday, Oct. 22nd, after an illness of a few days, aged 85 years, nine months. Deceased was born in the Parish of Sackville in 1834 where she resided all her life. She is survived by one brother, David Patterson of Midgie, also nine children, six sons and three daughters. The sons are Melbourne of Australia, Clifford of Middleton, Conn.; Joe of Wakefield, Mass.; Charlie of New Britain, Conn.; Frank of Middleton, Conn. and Wilbur of Midgie. The daughters are Mrs. Florence Jackson of Meriden, Conn. and Mrs. Clarence Warner and Mrs. George Barrows, both of New Haven, Conn. There are also living thirty grand children and twelve great grand children.

NOW 825 STUDENTS

In the course of his address in Fawcett Memorial Hall Wednesday morning Dr. Borden stated that Mr. Allison this year has eight hundred and twenty-five students and added that the Academy had given New Brunswick four lieutenant-governors, two premiers, and many men who attained prominence.

Growth of Moncton

Twenty-four building permits were issued by Building Inspector Frank D. Hope for the month of October. Twelve of these were for new buildings, both single and double, the balance of the permits being for small buildings and repairs to others.

Two new families have arrived in the city within the past few days, one from Scotland and the other from Ireland. The Scottish family is named McKenzie and hails from Edinburgh. There are five all told in the family, three children. The Irish family is named Aldsworth. There are four or five members in the family. Mr. Aldsworth has purchased one of the new residences in the city and intends to abide here. Mr. McKenzie is an imperial soldier, who has immigrated here and is taking a vocational course in a local factory.

The Nepisiquit Dam (Fredericton Mail) A citizen of this city who has recently returned from Bathurst states that building preparations for the big dam to develop the water power of the Nepisiquit Falls are going on. Some twenty teams are hauling lumber for the work. Fifty men are at work laying rails from Nepisiquit Jct. to the Bathurst mines, and it is expected that this sixteen miles of railway will be relaid in about two weeks' time.

Removed to Fredericton Dr. J. A. Wade, district medical health officer for the western district of New Brunswick, has removed from St. Andrews and taken up his residence in Fredericton.

HOME FROM HOSPITAL

The many friends of John Hayman of 168 St. James' street will be pleased to hear he is home from the General Public Hospital, greatly improved after two months' illness.

ROYALTY INTERESTED IN WOODSTOCK OFFICER'S WORK

Lieut. E. T. Adney, who is at the Royal Military College of Canada, Kingston, and is engaged in making models for military purposes, has had the honor of showing and explaining his wonderful achievements in trench models to His Royal Highness the Prince of Wales and staff, upon the occasion of the inspection of the college and presentation of colors to the battalion of cadets by His Royal Highness on Oct. 25.

It is only a few weeks ago that Their Excellencies the Duke and Duchess of Devonshire and staff made a visit to the college for the purpose of seeing these trench models, and his excellency personally interested himself in seeing that the work of Lieutenant Adney would be properly recognized and continued. Lieutenant Adney is employed at the engineers' depot at St. John's, Quebec.

OFFER OF \$150,000 FOR MONCTON RACE TRACK

An offer of \$150,000 is reported to have been made to the city corporation for the race track property at Moncton. If the deal goes through it is said the Moncton track will have the same fate as many other racing plants all over the country and will be split up for building lots.

There is no assurance, however, that the city council of Moncton will favorably consider the sale of the property, but on the other hand, at least some of those interested in the retention of the racing plant are now working toward having a baseball diamond built in the centerfield and general improvements made which would make the place the amusement centre of the rapidly growing railway city.

The possible sale of the Moncton track property was not the reason for the non-attendance at the meeting of the Maritime Circuit here this week of P. A. Belliveau, a live wire manager of the Moncton track. He has been in Montreal and Toronto on a business trip, but, if he was at home, it is somewhat too early definitely to determine the status of the Moncton track as well as some others in which Mr. Belliveau is interested for another season.

Rev. A. B. Simpson

Rev. Albert B. Simpson, who died at his home in Nyack, N. Y., Oct. 29, raised hundreds of thousands of dollars through voluntary contributions at camp meetings held at Old Orchard for a number of years past by the Christian and Missionary Alliance. The meetings were attended by summer visitors from all parts of the country, as well as residents of Maine. Rev. Mr. Simpson was a native of Prince Edward Island.

THE WINTER FAIR

Amherst News—The Maritime Winter Fair, which has been off the boards since 1916, is returning with greater vigor than ever. The buildings were in the hands of the Militia Department during the war. They have been put in splendid shape by that department and the money paid by way of making good all wear and tear will enable the Fair Commission to add the necessary finishing touches.
